Mesa Hills Neighborhood Association
Coronado Neighborhood Association

NEIGHBORHOOD INPUT

Detailed Site Development Plan Review does not require public notification as per Section 20.04.520, *Notice* of the El Paso City Code.

CASE HISTORY

On March 29, 1983, City Council approved Ordinance No. 7718, rezoning the subject property imposed conditions through Special Contract No.82825, corrected in Special Contract No. 33164 as follows:

- 1. No building permits shall be issued for construction until a detailed site development plan has been approved by the Commission and City Council for the parcels for which the permits are being requested.*
- 2. No building permits shall be issued for construction until a subdivision plat is approved and filed of record for the parcels for which the permits are being requested.*

3. *If Parcel 3 (A-0) is developed for offices, access to Cabaret Drive shall be prohibited.*

4. *The pedestrian path located in A.F. Miller Survey #215 (Tracts 4Kl and 4E) will be rerouted as shown on the map identified as Exhibit "A", attached hereto and made a part here of by reference. Except for that portion of the path in the right-of-way of Mesa Hills Drive, which has already been improved with sidewalk or street paving, the path shall be 5 feet wide, have a subgrade to be compacted to 90% of maximum dry density, have a base of crushed stone 4 inches thick and be paved with 13 inches of Hot Mix Asphaltic Concrete (H.M.A.C.). The drainage pipe, which comes under Quail Hollow Shopping Center and into Tract 215 - 4Kl from the northeast, shall be extended under the path so as to prevent said path from flooding during period of rain. A permanent six-foot high rock wall shall be constructed adjacent to the path and its common north / south boundary with Quail Hollow Shopping Center in Tract 4Kl, A.F. Miller Survey #215. The improvements in this paragraph 4 shall be completed prior to the issuance of a grading permit for the construction of Mesa Hills Drive.*

5. *A permanent six-foot high chain link fence will be installed as per Exhibit "A". To the extent that said permanent fence has not been installed prior to the issuance of a grading permit for the construction of Mesa Hills Drive, a temporary six-foot high chain link fence shall be substituted therefor and used during construction only. Said temporary fence shall be located in the south side of the right-of-way for Mesa Hills Drive, provided, however, that as an alternative it can be located on El Paso Independent School Property, if with their permission, as shown on Exhibit "A".*

6. *No building of any kind shall be permitted in the area described by metes and bounds in the attached Exhibit "B" which is made a part hereof by reference.*

7. *Before the City Council shall amend this contract, notice of such proposed change shall be mailed to the parent-teacher organization or association for Lyndon B. Johnson Elementary School and Morehead Intermediate School, in care of their respective school principals.*

The present detailed site development plan review has been submitted to fulfill Condition #1.

APPLICATION DESCRIPTION

The detailed site development plan shows one proposed office building totaling 18,083 sq. ft. on a currently vacant 2.110 acre parcel. The proposed use is a medical office. The development requires 74 parking spaces and the applicant proposes 85 parking spaces, including 4 ADA accessible parking spaces and 6 bicycle parking spaces. Access to the subject property is proposed from Mesa Hills Drive and Suncrest Drive.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of the detailed site development plan request as it meets all the requirements of Section 20.04.150, Detailed Site Development Plan.

ANALYSIS

20.04.140 When required.

Except as stated herein, a detailed site development plan is required prior to development in a special purpose district or with a special permit application and may be required if a zoning condition exists on a particular piece of property. Detailed site development plans are not required for any projects for development in the Mixed Use District (RMU, GMU and IMU) or for any other projects other than those located in special purpose districts or as otherwise required herein.

A detailed site development plan review is required due to a condition imposed on the subject property. Special Contract No.82825, corrected in Special Contract No. 33164, that a detailed site development plan be approved by the City Plan Commission and City Council.

20.04.150 Procedure.

- D. City plan commission approval. Pursuant to this Code, the city plan commission, in addition to the powers and duties identified in this chapter, shall have final authority on approval of all other detailed site development plans, unless a zoning condition, contract provision, other city code provision or state law require the detailed site development plan to be approved by city council.
1. The planning division shall make its recommendations to the city plan commission within thirty days after a complete application is submitted.
 2. The city plan commission shall hold a public hearing at its regular meeting that is within thirty days from receipt of department recommendations.
 3. The commission shall consider the following information when approving a proposed detailed site development plan: the boundaries of the tract proposed for development; location and arrangement of structures; determine if the use conforms to applicable zoning regulations, determine if historic landmark commission approval has been granted for architectural design of all structures if located in a historic district and the design conforms to such approval; location of utility rights-of-way and easements and stormwater drainage; vehicular and pedestrian ways; on-site parking areas; location of open spaces and landscape planted areas.
 4. In no instance shall the city plan commission have authority to vary the yard standards applicable to the district.
 5. The city plan commission shall approve the plan if it complies with all applicable code provisions.

