### **SURROUNDING ZONING AND LAND USE**

**North:** R-3 (Residential District) / Vacant  
**South:** C-4/sc (Commercial District, special contract) / Vacant  
**East:** R-3 (Residential District) / EPWU Pump Station  
**West:** R-3/sp (Residential District, special permit) / Single-Family Development

**PLAN EL PASO DESIGNATION:** G4, Suburban (Walkable)

### **APPLICATION DESCRIPTION**

The applicant is proposing to subdivide 0.862 acres for one commercial lot. Access to the subdivision is proposed from Physicians Drive. The subdivision was reviewed under the current subdivision code.

### **DEVELOPMENT COORDINATING COMMITTEE**

The Development Coordinating Committee recommends **denial** of Bella Vista Place on a Major Combination basis subject to the following comments.

**Planning Division Recommendation:**

Staff recommends **denial** of Bella Vista Place on a Major Combination basis based on the remaining comments that have not been addressed in order to meet the requirements for the Subdivision Code, including incorrect application and fees. Subdivision Improvement Plans have also not been submitted, nor have any waivers requests for ROW improvements been provided.

**Planning and Inspections Department - Land Development**

We have reviewed subject plats and recommend **Approval**.  
The Developer/Engineer shall address the following comments.

1. Provide direction of flow of all watercourses and location and type of any proposed storm water drainage facilities.
2. Clarify how the existing off-site runoff from the Northern rear properties will be addressed within or through the proposed subdivision.

**Parks and Recreation Department**

We have reviewed **Bella Vista Place**, a minor plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "R-3" and is composed of one (**1**) Single-family residential dwelling lots; this subdivision is required to comply with the parkland dedication ordinance Title 19 – Subdivision & Development Plats, **Chapter 19.20 - Parks & Open Space** in the form of "Park fees" based on requirements for Residential subdivisions.

Applicant shall be required to pay "Park fees" in the amount of **\$1,370.00** calculated as follows:

$$\underline{1} \text{ (R-3) Single-family dwelling lots @ } \$1,370.00 / \text{ dwelling} = \underline{\$1,370.00}$$

Please allocate generated funds under Park Zone: **E-6**

Nearest Park(s): **Marty Robbins** & **McCarthy**

**If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.**

**El Paso Water Utilities**

We have reviewed the subdivision described above and provide the following comments:

1. EPWU does not object to this request.
2. A sanitary sewer main extension is required.

**Water**

3. There is an existing 8-inch diameter water main extending along Physicians Dr., located approximately 7 feet north of the street centerline. A water main extension is required along Physicians Dr. to the southeast corner of the subdivision. All water and sanitary sewer main extension costs are the responsibility of the Owner/Developer.

4. Previous water pressure from fire hydrant #8431 located at the northwestern corner of the intersection of Physicians Dr. and Stone Canyon, has yield a static pressure of 115 (psi), a residual pressure of 110 (psi), and a discharge of 1,061 gallons per minute.
5. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

**Sanitary Sewer**

6. There is an existing 8-inch diameter sanitary sewer main extending along Physicians Dr., located approximately 6 feet south of the street centerline, and is 6 feet deep. A sanitary sewer main extension is required to provide service to the property. At this point EPWU does not know the connection point for the sanitary sewer main extension. All water and sanitary sewer main extension costs are the responsibility of the Owner/Developer.

**General:**

7. EPWU-PSB requires a new service application for water and sewer services. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading, drainage, and landscaping plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
