NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on January 27, 2016. Planning has not received any communications in support or opposition to the request.

CASE HISTORY

On October 23, 1956, City Council approved the rezoning request for the subject property to M-1 (Light Manufacturing) and imposed the following special contract conditions summarized below (see Attachment #4):

1. *No premises or building in said district shall be used for other than industrial, commercial and warehousing purposes, (existing code requirement).*
2. *None of said building sites designated on said map or plat may be used for any purpose or use which would constitute a nuisance or which would cause the omission of odors which are injurious or noxious to persons, (existing code requirement).*
3. *No building or structure shall ever be erected on said building sites which shall be nearer than 35 feet to the property line of the road now designated as F.M. 2233 (I-10) or nearer than 25 feet to the line of any other established access road or frontage road or any cross streets or nearer than 15 feet to the side line of any property, (not necessary).*
4. *No structures (including billboards) shall be erected within the areas required for front yard, side street yards without the approval of the City Council, (existing code requirement).*
5. *No billboard or advertising signs other than those identifying the name, business, and products of the person or firm occupying the premises shall be permitted on any building, see attachment #4, (not necessary).*
6. *No accessory building use shall be construed to permit the keeping of articles, goods, or materials in the open or exposed to public view on the front one-third of the parcel, see attachment #4, (existing code requirement).*
7. *Off-street parking facilities on the premises in back of the front yard line shall be provided on each building site to provide adequate space for customers, employees and tenants of the business on said sites, (existing code requirement).*
8. *No loading docks will be permitted to front on the highway now known as F.M. 2233 (I-10), see attachment #4, (not necessary).*
9. *No plant of any nature shall create noise in excess of the limits in the following table, see attachment #4, (existing code requirement).*
10. *No plant shall permit emission of smoke from any source whatever during normal operation of a density greater than that density described as No. 1 on the Ringlemann Chart, see attachment #4, (existing code requirement).*
11. *No plant shall employ any process that will emit any dirt, dust, sprays, or mists into air that will be transmitted beyond their property lines during normal operations, (existing code requirement).*
12. *Incandescent lights shall be so located and shielded that no incandescent light source will be directly visible from the right of way of F.M. 2233 (I-10), see attachment #4, (not necessary).*
13. *No plant shall emit any toxic or corrosive gas under any condition, (existing code requirement).*
14. *All welding and heating operation normal to any plant shall be screened from the view of adjacent properties or roadways, (existing code requirement).*
15. *All sites shall be landscaped and maintained by the planting of grass in the front set back area, see attachment #4 (existing code requirement).*
16. *Development of all parcels shall conform to the requirements of the Comprehensive Zoning Ordinance of the City of El Paso, (existing code requirement).*

APPLICATION DESCRIPTION

The applicant is requesting to release all conditions imposed on the property by special contract, dated October 23, 1956, (see Attachment #4). The conditions imposed by the rezoning special contract are either current code requirements, are no longer applicable, or have been satisfied. The proposed use shall comply with the all El Paso City Code requirement prior to the issuance of a certificate of occupancy.

Planning and Inspections Department – Planning Division Recommendation

The Planning Division recommends **approval** of the condition release request as the conditions are either current code requirements, are no longer necessary or have been satisfied.

Applicant is required to address the following issues noted during review:

- Encroachment into ROW shall require removal or approval of special privilege by the City. Application is currently in process.
- Legally non-conforming setbacks must be registered with Planning & Inspections.

Plan El Paso-Future Land Use Map Designation

All applications for a condition release shall demonstrate compliance with the following criteria:

G-7 Industrial and/or Railyards: This sector applies to industrial parks, large free-standing industrial uses, refineries, non-military airfields, trucking terminals, and mines, all on large tracts in areas dominated by vehicles. This sector is essential to El Paso's economy; however, when an industrial use becomes obsolete, there can be potential for mixed-use redevelopment of the site. This sector also includes the existing rail yards which could be redeveloped as mixed-use communities if the rail yards were moved out of town.

