- VI. Public hearing to determine if the property located at 809 Myrtle Avenue, in the City of El Paso, is a dangerous structure and determine if the owners will be ordered to secure, repair, remove or demolish the property. The interested parties have been identified as, Haraan Investments Inc., and it has been notified of this hearing.

This item was moved to the forefront and was presented first.

Bill Stern, Deputy Building Official read the item into the record.

There was public comment from Mr. Joe Balsiger, legal representative for the law firm of Scott Hulse PC, representing Mr. Harry Garber, owner of 809-811 Myrtle Avenue. Mr. Balsiger advised that Mr. Garber did not receive notification of this public hearing until May 18<sup>th</sup>, 2010 and therefore, pursuant to the ordinance, the owner can request a hearing within 10 days. However, he advised that Mr. Garber has agreed to the staff recommendations and not request a hearing if given 90 days to demolish the property.

Board Member Ira Barbe asked why the owner was asking for 90 days instead of 30 days to demolish the property. Mr. Balsiger advised that at present they were seeking a contractor to take on the project which also includes preparing an asbestos report which would be required before the demolition could take place.

Board member Linda Vick asked what the condition of the property was at this time.

Bill Stern informed the board that this property was first investigated in April 2005, was condemned in 2011. A certified letter was mailed to the owner on March 5, 2012, and the notice for the hearing was mailed on May 10<sup>th</sup>, 2012.

Board member Gerardo Licon asked if this case was started in 2005 why was it being presented now in 2012. Mr. Stern advised that at that time the property was to be fixed up and secured. At the time of the condemnation proceedings, the Supreme Court lawsuit came up.

Board member Ira Barbe asked if the property was a danger to the public and if granting 90 days to demolish the property was too long a time to give to the property owner. Mr. Stern advised it was the commission's discretion on the decision they take and also that he would not oppose in granting the owner 90 days to demolish the property so long as it is done.

Board member Linda Vick inquired about the asbestos report being done within 30 days.

Assistant City Attorney Lesley Nicholes reminded the commission that the decision would have to be based on the facts presented and also reminded the board that the property owner was agreeing to the staff recommendations to demolish the structure.

Board member Jesse Sanchez asked if since 2005, other proposals reference this property have been made as seven years have passed and no action has been taken. Mr. Balsiger advised that Haraan Investments has not owned the property for 7 years and again advised that Mr. Garber was agreeing to demolish the property if given the time frame of 90 days.

Mr. Stern advised that the property taxes would have to be paid.

Assistant City Attorney Lesley Nicholes advised that the Environmental Services Department would not be bringing this case back to the commission and that there was an agreement by the owner for this property to be demolished within 90 days.

**Motion made by Barbe, seconded Ben Bohannon to accept staff recommendations, unanimously carried.**

The owners have been notified of the property maintenance violations at this property. To date there has been no corrective action taken, and therefore the Division recommends that it be found:

1. A continuance is granted.
2. The owner shall demolish and clear the Property of all trash, weeds and debris within ninety (90) days from the date of this order.
3. All work on the Property will be done in compliance with all applicable El Paso City Codes and state and federal regulations and statutes.
4. The City of El Paso Environmental Services will not bring the Property before the Commission earlier than 90 days from the date of this order.
5. If the City of El Paso Environmental Services brings the subjected property before the Commission again, the owner waives formal notice and notice will be considered satisfied when delivered to the Owner's legal representative of record, Joe Balsiger, Scotthulse, P.C., 1100 Chase Tower, El Paso, Texas 79901.
