

## *City of El Paso – City Plan Commission Staff Report*

**Case No:** PZCR13-00005 (Related to PZRZ13-00012 and PZDS13-00022)  
**Application Type:** Zoning Condition Release  
**CPC Hearing Date:** February 13, 2014  
**Staff Planner:** Andrew Salloum, 915-212-1613, [salloumam@elpasotexas.gov](mailto:salloumam@elpasotexas.gov)

**Location:** North of Medano Drive and East of Desert North Boulevard  
**Legal Description:** Lots 3 and 4, Block 2, Medano Height Subdivision, Replat "A", City of El Paso, El Paso County, Texas

**Acreage:** 12.202 acres  
**Rep District:** 1  
**Zoning:** R-5/c (Residential/conditions)  
**Existing Use:** Vacant  
**Request:** Release condition No. 5 in Zoning Condition Ordinance No. 014596, dated August 22, 2000  
**Proposed Use:** Apartment Complex

**Property Owner:** The Housing Authority of the City of El Paso  
**Representative:** SLI Engineering, Inc.

### **SURROUNDING ZONING AND LAND USE**

**North:** R-3 (Residential) / Vacant  
**South:** C-3/sc (Commercial/special contract) / retail; R-3 (Residential) / Single-family dwelling  
**East:** R-3 (Residential) / Single-family dwelling  
**West:** C-3/c (Commercial/condition) / restaurant, retail, and vacant

**PLAN EL PASO DESIGNATION:** G-4, Suburban (Walkable)

**NEAREST PARK:** Three Hills Park (4,985 feet)

**NEAREST SCHOOL:** Hut Brown Middle (5,268 feet)

### **NEIGHBORHOOD ASSOCIATIONS**

Upper Valley Improvement Association  
Upper Mesa Hills Neighborhood Association  
Coronado Neighborhood Association  
Upper Valley Neighborhood Association  
Save the Valley

### **NEIGHBORHOOD INPUT**

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on January 29, 2014. The Planning Division received 6 phone calls in opposition to the rezoning request, indicating that they are opposed to the building of an apartment complex, increased traffic, and concerns over property value.

### **CASE HISTORY**

On August 22, 2000, City Council approved the rezoning request for the subject property from R-3 (Residential) to C-3/c (Commercial/conditions) and imposed a condition by Ordinance No. 014596 (see Attachment #5) as follows:

1. *Submittal of a detailed site development plan for approval by the City Plan Commission and City Council prior to the issuance of a building permit or certificate of occupancy,*

2. *Construction of an eight-foot high masonry screening wall along the easterly property line shall be required prior to the issuance of certificates of occupancy; the vertical surface of the screening wall, above six feet, must not be less than 75% open,*
3. *A minimum of twenty-foot building setback along the easterly property line shall be required prior to the issuance of a building permit or certificate of occupancy,*
4. *Landscaping within the entire length and width of a minimum ten-foot wide buffer strip along the easterly property line shall be required prior to the issuance of certificates of occupancy and shall be in addition to landscaping required per El Paso City Code. The landscaping shall be included within the required twenty-foot building setback along easterly property line,*
5. *The maximum height of any building or structure within the subject property shall not exceed one story.*
6. *Access from Tuscarora Avenue shall be prohibited.*
7. *Construction of a six-foot high masonry screening wall along the southerly property line along that portion of Medano Drive immediately to the north of the R-3 (Residential) zoned portion of Three Hills Addition, shall be required prior to the issuance of certificate.*
8. *The use of the subject property for: Automobile, light truck, bus, motorcycle and boat, sales, storage, rental and service, billiard halls, bowling alleys, amusement game complex or park, garages, parking or community, parking lot, miniature golf courses, private club, lodge or meeting hall, transportation terminal, theaters, trailer, mobile home, travel trailer and recreational vehicle sales, display and repair, skating rink, outdoor flea market, dance hall heliport, helistop or airpad, massage parlor, or bar, taven or cocktail lounge shall be prohibited. Provided, however, that the sale of alcoholic beverages shall be permitted within the subject property in conjunction with the operation of restaurant, or retail sales for off-premise consumption.*

On July 11, 2006, City Council approved the rezoning request for the subject property from C-3/c (Commercial/conditions) to R-5/c (Residential/conditions). The conditions originally imposed by Ordinance No. 014596, dated August 22, 2000 remained in effect after the rezoning. The Detailed Site Development Plan depicts compliance with all conditions on the subject property, with exception of the one requested by the condition release application.

