APPLICATION DESCRIPTION

The applicant proposes to subdivide 1.13 acres of land into one commercial lot. Access to the subdivision is proposed from Alameda Avenue. The applicant has submitted a request to waive ROW improvements on Alameda Avenue and Carnes Road. The applicant is dedicating an additional 5' of right- way along Alameda and 6' of right-of-way along a portion of Carnes. This subdivision was reviewed under the current subdivision code.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommendation is **pending** of Rangel Subdivision on a Major Combination basis subject to the following comments:

Planning Division Recommendation:

Staff recommendation is **pending** of Rangel Subdivision on a Major Combination basis due to the remaining revisions requested by Staff.

Planning & Inspections Department - Land Development

No objections.

Parks and Recreation Department

We have reviewed **Rangel Subdivision**, a minor plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "SDC" meet the requirements for Non-residential uses as well as for Multi-family dwellings use restricted to a maximum of 29 dwelling units per acre however, applicant has provided a signed copy of covenants restricting the use to Non-residential an prohibiting the construction of Single-family and Multi-family dwellings therefore, park fees will be assessed as follows:

1. **If** gross density waiver is granted by the City Manager or the Planning Department designee, then Applicant shall be required to pay "park fees" in the amount of **\$1,130.00** based on Non-residential subdivision requirements calculated as follows:

Non-residential acreage 1.13 (rounded to 2 decimals) @ \$1,000.00 /acre = **\$1,130.00**

Please allocate generated funds under Park Zone: **MV-6**

Nearest Parks: **Pavo Real** & **Pueblo Viejo**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

El Paso Water Utilities

1. EPWU does not object to this request.
2. Alameda Avenue is a Texas Department of Transportation (TxDOT) right-of-way. All proposed water and sanitary sewer work to be performed within Alameda Avenue right-of-way requires written permission from TxDOT.

Water:

3. There is an existing 6-inch diameter water main extending along Carnes Road that is available for service, the water main is located approximately 14.5 feet west from the center line of the right-of-way.
4. There is an existing 6-inch diameter water main extending along Carnes Road that is available for service, the alignment of the water main varies between the southeast and southwest property lines.
5. There is an existing 8-inch diameter water main extending along Alameda Avenue that is available for service, the water main is located approximately 25 feet east from the center line of the right-of-way.

6. EPWU records indicate a 3/4-inch water meter serving the subject property. The service address for this meter is 9399 Alameda Avenue.

7. Previous water pressure from fire hydrant #3239 located approximately 440-ft east of the eastern subject property line has yield a static pressure of 102 (psi), a residual pressure of 92 (psi), and a discharge of 1,300 gallons per minute.

Sanitary Sewer:

8. There is an existing 8-inch diameter sanitary sewer main extending along Carnes Road that is available for service, the sewer main is located approximately 20 feet east from the center line of the right-of-way.

9. There is an existing 8-inch diameter sanitary sewer main extending along Carnes Road that is available for service, the sewer main is located approximately 28-feet south of the southern property line. Said main continues west and ends at approximately 129-feet west from the southeast subject property line.

General:

10. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
