NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on May 14, 2015. The Planning Division received 2 emails opposition to the condition release request, (see Attachment 5).

CASE HISTORY

On March 1, 1988, City Council approved the rezoning request for the subject property from R-3 (Residential) to R-2/spc (Residential/special protective condition) and imposed a condition by Ordinance No. 9307 (see Attachment 4) as follows:

The lots in Country Place Subdivision Unit 1 and Country Place Subdivision Unit 2 shall be a minimum of 15,000 square feet in size, except that the following lots shall be exempted from the 15,000 square foot minimum size requirements:

*Lot 7, Block 1, Country Place Unit One
Lot 12, Block 1, Country Place Unit One
Lot 13, Block 1, Country Place Unit One
Lot 14, Block 1, Country Place Unit One
Lot 17, Block 1, Country Place Unit One
Lot 11, Block 3, Country Place Unit One
Lot 15, Block 3, Country Place Unit One
Lot 1, Block 4, Country Place Unit One
Lot 5, Block 4, Country Place Unit One*

APPLICATION DESCRIPTION

The applicant is requesting to release a condition imposed on the property by Ordinance No. 9307, dated March 1, 1988, (see Attachment 4), to allow lot size to be less than 15,000 square feet in size as restricted by zoning condition for 22 lots for new single-family dwellings. The subject property is located within the Northwest Upper Valley Plan which calls for 2.5 units per acre. The development proposes 22 single-family dwelling lots ranging from 12,600 square feet to 17,861 square feet. The minimum required lot size R-2 (Residential) zone district is 10,000 square feet per the City Code.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **approval** of the condition release request, as the conditions are either current code requirements, are no longer necessary or have been satisfied, and the development meets the 2.5 units per acre in the Northwest Upper Valley Plan.

Plan El Paso- Future Land Use Map Designation

All applications for a condition release review shall demonstrate compliance with the following criteria:

G-4, Suburban (Walkable): This sector applies to modern single-use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

The purpose of the R-2 (Residential) district is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.

Hello Mr. Salloum,

I received your letter in the mail dated May 14, 2015 today as I have been out of town.

I am writing to call your attention to my objection to case number PZCR15-00003. By way of introduction, I am a home owner in the area where this proposed resubdivision is said to take place and strongly am opposed to it.

I am not completely certain of the exact conditions of the proposal but am certain that if it means making the lots smaller than they are currently I am against that. My family and I live in a gated area on Country Oaks that is adjacent to the lot that is in question and I feel that it will affect everyone in our neighborhood if this proposal is accepted. I would like to discuss this further with you if you wouldn't mind calling me at 915-238-1447.

I am certain without a doubt that my neighbors would feel the same as I do.

Sincerely,

Rebecca Gomez
