Kareem Dallo, Engineering Division Manager, gave a brief power point presentation and updated the commission with what is being done regarding Green Infrastructure. He named those who are in the subdivision committee and gave the dates in which the committee has met. He noted that December 4, 2013, is an approximate when the plates will be vetted with the public. He also noted that no further studies are needed.

Commissioner Nance requested that Mr. Dallo come back at the next meeting and update the commission. This item will be kept on the agenda until the commission tells staff otherwise.

Jackie Butler, Director of Policy and Programs for the Greater El Paso Chamber of Commerce, noted that they appreciate the strategy of incorporating a vetting process with some of the local drainage design engineers who are experts in the field. She reiterated that they believe that the Drainage Design Manual must undergo a thorough and inclusive vetting process and that includes city departments, the EPWU, and the private sector in general. They hope there will be ample time to vet this issue. The Chamber is supportive of this process currently underway but hopes that proper time is given for adequate vetting with all the stakeholders. She noted that the Chamber is being represented in the vetting process and have not been excluded.

**No action was taken.**

Staff Contact: Carlos Gallinar, (915) 541-4556, [gallinarcc@elpasotexas.gov](mailto:gallinarcc@elpasotexas.gov)

Carlos Gallinar, noted that at the last City Plan Commission meeting, staff made a presentation on the public use facilities ordinance, an ordinance that looks at quantifying and codifying standards for schools and other public facilities. There was one clarification that staff needed to bring forth to the commission. As part of the due diligence and the stakeholders participation, one of the things that the school districts and city staff has asked is that if we are going to require a detailed site plan that we try and expedite it as quickly as possible. The way the ordinance was drafted, staff would look at it through a special permit but a special permit cannot be done administratively. He went through the ordinance and read the changes being required. He noted that the design guidelines are staying the same. The change for the detailed site plan was not vetted with stakeholders and the reason being is that the understanding with stakeholders is that it would be done administratively through city staff, as per the code, and the only way to do that is through the detailed site plan and not the special permit.

**ACTION:** Motion made by Commissioner Wright, seconded by Commissioner Ardivino, and unanimously carried to **APPROVE AN ORDINANCE AMENDING TITLE 20 (ZONING) OF THE EL PASO CITY CODE, BY AMENDING CHAPTER 20.02 GENERAL PROVISIONS AND DEFINITIONS TO DELETE THE DEFINITION OF SCHOOL AND ADD ELEMENTARY AND SECONDARY SCHOOLS, CHAPTER 20.08 (APPENDIX A), TABLE OF PERMISSIBLE USES, BY DESIGNATING THAT A DETAILED SITE PLAN SHALL BE REQUIRED FOR COMMUNITY RECREATIONAL FACILITY, LIBRARY, MUSEUM, AND SCHOOL-ELEMENTARY; AMENDING CHAPTER 20.10, SUPPLEMENTAL USE REGULATIONS, BY ADDING A NEW SECTION 20.10.145, CIVIC BUILDINGS, PUBLIC SPACES, AND EDUCATIONAL FACILITIES; AND PROVIDING FOR A PENALTY AS PROVIDED IN CHAPTER 20.24 OF THE CODE**