The purpose of the M-1(LightManufacturing) is to provide locations for light-intensity industries involving manufacturing, assembling, distribution and warehousing. It is intended that the districts will serve the entire city and will permit supporting commercial uses. The regulations of the districts are intended to preserve a light industrial nature particularly with regard to noise, smoke, odors, dust, vibrations and other noxious conditions.

COMMENTS:

Planning Division - Transportation

TIA is not required.

Note:

All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) located within public rights-of-way shall follow the City of El Paso Design Standards for Construction and be ADA/TAS compliant.

Planning and Inspections Department - Land Development

We have reviewed subject plans and recommend that the applicant addresses the following comments:

1. No objections to conditional release for new addition to building.

Planning and Inspections Department – Plan Review

No objections to proposed condition release.

Planning and Inspections Department - Landscaping

Applicant has elected the buy-out option for landscape.

El Paso Fire Department

Recommend approval.

El Paso Water Utilities

1. EPWU Planning & Development Section does not object to this request.

Water:

2. There is an existing 8-inch diameter water main located along the north side of Industrial Avenue, approximately 20 feet south of and parallel to the northern right-of-way line of Industrial Avenue. This

water main is available for service.

3. There is an existing 8-inch diameter water main located along the east side of Hawkins Boulevard, approximately 25 feet west of and parallel to the eastern right-of-way line of Hawkins Boulevard. This water main is available for service.
4. EPWU records indicate an active ¾-inch water meter serving the subject property. The service address for these meter is 1031 Hawkins Boulevard.

Sanitary Sewer:

5. There is an existing 8-inch diameter sanitary sewer main located along the south side of Industrial Avenue, approximately 25 feet north of and parallel to the southern right-of-way line of Industrial Avenue. This sanitary sewer main is available for service.
6. There is an existing 12-inch diameter sanitary sewer main located along the west side of Hawkins Boulevard, approximately 35 feet east of and parallel to the western right-of-way line of Hawkins Boulevard. This sanitary sewer main is available for service.

General:

7. EPWU-PSB requires a new service application for additional service to the property. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading & drainage plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

El Paso Water Utilities - Stormwater Division

No objections.

Sun Metro

Sun Metro does not oppose this request.

TXDOT

No objections

Pat DeWitt
Harry O. Rearick

*Draft of a contract containing
East Side Industrial District
(1st Section)*

CONTRACT

This contract made this 23rd day of October 1956, by and between Pat DeWitt and Harry O. Rearick, copartners doing business as DeWitt & Rearick, hereinafter called First Parties, and the City of El Paso, hereinafter called Second Party, witnesseth:

First Parties have applied to Second Party for the approval of a subdivision map or plat styled the East Side Industrial District, as per copy of said map and plat attached hereto and made a part hereof, and whereas the Planning Commission of the City of El Paso has raised some objection to the use of said property because of its location and to remove objections to the same First Parties have consented if the property is rezoned as requested and the plat approved, to place the hereinafter described restrictions therein:

(1) No premises or building in said district shall be used for other than industrial, commercial and warehousing purposes.

(2) None of said building sites designated on said map or plat may be used for any purpose or use which would constitute a nuisance or which would cause the emission of odors which are injurious or noxious to persons.

(3) No building or structure shall ever be erected on said building sites which shall be nearer than 35 feet to the property line of the road now designated as F.M. 2233 or nearer than 25 feet to the line of any other established access road or frontage road or any cross streets or nearer than 15 feet to the side line of any property.

(4) No structures (including billboards) shall be erected within the areas required for ^{of a side} front yard, side street yards without the approval of the City Council.

(5) No billboard or advertising signs other than those identifying the name, business, and products of the person or firm occupying the premises shall be permitted on any building. No billboard or identifying sign shall be erected to a height greater than five feet higher than the main building on the same site. A sign not to exceed 10' x 20' in size offering the premises for sale or lease may be erected.

(6) Nonnecessary building^{use} shall be construed to permit the keeping of articles, goods, or materials in the open or exposed to public view on the front one-third of the parcel. When necessary to store or keep such materials in the open, the lot or area shall be limited to the rear two-thirds of the property and this area shall be screened by a masonry fence six feet in height measured from the grade of the ground on the high side.