Planning Staff has reviewed the detailed site development plan and recommends approval as it meets all of the requirements.

Plan El Paso- Future Land Use Map Designation

All applications for detailed site plan review shall demonstrate compliance with the following criteria:

G-4 – Suburban (Walkable): This sector applies to modern single use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

The purpose of the C-1 (Community Commercial) district is to provide compatible neighborhood convenience goods and services that serve day-to-day needs. It also permits locations for business and professional offices and retail category uses within adjacent residential areas of medium and high densities.

COMMENTS:

Planning and Inspections Department - Planning Division – Transportation

No objections.

TXDOT

No comments received. Mesa Hills Dr. and Suncrest Dr. are not TXDOT rights-of-way.

EPDOT:

No TIA required.

Planning and Inspections Department – Plan Review

No objection proposed DSP. At the time of submittal for building permit the project will need to comply with all applicable provisions of the IBC, TAS and local municipal code.

Planning and Inspections Department - Land Development

1. Show proposed runoff direction for future developments to the east.
2. Provide and secure a private drainage easement to allow unobstructed runoff from the eastern lots

through subject lot as per approved Mesa Hills West master drainage plans, prior to issuance of building permits.

3. Approval of the site plans by CPC constitutes a determination that the applicant is in compliance with the minimum provisions. Applicant is responsible for the adequacy of such plans, insuring that stormwater is in compliance with ordinances, codes, DSC, and DDM. Failure to comply, may require the applicant to seek re-approval of the site plans from CPC.

Planning and Inspections Department - Landscape

No objection proposed DSP. At the time of submittal for building permit the project will need to comply with all applicable provisions of the IBC, TAS and local municipal code.

Fire Department

Recommend Approval.

El Paso Water Utilities

EPWU-PSB Planning & Development Section does not object to this request.

Water:

1. There is an existing 8-inch diameter water main located along the east side of Suncrest Drive, approximately 21 feet west of and parallel to the eastern right-of-way line of Suncrest Drive. This water main is available for service.
2. There is an existing 12-inch diameter water main located along the northwest side of Mesa Hills Drive, approximately 30 feet southeast of and parallel to the northwestern right-of-way line of Mesa Hills Drive. This water main is available for service.
3. Previous water pressure readings from fire hydrant #6035 located approximately 5-ft southeast of Mesa Hills Drive has yielded a static pressure of 95 (psi), a residual pressure of 90 (psi), and a discharge of 1,872 gallons per minute.
4. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

Sanitary Sewer:

1. There is an existing 8-inch diameter sanitary sewer main located along the west side of Suncrest Drive, approximately 30 feet east of and parallel to the western right-of-way line of Suncrest Drive. This sanitary sewer main is available for service.
2. There is an existing 12-inch diameter sanitary sewer main located along the southeast side of Mesa Hills Drive, approximately 40 feet northwest of and parallel to the southeastern right-of-way line of Mesa Hills Drive. This sanitary sewer main is available for service.

Reclaim Water:

1. There is an existing 12-inch diameter reclaimed water main located along the southeast side of Mesa Hills Drive, approximately 23 feet northwest of and parallel to the southeastern right-of-way line of Mesa Hills Drive. This reclaimed water main is not available for service.

General:

1. There is an existing 20-foot EPWU-PSB drainage easement located along the west side of the subject property. No building, reservoir, structure, parking stalls or other improvement, other than asphaltic paving (HMAC), shall be constructed or maintained on the above reference EPWU-PSB easements without the written consent of EPWU-PSB. The Developer shall refrain from

constructing rock walls, buildings, signs, curbs or any structure that will interfere with the access to the EPWU-PSB easements. There shall be at least 5-foot setback from the easement line to any sign or structure.

2. EPWU-PSB requires a new service application for service to the property. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading & drainage plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

El Paso Water Utilities-Stormwater Division

The site plan shows the installation of a private storm sewer system connecting to a storm drain structure that runs through this property which empties into the Mesa Hills Channel in the back. EWPU does not object to this, but recommends using principles of low impact development (such as recessed landscaping, rainwater harvesting, and porous pavements) to reduce the amount of developed stormwater runoff.