On April 11, 2011, City Plan Commission approved the related Medano Heights Subdivision Replat "A" for single-family residential. As the rezoning is to allow for apartments, the property will have to be replatted.

**APPLICATION DESCRIPTION**

The request is for a release of condition No. 5 in Zoning Condition Ordinance No. 014596 dated August 22, 2000 (see attachment 3) as described below:

*5. The maximum height of any building or structure within the subject property shall not exceed one (1) story.*

This case is related to rezoning application (PZRZ13-00012) and detailed site development plan application (PZDS13-00022).

**CITY DEVELOPMENT DEPARTMENT-PLANNING DIVISION RECOMMENDATION**

The Planning Division recommends **approval** of the condition release request provided the condition is amended to read as follows:

*That the maximum height of any building or structure adjacent to any residential zone district or use be limited to one story.*

The recommendation is based on the existing single-family residential to the south and east of the subject property.

**Plan El Paso- Future Land Use Map Designation**

All applications for a condition release review shall demonstrate compliance with the following criteria:

G-4 – Suburban (Walkable): This sector applies to modern single use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

The purpose of the R-5 (Residential) district is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.

The purpose of the S-D (Special Development) district is to provide an opportunity for mixed-use projects, integrated in design, in certain older residential areas where there is a desire to permit a variety of nonresidential uses while maintaining the established residential appearance and landscaping of the area. The regulations of this district are designed to ensure compatibility with existing uses in the district; to permit the production, exhibit or sale of goods and the providing of services to the public in such older residential areas; to protect the traffic capacity of streets serving such older residential areas; to encourage flexibility by prescribing general performance standards for such older residential areas; and to protect the environment of adjacent areas. For the purpose of this district, older areas of the city shall be deemed those areas where development has existed for at least twenty-five years.

**City Development Department – Planning Division - Transportation**

No objections.

General Note:

All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall follow the City of El Paso Design Standards for Construction and be ADA/TAS compliant.

**City Development Department – Planning Division – Building Permits & Inspections**

No comments.

**City Development Department – Land Development**

No Objection.

Grading plan and permit shall be required.\*

Storm Water Pollution Prevention Plan and/or permit required.\*

Drainage plans must be approved by the City Development Dept. Land Development Section.\*

\* This requirement will be applied at the time of development

**Fire Department**

No adverse effect from Fire Department regarding the Condition Release #5.

**EPWU**

We have reviewed the rezoning referenced above and provide the following comments:

1. The Owner/Developer of Medano Heights entered into a Development Agreement with the El Paso Water Utilities – Public Service Board (EPWU-PSB) to construct water and sanitary sewer mains to provide service to the entire subdivision. On May 24, 2010, EPWU-PSB issued a Partial Final Acceptance letter to the water and sewer mains located along Picacho Hills Court, west of the subject property. Water and sewer mains, appurtenances, and meters were installed by the Developer’s utility contractor within the subject property along the streets vacated with Medano Heights Replat A. These water and sewer facilities

are not part of the EPWU-PSB system and they will be available for permanent service after EPWU-PSB issues a letter of Final Acceptance if the developer chooses to proceed with public mains within the development. If private water and sewer systems are preferred, amendment to the existing agreement will be required.

2. If the developer chooses to proceed with public mains, EPWU requires for the existing water and sewer mains within the subject property to follow the alignment of the access roads for the new development, outside of the limits of the parking stalls. PSB easements are to be dedicated to accommodate the water and sewer mains. Close coordination with EPWU-PSB is required. The Owner/Developer is to provide to EPWU engineering a copy of the site plan showing the location of the existing water/sewer service connections, noting on the plans the location of the water/sewer services that are to remain and the location of the surplus water/sewer services that are to be eliminated completely by the Utility Contractor as the result of the new development plan. No Utility work is to be performed until the Development Agreement has been amended.

3. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter within the development a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

4. A new application for service is required. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water lines and appurtenances

4. Zoning Condition Ordinance No. 014596 dated August 22, 2000

PZCR13-00005

ORDINANCE NO. 014596

AN ORDINANCE CHANGING THE ZONING OF TRACT 13A, S. A. & M. G. SURVEY NO. 266, CITY OF EL PASO, EL PASO COUNTY, TEXAS (5900 BLOCK OF NORTH DESERT BOULEVARD) FROM R-3 (RESIDENTIAL) TO C-3/C (COMMERCIAL/CONDITIONS), AND IMPOSING CERTAIN CONDITIONS. THE PENALTY BEING AS PROVIDED IN SECTION 20.68.010 OF THE EL PASO MUNICIPAL CODE.

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EL PASO:**

That the zoning of *Tract 13A, S. A. & M. G. SURVEY NO. 266, City of El Paso, El Paso County, Texas*, as more particularly described by metes and bounds in the attached Exhibit "A", be changed from **R-3 (Residential) to C-3/c (Commercial/conditions)** within the meaning of the zoning ordinance, and that the zoning map of the City of El Paso be revised accordingly; and

That the property be subject to the following conditions which are necessitated by and attributable to the increased intensity of use generated by the change of zoning from **R-3 (Residential) to C-3/c (Commercial/conditions)**, in order to protect the health, safety and welfare of adjacent property owners and the residents of this City:

1. Submittal of a detailed site development plan for approval by the City Plan Commission and City Council prior to the issuance of a building permit or certificate of occupancy.

2. Construction of an eight-foot (8') high masonry screening wall along the easterly property line of *Tract 13-A, S. A. & M. G. RAILWAY COMPANY SURVEY NO. 266*, shall be required prior to the issuance of certificates of occupancy; the vertical surface of the screening wall, above six feet (6'), must not be less than 75% open.

3. A minimum of twenty-foot (20') building setback along the easterly property line of *Tract 13-A, S. A. & M. G. RAILWAY COMPANY SURVEY NO. 266*, shall be required prior to the issuance of a building permit or certificate of occupancy.

4. Landscaping within the entire length and width of a minimum ten-foot (10') wide buffer strip along the easterly property line of *Tract 13-A, S. A. & M. G. RAILWAY COMPANY SURVEY NO. 266*, shall be required prior to the issuance of certificates of occupancy and shall be in addition to landscaping required per El Paso Municipal Code Chapter 20.65. The landscaping shall be included within the required twenty-foot (20') building setback along that property line.

5. The maximum height of any building or structure within the subject property shall not exceed one (1) story.

6. Access to *Tract 13-A, S. A. & M. G. RAILWAY COMPANY SURVEY NO. 266*, from and onto Tuscarora Avenue, shall be prohibited.

7. Construction of a six-foot (6') high masonry screening wall along the southerly property line of *Tract 13-A, S. A. & M. G. RAILWAY COMPANY SURVEY*

ORDINANCE NO. 014596

Zoning Case No. ZC-00024

52

NO. 266 along that portion of Medano Drive immediately to the north of the R-3 (Residential) zoned portion of *THREE HILLS ADDITION*, shall be required prior to the issuance of certificates of occupancy.

8. The use of the subject property for: Automobile, light truck, bus, motorcycle and boat, sales, storage, rental and service, billiard halls, bowling alleys, amusement game complex or park, garages, parking or community, parking lot, miniature golf courses, private club, lodge or meeting hall, transportation terminal, theaters, trailer, mobile home, travel trailer and recreational vehicle sales, display and repair, skating rink, outdoor flea market, dance hall, heliport, helistop or airpad, massage parlor, or bar, tavern or cocktail lounge shall be prohibited. Provided, however, that the sale of alcoholic beverages shall be permitted within the subject property in conjunction with the operation of a restaurant, or retail sales for off-premise consumption.

These conditions run with the land, are a charge and servitude thereon, and bind the current property owner and any successors in title. The City may enforce these conditions by injunction, by rescission of the zoning which is made appropriate as a result of these conditions, or by any other legal or equitable remedy. The City Council of the City of El Paso may amend or release the above conditions in its discretion without the consent of any third person who may be benefited thereby, and without affecting the validity of this Ordinance.

**PASSED AND APPROVED** this 22nd day of August, 2000.
