APPLICATION DESCRIPTION

The applicant proposes to subdivide approximately 27.85 acres of vacant land for 159 single-family residential lots ranging from 5,025 to 9,661 square feet. Primary access to the subdivision is proposed from Sun Fire Boulevard and Cherrington Street. This development lies within the Paseos Del Sol Land Study and is vested under the former subdivision code. A preliminary plat was approved by City Plan Commission on June 19, 2014 and the final plat conforms with the approved preliminary plat.

The applicant is requesting the following modification:

- To allow a 52-foot right-of-way with 32 feet of pavement and 5-foot sidewalks and 5-foot parkways. (This is consistent with the current code requirements).

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the modification and **approval** of Mesquite Trails Unit Eleven on a Major Final basis subject to the following comments.

Planning Division Recommendation:

Staff recommends **approval** of the modification and **approval** of Mesquite Trails Unit Eleven on a Major Final basis

Staff recommends approval based on following sections of code, specifically:

Section 19.04.170.A.3 (Modifications of conditions):

A.3. The subdivider has demonstrated an alternative method of development that will improve the aesthetic value of the subdivision while giving equal emphasis to safety, economy, tax yield, maintenance cost, response time, drainage dedication and improvement of parkland and open space amenities, and vehicular access and pedestrian passage.

Planning & Inspections Department - Land Development

We have reviewed subject plats and recommend **Approval**.

Parks and Recreation Department

We have reviewed **Mesquite Trails Unit Eleven**, a major final plat map and offer **no objections** to this development, only provide the following comments:

Please note that this subdivision is composed of **159** (R-3A) Single-family dwelling lots and does not include any parkland dedication with-in this plat, however, applicant previously dedicated and constructed an 11.10-acre Off-site Park (Burning Mesquite Park) as part of the Paseos Del Sol Land Study.

Based on the following calculations, this development meets the minimum "Parkland" requirements and applicant still has a credit balance of **0.05 acres** of "Parkland" or **5 dwelling units** that can be applied towards any subsequent subdivisions with-in the approved Paseos Del Sol Land Study.

Parkland calculations are as follows:

Parkland Credit Balance up to Mesquite Trails #9 (12/20/13) = 3.06 acres ...or 306 Dwelling Units

Mesquite Trails #10 = 142 Dwelling Units Requiring (-) 1.42 acres .. or (-) 142 Dwelling Units

Credits = 1.64 Acres ...or 164 Dwelling Units

Mesquite Trails #11 = 159 Dwelling Units Requiring (-) 1.59 acres .. or (-) 159 Dwelling Units

Remaining Credits = 0.05 Acres ...or 5 Dwelling Units

Nearest Parks within zone E-1: **Mesquite Trails Off-site (Burning Mesquite) & Paseo Del Sol**
