*Items 3 and 4 were heard together but separate votes were taken for each item.

Commissioner Wright left the meeting at 5:30pm, before discussion on items 3 and 4.

Nate Baker, Planner, noted that staff has held several meetings with residents, business owners, neighborhood associations, and business associations including presentations, questions and answers sessions. He noted that staff received two (2) letters in favor of the rezoning, 34 informational phone calls and no calls in opposition.

The Commission asked why the City is recommending approval of this request if it cannot supply utilities?

Rudy Valdez with EPWU noted that because most of the development already exists, PSB does not anticipate much change of new development or any type of high density development. If there is a redevelopment of any kind that has a higher density than what exists already, then the PSB will probably not be able to service that development without some new infrastructure going in.

Commissioner Nance asked if there was anyone in the public who wished to speak in favor or against this request.

The following persons spoke in favor of this request.

- John Nelson, and
- Craig Peters

The following persons spoke against this request.

- Larry Romero, President for Five Points Neighborhood Association,
- Jim Erickson, asked for a postponement, and
- Fred Evans

The following persons requested additional information.

- Manny Barrios
- Paul Powers asked for a postponement

Commissioner De La Cruz left the meeting during discussion on this item.

Carlos Gallinar, Deputy Director for City Development, noted that he has offered to meet with the residents to discuss their concerns but they have not taken him up on his offer.

ACTION: Motion made by Commissioner Ardovino **TO POSTPONE FOR TWO (2) WEEKS, TO ALLOW RESIDENTS TO VET THEIR CONCERNS.**

Staff felt that two weeks or even a month is not enough time. Staff would need to meet with the residents and both parties would need to agree on all the issues that were brought up at this meeting, then the SmartCode would have to be amended before this case can be heard by the Commission, either to be approved or denied.

Commissioner Ardovino withdrew his motion.
