The City Council and Mayor Elect met pursuant to the following Call.

Mayors Office El Paso Texas.

By virtue of the authority in me vested I hereby convene you to assemble at the council room of this City, this Tuesday August 21st 1883 at 4 p.m. for the following purpose, to wit: for the Organization of the new City Council elected and qualified. Given under my hand and the seal of the City at Office at El Paso Texas this 21st August 1883.

Attest — Signed Joseph Magoffin

Signed S L Kahn, City Clerk El Paso. — Mayor

To the Hon. Aldermen [1883-1885].

of the City of El Paso Texas.

The above call having been read to the assembled councilmen, the Clerk proceeded to present the Oath of Office of the Hon Joseph Magoffin Mayor Elect for the ensuing two years John Dougher and J. P. Sieto Aldermen of the first Ward Chas Davis and Benj Schuster do. " " Second Ward O.P. Bassett and S. H. Buchanan do " " Third " Elected and qualified for the ensuing two years.

The Roll Call showed all of the above members present and they took their seats as members of this Council.

The City Clerk then announced a Message from his Honor the Mayor and proceeded to read the same, to wit:

To the Honorable Council of the City of El Paso

Gentlemen

You were chosen at the recent election as Councilmen along with me as Mayor for the ensuing two years to conduct and transact the business of this young and growing City.

The immediate as well as the prospective needs of the City was thoroughly discussed in that election. And I regard that my published policy is not only commended but endorsed.
The most important lesson taught by the election, in fact, is that the policy & platform which was enunciated by me to the people before the election should be faithfully carried out - at least until your Honorable Body should deem a modification wise & prudent.
First -
The immediate establishment and thorough equipment of a Pest-House, and the passage of Ordinances necessary for its conduct, control and management, particularly during the small Pox season which usually begins in the latter part of November, and that the moneys necessary to maintain & conduct the same be taken out of the General Fund.
Second -
That the question of issuing Bonds not to exceed $6000.00 for the erection of a Hospital be submitted to the people for their votes, as soon as practicable.
Third -
The transcendent importance of the equipment of the Fire Department suggests itself -
It is necessary for the protection of life and property and for the decreasing of the price of Insurance. These matters should at once command your serious & earnest attention. Insurance is too high & business men can be relieved by the early & thorough equipment of this Department.
Fourth -
I recommend a thorough System of drainage & Street improvement. Under the Charter there can be no Street improvement maintained except by voluntary contribution. At least this is at present my view of the Charter. It may be your duty to devise ways & means to accomplish this, if those immediately interested do not voluntarily come forward and petition you for such improvement

as the public interest may require.
In regard to Drainage, the Bonds voted last year are ready for signature & disposition and when sold will produce a fund which can be applied to drainage upon that ditch north of the Rail road, and at such other points and places in the City as you may deem best. I request action upon your part at an early day.

Fifth.

I regard sacred the pledge which I made before the election to do all & every thing within my power to maintain a System of public Schools that shall be second to none in the Country. I am only an Ex Officio Officer in the Board of School Trustees But I desire my administration to be characterized by an earnest moral and Cooperative support to our public Schools in which I ask your hearty Cooperation.

Finally.

I recommend the passage of an ordinance or Resolution providing for weekly meetings instead of bi-monthly meetings that the minutes be required to be made up signed and approved weekly. I am justified in this recommendation by the present condition of business and of the Records, and as business men you will see the importance of this recommendation.

Immediate steps should be taken by you to complete the Tax Rolls and place them in the hands of the Collector. This is important in many regards, and particularly as to the early establishment and maintainance of our Public Schools. It should be done at once.
I desire to foster all enterprises & particularly the erection of Reduction Works, the extention of Street Railroad wherever and whenever required by public interest, and the encouragement of Railroads to our City, in all of which

I request your hearty cooperation and support; fresh from the people imbued with the inspiration of Reform which was all pervading in the recent election I know that I do not appeal in vain I can do nothing without you, but with you I can do every-thing to advance the material interests of El Paso City.
The first business before the Council is the election of Officers provided for by ordinance. You will therefore proceed to elect one City Marshal & assistant Marshals, one City Clerk, a City Assessor & Collector, a City Treasurer &c.

Very Respectfully
(Signed) Joseph Magoffin
Mayor.

Moved & seconded that the message be received, filed & held for further consideration Carried

Moved & seconded that the Election of Officers be taken up first in the following rotation, to wit; Marshal - 1st asst Marshal, 2d asst. Marshal - City Clerk - City Attorney, Assessor & Collector, Treasurer - City Engineer, Health Officer - Street Commissioner & Policemen Carried.
