APPLICATION DESCRIPTION

The applicant proposes to subdivide one lot, which is approximately 1.87 acres in size, for apartments. Primary access to the subdivision is proposed from North Loop Drive. There is a zoning condition on the property that states that a detailed site development plan is required prior to the issuance of building permits. This development was reviewed under the current subdivision code.

The applicant is requesting the following exception:

- To waive the required improvements along North Loop Drive. The existing conditions of a sidewalk abutting the curb will remain.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the **waiver exception** requested, as per Section 19.10.050.A.1.a. and **approval** of Amber Sky Estates on a major combination basis.

Planning Division Recommendation:

Approval of the **waiver exception** requested. As per Section 19.10.050.A.1.a. (Roadway participation policies – Improvement of roads and utilities within and or abutting the subdivision):

1. The City Plan Commission may waive such requirements to provide rights-of-way or street improvements to adjacent substandard roads based on any of the following factors:

a. Fifty per cent of the lots within a quarter mile of the proposed development have already been developed and the existing street improvements are in character with the neighborhood;

Approval of Amber Sky Estates.

Planning and Inspections Department - Land Development

We have reviewed subject plats and recommend **Approval**.

The Developer/Engineer shall address the following comments.

1. Coordinate with TXDOT for drainage, access requirements, and ADA requirements.
2. Delineate X-shaded zone limits and update FIRM panel information note to:
Areas of 0.2 annual chance flood; areas of 1% annual chance flood with average depths of less than 1 foot or with drainage areas less than 1 square mile.

Parks and Recreation Department

We have reviewed **Amber Sky Estates**, a major combination plat map and on behalf of CID Parks Planning Division we offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "SD/c" meeting the requirements for Residential uses (Single and Two-family) as well as for Non-residential uses (General Commercial) or Multi-family restricted to a maximum of 29 dwelling units per acre however, applicant has submitted copy of preliminary covenants restricting the use to Multi-family with a maximum of 38 dwelling units therefore, "Park fees" will be assessed as follows:

If applicant provides copy of final signed/recorded covenants restricting the use to a maximum of 38 Multi-family dwelling units and **if** gross density waiver is granted by the City Manager or

the Planning Department designee, then Applicant shall be required to pay "Park fees" in the amount of **\$25,840.00** based on Residential subdivision requirements calculated as follows:

38 Multi-family dwelling units @ \$680.00 / dwelling = \$25,840.00

Please allocate generated funds under Park Zone: **MV-3**

Nearest park is located within Park Zone MV-5: **Pecan Grove #1**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

El Paso Water Utilities

1. El Paso Water Utilities (EPWU) does not object to this request.

Water

2. There is an existing 8-inch diameter water main that extends along North Loop Drive, located approximately 13-feet south from the property line. This main is available for service. This water main dead-ends approximately 150-feet west of the property line. This water main continues south across North Loop Drive approximately 20-feet east of the western property line.

Sanitary Sewer

3. Along North Loop Drive at the corner of the subject Property there is an existing 8-inch diameter sanitary sewer main. This main is available for service. This sanitary sewer main dead-ends approximately 150 feet west of the property line in question. This sanitary sewer main continues south across North Loop Drive approximately 10 feet east of the western property line. EPWU records indicate one 4" sewer tap at 8685 North Loop Drive

General

4. If water and sewer main extensions to serve the subdivision are required. The Owner is responsible for the water and sewer main extensions costs. Easements will be required to accommodate such extensions.

5. An Application for additional water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

To: City of El Paso

This is a request for a waiver for the property on North Loop Drive (Amber Sky Estates) on the request from the City of El Paso Planning and Transportation comments regarding roadway improvements. This is because North Loop Drive is Texas Department of Transportation right-of-way and there are existing sidewalks and curb on the street as per their construction.

If you have any questions, please call me at 633-6422.

Sincerely,
