## MAYOR AND CITY COUNCIL STRATEGIC POLICY GOALS

Shortly after taking office in June 2005, the Mayor and City Council embarked on a strategic planning process to articulate and define its policy priorities for El Paso. Their vision and blueprint for this community is as follows:

### **Fiscal Policy**

To ensure long-term financial stability and sustainability of City government services.

### **Customer Service**

To become a high performing, customer-focused organization.

### **Citizen Involvement**

To facilitate opportunities for citizens to be involved in local government.

### **Transportation**

To become the lowest car dependent city in the Southwest.

### **Community Development**

To become the most livable city in the U.S. and be recognized as an international city.

### **Economic Development**

To become the city with the lowest unemployment rate and the highest per capita wages in the U.S.
