SURROUNDING ZONING AND LAND USE

North ETJ (Extraterritorial Jurisdiction)
South: ETJ (Extraterritorial Jurisdiction)
East: ETJ (Extraterritorial Jurisdiction)
West: ETJ (Extraterritorial Jurisdiction)

THE PLAN FOR EL PASO DESIGNATION: G-4, Suburban (Walkable)

APPLICATION DESCRIPTION

The applicant proposes to subdivide approximately 116.618 acres of vacant land for three commercial lots, **one ponding area, a public drainage right-of-way** and three well sites. Primary access to the subdivision is proposed from Gateway West, Eastlake, Rojas and Bill Burnett. This development is being reviewed under former subdivision ordinance.

Rojas & Eastlake are substandard streets located on the City of El Paso's ETJ. Per Section 19.10.050.A.1 the applicant has requested waiver of improvements on Rojas & Eastlake. The applicant has provided written documentation from the County of El Paso stating that the

substandard road meets all County requirements and the County is willing to accept the dedication of the substandard roads.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of Horizon Marketplace Subdivision on a Major Combination basis.

Planning & Inspections Department-Planning Division Recommendation:

Staff recommends **approval** of Horizon Marketplace Subdivision on a Major Combination basis.

Planning & Inspections Department-Land Development:

We have reviewed subject plats and recommend **Approval**.

The Developer/Engineer shall address the following comments.

1. Lot 8 should be labeled "Public Drainage Right-of-way".
2. Dedication statement should include the "Pond".
3. "All developed storm water runoff shall be addressed within the subdivision limits and shall comply with all provisions of (DSC, 19.19.010A and DDM, 11.1). Compensatory storm-water storage equal to fill displacement shall be provided within respective lots if grading within flood zone flow path."
4. Entire floodzone flowpath limits shall be illustrated on the preliminary plat. (The lower portion of the flow path is missing).
5. Applicant shall obtain approval from TxDOT for drainage and access.
6. Illustrate and label types of curbs applicable on street cross sections.
7. Provide note that lot 3 shall accept developed run-off from lot 2.

EPWU-PSB Comments

We have reviewed the above referenced subdivision and provide the following comments:

EPWU-PSB respectfully requests for the plat to depict the 35-foot wide easement as well as the lift station easement found in document number 20070012767 of the El Paso County Official Records.

Immediately north of Interstate Highway No. 10 (IH-10) west of Eastlake Boulevard there is an existing fifteen (15) inch diameter sanitary sewer main owned by the El Paso Water Utilities – Public Service Board (EPWU-PSB) [the PSB main]. This main accepts flows from a sanitary sewer main owned by the Paseo Del Este Municipal Utility District [the PDE MUD main] through a master meter. As per EPWU-PSB Records, both the PDE MUD main and the PSB main are located within an existing 35-foot wide easement located inside O. A. Danielson Survey No. 316. The described easement is found in document number 20070012767 of the El Paso County Official Records. In addition to the described mains, within O. A. Danielson Survey No. 316 there is an existing sanitary sewer pump station facility (lift station) located at approximately 960 feet west of Eastlake Boulevard. The described lift station is inside an easement described in document number 20070012767.

The PSB main is available for service at any location upstream from the sanitary sewer Master

Meter Site “E” which is located at an existing manhole inside the 35-foot wide easement. The Master Meter Site “E” is located at approximately 570 feet west of Eastlake Boulevard.

EPWU-PSB cannot provide water service to this property. Along Bill Burnett Drive between Interstate Highway No. 10 (IH-10) and Rojas Drive there are existing water and sanitary sewer mains owned and operated by EPWU-PSB. These mains are not available for service.

Easement grantor shall indemnify, defend, and hold harmless the El Paso Water Utilities – Public Service Board from and against any and all claims, liability, actions, and damages for bodily injury and property damage to third parties or to the El Paso Water Utilities – Public Service Board which may be caused by or arise out of the maintenance and existence of said sanitary sewer mains in the easement area.

The PSB easement shall be improved to allow the operation of EPWU maintenance vehicles.

EPWU-PSB requires access to the sanitary sewer mains, appurtenances, and meters 24 hours a day, seven (7) days a week.

No building, reservoir, structure or other improvement, other than asphaltic paving (HMAC), shall be constructed or maintained on the above referenced El Paso Water Utilities - Public Service Board Easements (EPWU-PSB easements) without the written consent of EPWU-PSB.

Interstate Highway No. 10 (IH-10) is a Texas Department of Transportation (TxDOT) right-of-way. All proposed water and sanitary sewer work to be performed within Interstate Highway No. 10 (IH-10) right-of-way requires written permission from TxDOT.

The El Paso Water Utilities – Public Service Board (EPWU-PSB) requires a complete set of improvement plans, and grading plans for review and approval prior to any work pertaining to the portion of the property where the described EPWU-PSB sanitary sewer facilities are located. This is required in order to ascertain that the proposed improvements and/or grading will not adversely affect the EPWU-PSB sanitary sewer facilities.

The proposed subdivision is located within the East El Paso Extraterritorial Jurisdiction (ETJ) within one of the Paseo del Este Municipal Utility Districts (MUDs) service area. The Paseo Del Este MUD receives wholesale water and wastewater service from the El Paso Water Utilities – Public Service Board (EPWU-PSB) in accordance with the Paseo Del Este Wholesale Contract and EPWU-PSB Rules and Regulations No. 11.

Parks and Recreation:

We have reviewed Horizon Marketplace, a major combination plat map and offer Engineer / Consultant the following comments:

Please note that this is a Non-residential subdivision composed of **116.618 acres** subdivided into 8 lots.

Per City standards a total \$116,620.00 of "Park fees" would have been required however,

This subdivision is located with-in the City of El Paso east extra territorial jurisdiction (ETJ) area but not within the areas of potential annexation by the City, therefore, this subdivision application is excluded from the calculation for "Parkland Dedication" as it is not identified on the official map as described per ordinance Title 19 – Subdivision & Development Plats, **Chapter 19.20 - Parks & Open Space** as noted below.

El Paso, Texas 79901

**Re: Horizon Marketplace
Eastlake Boulevard and Rojas Drive Improvement Waiver
TRE Job No.: 1530-11267-32**

Dear Mr. Austin:

The County is improving both Eastlake Boulevard and Rojas Drive as part of the 2013 El Paso County Comprehensive Mobility Plan. Projects are currently under design and are scheduled for construction within the next 12 to 48 months. However, these improvements don't include sidewalks or landscaping along Rojas, which shall be the responsibility of the builder. Therefore, no improvements are required by the County of El Paso for Horizon Marketplace, but will be required by builder in the future.

Should you have any questions or require additional information, please do not hesitate to contact me at (915)546-2015.

Sincerely,

Sal Alonzo