Building sites in the East Side Industrial District shall not be used for any of the following businesses:

The manufacture of paper.
Storage in bulk of junk or secondhand material.
Public blacksmith.
Public horseshoeing.
Public wagon shop.
Public veterinary hospital.
Public stable.
Dairy.
Iron foundry.
Butane or propane.
Automobile wrecking.
Operation of amine or a quarry]

or for the manufacture, storage or distribution of explosives including:

*check all
filling!*

Acetylides.
Azides.
Chlorates.
Dynamite.
Blasting gelatin.
Fulminates. (FULMINATES)
Anhydrous hydrazine.
Ammonium nitrate.
Dinitroresorcinol.
Dinitrotoiuene.
Guanidine nitrate.
Guncutton (Cellulose, Nitrate or Pyroxylin).
Hexamine.
Nitroglycerine. - 1
Petrn.
Picotic Acid.
Tetryl.
Cylonite or Hexogen.
Dinui.
Petryl.
TNT
Perchlorates (when mixed with carbonaceous materials)
Black powder.
Greek fire.
Fireworks.
Permanganates.
Peroxides.

(7) Off-street parking facilities on the premises (in back of the front yard line) shall be provided on each building site to provide adequate space for customers, employees and tenants of the business on said sites.

(3) No loading docks will be permitted to front on the highway now known as F.M. 2233 and provisions for the handling of freight by rail or otherwise shall be provided on the sides of building which do not face a frontage street and all other loading docks shall be located at least 75 feet from the front property line of the site.

(9) No plant of any nature shall create noise in excess of the limits in the following table:

Maximum Sound Pressure Level in Decibels 0.0002 dynes per sq. Centimeter.

<u>Octave Band in Cycles per Second</u>	<u>Resident¹ Dist. Boundaries</u>	<u>Industrial Dist. Boundaries</u>
0-75	72	79
75-150	63	74
150-300	55	66
300-600	49	59
600-1200	44	53
1200-2400	39	47
2400-4800	34	41
above 4800	32	39

Objectionable noises, due to intermittence, beat frequency or shrillness shall be muffled so as not to become a nuisance to properties in or outside the District.

Sound levels shall be measured with a sound level meter and associated octave band filter manufactured according to standards prescribed by the American Standards Association. Measurements are to be taken at the property lines of the site.

(10) No plant shall permit emission of smoke from any source whatever during normal operation of a density greater than that density described as No. 1 on the Ringlemann Chart.

For the purpose of grading the density of smoke, the Ringlemann Chart, as published and used by the United States Bureau of Mines which is hereby made a part of these restrictions shall be the standards.

(11) No plant shall employ any process that will emit any dirt, dust, sprays, or mists into the air that will be transmitted beyond their property lines during normal operations.

(12) Incandescent lights shall be so located and shielded that no incandescent light source will be directly visible from the right of way of F.M. 2233. Direct or reflected light in a horizontal plane at a height of 6' at the right of way line of F.M. 2233 shall not exceed an intensity of 20 footcandles.

(13) No plant shall emit any toxic or corrosive gas under any condition.

(14) All welding and heating operations normal to any plant shall be screened from ^{the} view of adjacent properties or roadways. No operation shall be carried on that would produce heat ² which the operation is located as measured in a horizontal plane to a distance of 24 feet above the ground level of the site. *condition*

(15) All sites shall be landscaped and maintained by the planting of grass in the front set back area, ~~and~~ the planting of evergreen shrubs on an average of every twenty feet of building width shall be required.

(16) Development of all parcels shall conform to the requirements of the Comprehensive Zoning Ordinance of the City of El Paso.

The above agreement by First Parties shall constitute covenants running with the land and easements and servitudes thereon and be binding on First Parties and their successors in title and may be enforced by Second Party by injunction or any other remedy.

The City Council of the City of El Paso may release the above restrictions or any one or number of them in whole or in relation to any particular site, without the consent of any third person who may be benefitted thereby.

site, without the consent of any third person who may be benefitted thereby.
