PLAN EL PASO DESIGNATION: G2 Traditional Neighborhood (Walkable)

APPLICATION DESCRIPTION

The applicant proposes to replat a 1.9-acre parcel into five lots, four of them for duplexes and one for an existing church. The duplex lots vary in size from 7,167 sq. ft. - 9,276 sq. ft. A T Cul-de-sac with a 52' right-of-way to serve the duplex lots is proposed. Access to the subdivision is proposed from Glenwood Street and Delta Drive. The applicant has submitted a waiver for additional street improvements to Delta Drive and Glenwood Street as per Section 19.48.010. Delta is a minor arterial on the City's MTP with 80' existing ROW. Glenwood is a residential street. Both have existing 5' sidewalks adjacent to the curb. This application was reviewed under the current subdivision code.

NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 200 feet of the subject

property on June 10, 2013. The Planning Division received two phone calls from residents asking for information about the project.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the waiver for street improvements and **approval** of Delta Divine on a Resubdivision Combination basis, subject to the following conditions and requirements:

Planning Division Recommendation:

Planning does not object to the waiver as it complies with reason 1-a under Section 19.10.050.A (Roadway participation policies – Improvement of adjacent (perimeter) road and utilities):

1-a. Fifty percent of the lots within a quarter mile of the proposed development have already been developed and the existing street improvements are in character with the neighborhood and have sufficient capacity to handle the increase in traffic to be generated by the proposed developed.

Planning recommends approval.

City Development Department - Land Development

We have reviewed subject plan recommend that the Developer/Engineer address the following comments:

No Objection.

EPWU Stormwater Utility:

1. Missing pond labels for lots 2 & 3 on Preliminary Plat.
2. Include the following on-site ponding requirements from Section 19.16.060 as notes on the final plat.
3. EPWU recommends using principles of low impact development (such as recessed landscaping, rainwater harvesting, and porous pavements) to reduce the amount of developed stormwater runoff.

Parks and Recreation Department

We have reviewed **Delta Divine Subdivision**, a resubdivision combination plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is composed of five (5) lots zoned “R-4” meeting the requirements for Two-family dwelling use; applicant has submitted preliminary covenants restricting the construction of general commercial for the lot where the existing "Church" is located (Lot 1, Block 1) therefore, "Park fees" will be assessed in the amount of **\$13,700.00** based on requirements for Residential Subdivisions calculated as follows:

5 (R-4) Two-family dwelling lots = 10 Dwellings @ \$1,370.00 / Dwelling = **\$13,700.00**

Please allocate generated funds under Park Zone: **C-4**

Nearest Park(s): **De Vargas** & **Modesto Gomez**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

El Paso Water Utilities

We have reviewed the above referenced subdivision plans and provide the following comments:

1. The El Paso Water Utilities – Public Service Board (EPWU-PBS) does not object to this request.

EPWU-PSB Comments

Water:

2. There is an existing 8-inch diameter water main along Glenwood St. approximately 4 feet west of the subject west property line. This main is available for service.

3. There is an existing 6-inch diameter water main along Delta St. This water main is available for service.

4. A water main extension along Devine St. will be required from the existing 6-inch diameter water main along Delta Dr. to provide water service to the lots 2-5 of the proposed subdivision. The Owner/Developer is responsible for the costs of any necessary extension.

5. EPWU records indicate an active 1-inch water meter serving the subject property. The service address for this meter is 314 S. Glenwood St. and is located off Delta Dr. This water meter serving Lot 1 will have to be relocated to Glenwood St. The Owner/Developer is responsible for the costs of relocation.

Sewer:

6. There is an existing 8-inch diameter sanitary sewer main along Glenwood St. The main is located approximately 19 feet west of the subject western property line. This sanitary sewer main is available for service.

7. There is an existing 8-inch diameter sanitary sewer main along Delta Dr. This main extends along Delta Dr. approximately 160 feet west from Medina St. west right of way line

8. There is an existing 12-inch diameter force main along Delta Dr. No direct service connections are allowed to this sanitary sewer main as per the El Paso Water Utilities – Public Service Board Rules and Regulations.

9. A sanitary sewer main extension along Devine St. from the existing 8-inch diameter sanitary sewer main that extends along Delta Dr. will be necessary to provide sanitary service to the proposed subdivision. The Owner/Developer is responsible for the costs of any necessary extension.

10. The location of the sanitary sewer service connection to lot 1 is unknown.

Reclaimed Water:

11. There is an existing 24-inch diameter reclaimed water main (non-potable) along Delta St. approximately 6 feet from the back of curb.

General:

12. EPWU requires a new service application to serve the subject property. New service applications are available at 1154 Hawkins, 3rd Floor. The following items are required at the time of application: (1) hard copy of subdivision plat with street names and addresses; (2) finalized set of street improvement plans, including storm sewer; (3) digital copy of subdivision

plat; (4) benchmark check; and (5) construction schedule. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Mr. Raul Garcia
CITY OF EL PASO – Planning Department

PROJ: DELTA DIVINE SUBDIVISION
RE: REQUEST OF STREET IMPROVEMENTS WAIVER

Dear Raul Garcia,

On behalf of the Owner and pursuant to Section 19.48.010 of the City of El Paso Municipal Code, we are submitting this petition to waive the street improvements on Glenwood Street and Delta Street as indicated on your 5-day review comments letter.

We are hereby seeking relief from the current street right-of-way width standards and landscaped parkway requirements. Both, Delta Street and Glenwood Street are not compliant with the current City Code; however, we believe that granting the waiver will not be detrimental to the public health, safety or welfare, or injurious to other property within the area.

We are submitting this letter along with a subdivision application.

Sincerely,
SiteWork Engineering, LLC
