South: C-4 Commercial/ Vacant
East: C-3/c Commercial/condition/Vacant
West: M-1 Manufacturing

PLAN EL PASO DESIGNATION: G7 Industrial and/or Railyards

APPLICATION DESCRIPTION

The applicant is requesting a six-month extension in accordance with Section 19.08.060 subsection H of the former subdivision code (*a six-month extension to submit the recording plat may be granted by the City Plan Commission in the event that a delay is caused by action of the City, a public utility, or other governmental entity*). The reason for the delay is on-going discussions between the applicant and City staff in regards to the conveyance of storm water across and from the applicant's property. The outcome of the discussions will greatly impact the storm water infrastructure design.

CASE HISTORY

Cimarron Sage Commercial Park Unit Three is a Minor Plat that was reviewed subject to the subdivision ordinance in effect prior to June 1, 2008 and subsequently approved by the Subdivision Coordinator on May 8, 2013. The first extension request to submit recording maps was approved by the City Plan Commission on November 21, 2013.

Under that former subdivision ordinance, recording maps are required to be submitted within six months of plat approval. The applicant is now requesting a second six-month extension to submit the recording maps as there are on-going discussions between the applicant and City staff in regards to the conveyance of storm water.

CURRENT REQUEST

The applicant is requesting a second six-month extension to submit recording maps in accordance with Section 19.08.060(H) of the previous subdivision code.

Planning has received concurrence from Land Development.

DEVELOPMENT COORDINATING COMMITTEE COMMENTS:

The Development Coordinating Committee recommends *approval* of a second six month extension requested for Cimarron Sage Commercial Park Unit Three to submit recording maps in accordance with Section 19.08.050.H. *Submission for Recording* of the subdivision ordinance in effect prior to June 1, 2008.

If approved, the extension will be valid until **November 8, 2014**. Failure to submit the recording maps by the expiration date of the extension will necessitate the resubmittal of the subdivision.

Planning Division Recommendation **Approval.**

ADDITIONAL REQUIREMENTS AND GENERAL COMMENTS:

1. Prior to recording, please submit to City Development Department—Planning Division the following, if applicable:
 - a. tax certificates
 - b. release of access document
 - c. set of restrictive covenants
2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.

Reference: Extension Request
Cimarron Sage Commercial Park Unit Three

Dear Ms. Forsyth:

On the behalf of Hunt Communities, we are requesting a second extension to the requirement of submitting recording maps for Cimarron Sage Commercial Park Unit Three (Being a portion of Tract 1B7A, S.J. Larkin Survey 266 and Tract 61E, W.H. Glenn Survey 241, City of El Paso, El Paso County, Texas).

The downstream drainage issues related to the conveyance of drainage in Flow Path 38 remain unresolved. It is our understanding that efforts to resolve the issues continue. Our preparation of the proposed infrastructure improvements for the site will be ultimately impacted by the finalized resolutions.

The Cimarron Sage Commercial Park Unit Three plat is due to expire on May 8, 2014. This development is vested under the previous ordinance, and per those terms, our client would humbly request another extension of the plat based on the reason mentioned. Our client wishes to develop the property and does not want to allow the current plat to expire.

Thank you for your assistance in this matter.

Sincerely,

CSA DESIGN GROUP, INC.

Darrell A. Edwards, P.E.
Sr. Project Manager