Sun Metro

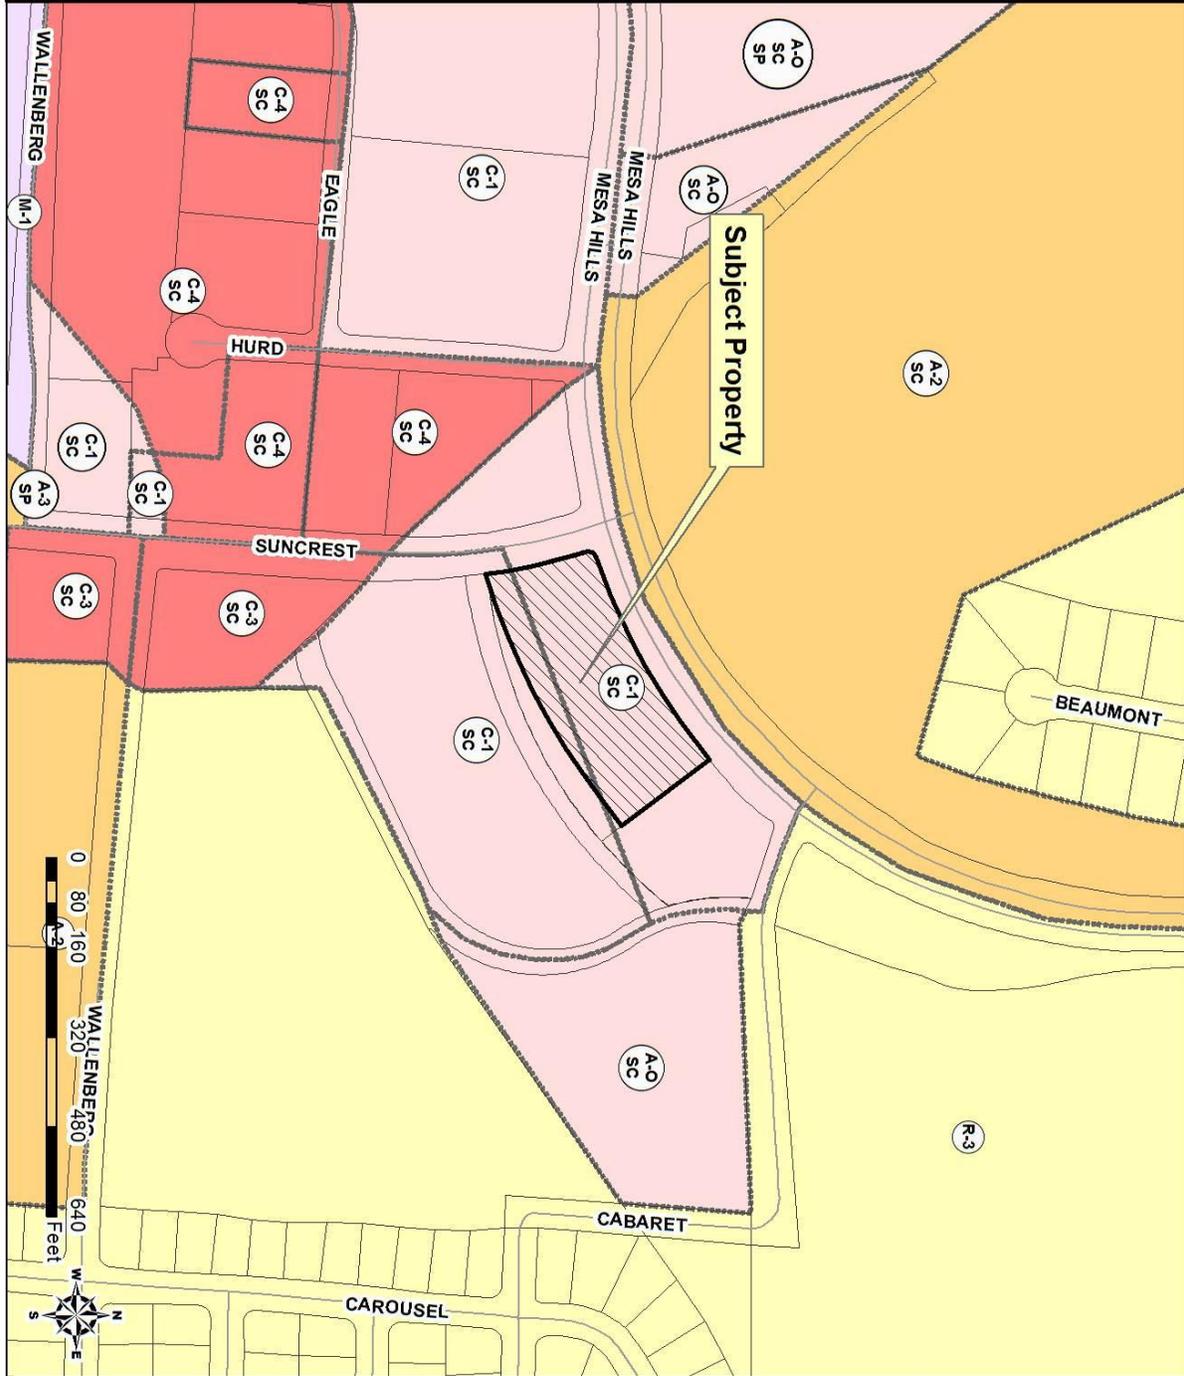

Agree with revised site plan to accommodate bus stop.

DEPARTMENT OF PLANNING

Contract dated 3/17/83

ATTACHMENT 6: SPECIAL CONTRACT NO. 82825

82825

CONTRACT

THIS CONTRACT, made this 1st day of March, 1983, by and between DERRICK & SCHAEFER, INC., First Party, and the CITY OF EL PASO, Second Party, witnesseth:

Application has been made to the City of El Paso for rezoning portion of Tract 34A, A.F. Miller Survey #214 and Tract 4A, A.F. Miller Survey #215, City and County of El Paso, Texas which are more particularly described by metes and bounds as Parcels 1, 2 and 3 in the attached exhibits which are made a part hereof by reference. To remove certain objections to such rezoning, First Party covenants that if the property is respectively rezoned to A-2 (Apartment), C-1 (Commercial) and A-O (Apartment-Office) Districts within the meaning of the zoning ordinance of the City of El Paso, it shall be subject to the following restrictions, conditions and covenants:

1. No building permits shall be issued for construction until a detailed site development plan has been approved by the Commission and City Council for the parcels for which the permits are being requested.
2. No building permits shall be issued for construction until a subdivision plat is approved and filed of record for the parcels for which the permits are being requested.
3. If Parcel 3 (A-0) is developed for offices, access to Cabaret Drive shall be prohibited.
4. The pedestrian path located in A.F. Miller Survey #215 (Tracts 4K1 and 4E) will be rerouted as shown on the map identified as Exhibit "A", attached hereto and made a part hereof by reference. Except for that portion of the path in the right-of-way of Mesa Hills Drive, which has already been improved