SURROUNDING ZONING AND LAND USE

North: C-4/c (Vacant)
South: C-4/c (Vacant)
East: C-4/c (Vacant)
West: C-4/c (Vacant)

PLAN EL PASO DESIGNATION: G7, Industrial and/or Railyards

APPLICATION DESCRIPTION

The applicant proposes to subdivide approximately 9.960 acres of vacant land for one commercial lot. This subdivision is located south of Transmountain and east of Resler. Primary access to the subdivision is proposed from Transmountain. This development is being reviewed under former subdivision ordinance.

The applicant is requesting the following modification:

- A modification of the Multi Family & Commercial/Industrial Local Street 2 (Cimarron Medical Drive) is requested to allow for the reduction of driving lane widths from 14 feet to 12 feet. Additionally, a larger parkway is to be incorporated to accommodate for the reduction of lane widths. The parkway will increase in size from 10 feet to 12 feet in width. Inclusive with this parkway increase request is a 7 foot wide asphalt path with a 4.5 foot wide landscape parkway and a 6 foot sidewalk with a 5.50 foot wide landscape parkway. This request will not increase or reduce the approved 56 foot wide ROW.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of modification requests and **approval** of CMC Commercial Unit 2 Subdivision on a Major Combination basis subject to the following comments:

Planning Division Recommendation:

Planning recommends **approval** of modification requests and **approval** of CMC Commercial Unit 2 Subdivision on a Major Combination basis.

City Development Department - Land Development

We have reviewed subject plats and recommend Approval.

The Developer/Engineer needs to address the following comments:

1. Dedication statement should read “drainage, access, and utility easement”.
2. Label and dimension R.O.W. width on final plat.
3. Add note to general notes on preliminary and final plats: Retention of all developed storm-water runoff within this subdivision is required.
4. The proposed subdivision is located near a potential sediment flow source. The Engineer should account for sediment volume/transportation in all calculations used to size storm-water drainage structures.
5. Dimension and label proposed pond as private or public and whether it is to be a retention or detention pond.
6. Pond maintenance road should be aligned and connect to Cimarron Medical Drive ROW and also to 25’ drainage easements.
7. All proposed drainage improvements shall be secured within easements and shall be illustrated, labeled, and identified on the plats.
8. Secure easements for any improvements outside of subdivision limits, i.e. (the drain pipe with headwalls and rip/rap).
9. Mitigate storm-water surface flow erosion from the northwest pond near the access ramp.
10. Provide north arrow and scale on main plan view.
11. Provide written confirmation from the adjacent property owners for de-silting basin outside subdivision boundary limits.

Parks and Recreation Department

We have reviewed **CMC Commercial Unit Two**, a major combination plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "C-4/c" meeting the requirements for Multi-family dwellings use with a minimum lot area of 750 sq. ft. per dwelling however, applicant has submitted preliminary covenants restricting the use to general commercial purposes only and prohibiting all residential uses therefore, "Park fees" will be assessed based as follows:

1. **If** gross density waiver is granted by the Planning Department or designee and a copy of the final recorded covenants is provided restricting all residential uses, then applicant shall be required to pay "Park fees" in the amount of **\$9,960.00** based on Non-residential subdivision requirements calculated as follows:

Non-residential acreage 9.96 (rounded to two decimals) @ \$1,000.00 per acre = **\$9,960.00**

Please allocate any generated funds under Park Zone: **NW-10**

Nearest Parks: **Desert Springs #2** & **Cimarron #1**

If density/acreage is increased /decreased or the property zoning /use changes, then "Parkland /fees" will be re-assessed based on applicable conditions.

Additional Requirements and General Comments:

1. Submit to the City Development Department – Planning Division the following prior to recording of the subdivision.
 - a. Current certified tax certificate(s)
 - b. Current proof of ownership
 - c. Release of access document, if applicable
 - d. Set of restrictive covenants, if applicable

2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.

Reference: **Street Cross-Section Modification Request**
CMC Commercial Unit Two

Dear Mr. Ortiz:

On behalf of Cimarron Hunt Communities, GP, LLC, we present this letter requesting a modification of the major & minor arterial street cross-section right-of way's (R.O.W.). The modification requests are as follows:

- A modification of the Multi Family & Commercial/Industrial Local Street 2 cross section is requested to allow for the reduction of driving lane widths from 14 feet to 12 feet. Additionally, a larger parkway is to be incorporated to accommodate for the reduction of lane widths. The parkway will increase in size from 10 feet to 12 feet in width. Inclusive with this parkway increase request is a 7 foot wide asphalt path with a 4.5 foot wide landscaped parkway and a 6 foot sidewalk with a 5.50 foot wide landscaped parkway. Our requests will not increase or reduce the approved 56 foot wide R.O.W.

Thank you for your assistance in this matter. Should you have any questions, please feel free to contact me at (915) 877-4155, ext. 121 at any time.

Sincerely,

CSA DESIGN GROUP, INC.

Adrian I. Holguin-Ontiveros, E.I.T., CFM
Senior Project Engineer
