South: R-4 (Residential) / Residential development
East: R-4 (Residential) / Residential development
West: R-4 (Residential) / Residential development

PLAN EL PASO DESIGNATION: G3, Post-War

APPLICATION DESCRIPTION

The applicant proposes to resubdivide .332 acres for two residential lots. Access to the subdivision is from Leo Street. The applicant has submitted an exception request to allow the proposed panhandle lot due to its unique parcel configuration. A Special Permit to allow a reduction in lot size has been approved for proposed Lot 2. The subdivision was reviewed under the current subdivision code.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the exception request as per Section 19.23.040 and **approval** of Sunrise Acres No. 1 Replat G on a Resubdivision Combination basis subject to the following comments.

Planning Division Recommendation:

Staff recommends **approval** of the exception request as per Section 19.23.040. below, and **approval** of Sunrise Acres No. 1 Replat G.

C. Flag or Panhandle Lots. Panhandle lots shall be discouraged in residential areas except when, due to unique parcel configuration it is the only way to develop the property, and it shall be considered an exception. It may be allowed as an alternative subdivision design in accordance with this title....The city plan commission must authorize an exception allowing the flag or panhandle lots in accordance with Chapter 19.48 at the time of preliminary plat approval. Such lots shall otherwise conform to the development standards for construction, and shall be based on the following design requirements.

Planning & Inspections Department - Land Development

We have reviewed subject plats and recommend **Approval**.
The Developer/Engineer shall address the following comments.

1. Correct drawing line types and thicknesses to properly distinguish between subdivision boundaries and lot lines.

Parks and Recreation Department

We have reviewed **Sunrise Acres No.1 Replat "G"**, a resubdivision combination plat map and on behalf of CID Parks Planning Division we offer Developer / Engineer the following comments:

Please note that this subdivision is composed of two (2) lots zoned "R-4" meeting the requirements for Two-family dwelling use therefore, "Park fees" will be assessed based on the following:

1. Applicant is proposing a Two-family dwelling use, therefore Applicant shall be required to pay "Park fees" in the amount of **\$5,480.00** calculated as follows:
2 (R-4) Two-family dwelling lots = 4 Dwellings @ \$1,370.00 / Dwelling = **\$5,480.00**

Please allocate generated funds under Park Zone: **NE-1**

Nearest Park(s): **Sunrise Park**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

El Paso Water Utilities

We have reviewed the subdivision described above and provide the following comments:

1. El Paso Water Utilities (EPWU) does not object to this request.

Water:

2. There is an existing 12-inch diameter water main that extends along Leo St., located approximately 32-feet west of the right of way. This main is available for service.
3. EPWU records indicate there are three active 3/4-inch domestic water service. The address for these services are 8420 Leo St, 8420A Leo St., and 8420B Leo St. Records

show two of the meter fronting the subject property. Since EPWU-PSB Rules and Regulations do not allow private service lines to extend thru other private property prior to connecting to an EPWU water main, two of the existing water meters will have to be designated to the subject property. New services will be necessary for Lot 1's existing dwellings.

Sewer:

4. There is an existing 8-inch diameter sanitary sewer main that extends along Leo St., approximately 12 feet west of the right of way center line. This main is available for service.
5. EPWU records indicate three sewer services serving the 8420 Leo St. Records show two of these services fronting the subject property. Two of the existing sanitary sewer service line may be designated to serve subject property. New services within Lot 1 limits, must be installed to serve Lot 1's existing dwellings.

General:

6. Each lot shall have a water and sewer connection fronting the limits of each lot. EPWU recommends that each unit have its own water and sewer service connection.
7. EPWU requires a new service application to provide additional services to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances

El Paso Electric Company

EPE requests that existing EPE easements be shown on the plat. In addition, EPE requests a 5' minimum easement along the south boundary to allow EPE access to the new lot.

Additional Requirements and General Comments:

1. Submit to the Planning & Inspections Department – Planning Division the following prior to recording of the subdivision.
 - a. Current certified tax certificate(s)
 - b. Current proof of ownership
 - c. Release of access document, if applicable
 - d. Set of restrictive covenants, if applicable
2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.
3. Is there an easement for the existing OHE? If so, provide recording information, and if not, easement must be provided and included in the dedication statement.
4. Provide date of preparation.
5. Provide contour lines on preliminary plat.
6. Provide “date” line for number 2 under Notes.
7. Provide recording information for existing EPE utility easement.
8. The following addresses have been assigned. Please include accordingly.
 - Lot 1: 8420 ½ Leo Street
 - Lot 2: 8420 Leo Street

Sunrise Acres No. 1 Replat "G" – Panhandle Lot Exception Request

Mr. Rodriguez

As per section 19.23.040.C of the subdivision code, I, Daniel Alderete Jr., member of MDA Investments L.L.C., owner of the proposed Sunrise Acres No. 1 Replat "G", respectfully request an exception for the proposed panhandle lot. Granting the waiver or exception will not be detrimental to public health, safety or welfare, or injurious to other land within the area and will not have the effect of preventing the orderly use and enjoyment of other land within the area in accordance with the provisions of this title, or adversely affect the rights of owners or residents of surrounding property.

I thank you all for your assistance.

Sincerely,

Daniel Alderete Jr.