with sidewalk or street paving, the path shall be 5 feet wide, have a subgrade to be compacted to 90% of maximum dry density, have a base of crushed stone 4 inches thick and be paved with 1½ inches of Hot Mix Asphaltic Concrete (H.M.A.C.). The drainage pipe, which comes under Quail Hollow Shopping Center and into Tract 215 - 4K1 from the northeast, shall be extended under the path so as to prevent said path from flooding during period of rain. A permanent six-foot high rock wall shall be constructed adjacent to the path and its common north/south boundary with Quail Hollow Shopping Center in Tract 4K1, A.F. Miller Survey #215. The improvements in this paragraph 4 shall be completed prior to the issuance of a grading permit for the construction of Mesa Hills Drive.
5. A permanent six-foot high chain link fence will be

1339-0463

installed as per Exhibit "A". To the extent that said permanent fence has not been installed prior to the issuance of a grading permit for the construction of Mesa Hills Drive, a temporary six-foot high chain link fence shall be substituted therefor and used during construction only. Said temporary fence shall be located in the south side of the right-of-way for Mesa Hills Drive, provided, however, that as an alternative it can be located on El Paso Independent School Property, if with their permission, as shown on Exhibit "A".

6. No building of any kind shall be permitted in the area described by metes and bounds in the attached Exhibit "B" which is made a part hereof by reference.
7. Before the City Council shall amend this contract, notice of such proposed change shall be mailed to the parent-teacher organization or association for Lyndon B. Johnson Elementary School and Morehead Intermediate School, in care of their respective school principals.

This agreement is a restriction, condition and covenant running with the land and a charge and servitude thereon, and shall bind First Party and its successors in title. Any future conveyance of the land shall contain this restriction, condition and covenant and shall embody this agreement by express reference.

The City may enforce this agreement by injunction or any other legal or equitable remedy. The City Council of the City of El Paso may release the above restrictions, conditions and covenants in its discretion without the consent of any third person who may be benefited thereby.

WITNESS THE FOLLOWING SIGNATURES AND SEALS.

CORRECTION CONTRACT

THIS CORRECTION CONTRACT, made this 25th day of September, 1985, by and between DERRICK & SCHAEFER INCORPORATED, First Party, and the CITY OF EL PASO, Second Party, witnesseth:

Application has been made to the City of El Paso for rezoning portion of Tract 34A, A.F. Miller Survey #214 and Tract 4A, A.F. Miller Survey #215, City and County of El Paso, Texas which are more particularly described by metes and bounds as Parcels 1, 2 and 3 in the attached exhibits which are made a part hereof by reference. To remove certain objections to such rezoning, First Party covenants that if the property is respectively rezoned to A-2 (Apartment), C-1 (Commercial) and A-0 (Apartment-Office) Districts within the meaning of the zoning ordinance of the City of El Paso, it shall be subject to the following restrictions, conditions and covenants:

1. No building permits shall be issued for construction until a detailed site development plan has been approved by the Commission and City Council for the parcels for which the permits are being requested.

2. No building permits shall be issued for construction until a subdivision plat is approved and filed of record for the parcels for which the permits are being requested.

3. If Parcel 3 (A-0) is developed for offices, access to Cabaret Drive shall be prohibited.

4. The pedestrian path located in A.F. Miller Survey #215 (Tracts 4K1 and 4E) will be rerouted as shown on the map identified as Exhibit "A", attached hereto and made a part hereof by reference. Except for that portion of the path in the right-of-way of Mesa Hills Drive, which has already been improved with sidewalk or street paving, the path shall be 5 feet wide, have a subgrade to be compacted to 90% of maximum dry density, have a base of crushed stone 4 inches thick and be paved with 1 1/2 inches of Hot Mix Asphaltic Concrete (H.M.A.C.). The drainage pipe, which comes under Quail Hollow Shopping Center and into Tract 215 - 4K1 from the northeast, shall be extended under the path so as to prevent said path from flooding during period of rain. A permanent six-foot high rock wall shall be constructed adjacent to the path and its common north/south boundary with Quail Hollow Shopping Center in Tract 4K1, A.F. Miller Survey #215. The improvements in this paragraph 4 shall be completed prior to the issuance of a grading permit for the construction of Mesa Hills Drive.

1598-0787

5. A permanent six-foot high chain link fence will be installed as per Exhibit "A". To the extent that said permanent fence has not been installed prior to the issuance of a grading permit for the construction of Mesa Hills Drive, a temporary six-foot high chain link fence shall be substituted therefor and used during construction only. Said temporary fence shall be located in the south side of the right-of-way for Mesa Hills Drive, provided, however, that as an alternative it can be located on El Paso Independent School Property, if with their permission, as shown on Exhibit "A".

6. No building of any kind shall be permitted in the area described by metes and bounds in the attached Exhibit "B" as depicted on Exhibit "B(1)" which are made a part hereof by reference.

7. Before the City Council shall amend this contract, notice of such proposed change shall be mailed to the parent-teacher organization or association for Lyndon B. Johnson Elementary School and Morehead Intermediate School, in care of their respective school principals.

This agreement is a restriction, condition and covenant running with the land and a charge and servitude thereon, and shall bind First Party and its successors in title. Any future conveyance of the land shall contain this restriction, condition and covenant and shall embody this agreement by express reference.

The City may enforce this agreement by injunction or any other legal or equitable remedy. The City Council of the City of El Paso may release the above restrictions, conditions and covenants in its discretion without the consent of any third person who may be benefited thereby.

This Correction Contract is executed and filed of record in the Deed Records of El Paso County, Texas, attaching Exhibits "A" and "B" which were erroneously not attached to that certain Contract dated March 17, 1983, between First Party and Second Party, recorded in Volume 1339, Page 463, County Clerk's Records, El Paso County, Texas, and to supplement the same by attaching Exhibit "B(1)" depicting the real property described on Exhibit "B".
