NEIGHBORHOOD INPUT

Detailed Site Development Plan Review does not require public notification as per Section 20.04.520, *Notice* of the El Paso City Code.

APPLICATION BACKGROUND

On January 13, 2004, the El Paso City Council adopted the Northwest Upper Valley Plan. The plan limits the residential density of much of the planning area to 2.5 dwelling units an acre, to include the subject property.

CASE HISTORY

On, February 6, 1996 City Council approved Ordinance No. 12708 (Attachment 6), which amended conditions 1 and 2 of Ordinance No. 9352, dated April 19th, 1988 (Attachment 5). The amended conditions are as follows:

1. *Within Parcel No. 1, which consists of 4.57 acres as shown on the map attached hereto as Exhibit "A", the westerly 125 foot strip, adjacent to Hunters Glenn Drive, consisting of 0.84 acres, may be developed for offices or residential uses. The remaining 3.73 acres within Parcel No. 1 may be used for any use permitted in an S-D district.*

The proposed development complies with Condition #1.

2. *Only office or residential use will be allowed in the 125 foot wide strip adjacent to Hunters Glenn Drive. The Following standards shall apply if offices are built on this property. Residential uses shall meet the standards in the underlying zoning district.*
 - a. *No more than three (3) residential-style buildings with pitched roofs and brick or stucco exterior walls may be built, as shown on and approved by Council on the Detailed Site Development Plan.*
 - b. *Per the attached Study Plan, the southerly two buildings shall be single story, and the northerly building may be two story. The Study Plan is attached hereto as Exhibit "B" and incorporated for all purposes herein, but is specifically not approved as a Detailed Site Development Plan.*
 - c. *Building setbacks shall be as follows:*
 - i. *25 feet from Country Club Road, and*
 - ii. *25 feet from the north property line and no parking spaces shall be constructed within 10 feet of the north property line. And*
 - iii. *15 feet from Hunters Glenn Drive, except that forty (40) percent of the structure along hunters Glenn Drive shall be set back 20 feet.*
 - d. *Parking shall be to the east side of the site, provided that accessibility for the disabled shall not be compromised.*
 - e. *A three and one-half (3 1/2) foot rock wall or suitable barrier shall be constructed between the parking area on the east property line and the adjoining S-D zoned area, Adjacent to the residentially zoned property, the rock wall shall comply with City code.*
 - f. *Landscape Plans are to be submitted for approval in accordance with the City of El Paso landscape ordinance, Chapter 20.65, El Paso Municipal Code. Landscaping shall be consistent with landscaping in adjoining Country Place residences. No rock or other walls may be built between Hunters Glenn Drive and the three buildings.*

Condition #2 is not applicable

The remaining conditions imposed by Ordinance No. 9352, dated April 19th, 1988, are still in effect. These conditions are as follows:

3. *The density of the PR-I parcel shall not exceed 5.5 dwelling units per acre.*

Condition #3 is not applicable.

4. *Each dwelling unit in the PR-I parcel shall be a minimum of 1,700 square feet in size.*

Condition #4 is not applicable.

APPLICATION DESCRIPTION

The detailed site development plan shows 24 townhomes totaling 48,800 sq. ft. on a currently vacant 3.73 acre parcel. The proposed use is a townhome complex. The development requires 48 parking spaces and proposes 96 parking spaces. The development also requires 3 bicycle racks and is proposing 48 bike racks. The development is required to have 24,369 sq. ft. of landscaping and provides 88,583 sq. ft. of landscaping. Access to the subject property is proposed from Country Club Road.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of the detailed site development plan request as it meets all the requirements of Section 20.04.150, Detailed Site Development Plan.

ANALYSIS

20.04.140 When required.

Except as stated herein, a detailed site development plan is required prior to development in a special purpose district or with a special permit application and may be required if a zoning condition exists on a particular piece of property. Detailed site development plans are not required for any projects for development in the Mixed Use District (RMU, GMU and IMU) or for any other projects other than those located in special purpose districts or as otherwise required herein.

A detailed site development plan review is required due to the parcel being zoned S-D (Special Development District).

20.04.150 Procedure.

C. Administrative approval. Detailed site development plans meeting the following conditions shall be reviewed and approved by the zoning administrator:

1. The site is two acres or less in size, and
2. The site plan contains no more than two buildings, and
3. The site plan complies with any zoning conditions and all city code provisions, to include the tables for uses and density and dimensional standards and;
4. The city's department of transportation has no concerns with access or restriction of access to the site; and,
5. The site plan complies with staff recommendations concerning the location of stormwater drainage structures and easements to include onsite ponding areas; the location and arrangement of structures, vehicular and pedestrian ways; open spaces and landscape planted areas. Staff recommendations shall not require that the site plan have landscaping in excess of what is required under the city code or any zoning condition.

If the zoning administrator does not approve an applicant's detailed sited development plan, the applicant may appeal the decision to the city plan commission. The applicant must file the appeal with the zoning administrator within fifteen business days from the date of the zoning administrator's decision. The zoning administrator shall place the appeal on the city plan commission agenda to be heard by the commission within thirty business days from the date the appeal was received. The zoning administrator shall include the detailed site plan, the appeal, and a summary of the zoning administrator's reasons for disapproving the detailed site plan.

This detailed site development plan is not eligible for administrative approval as the parcel is over 2 acres in size and contains more than two buildings.

D. City plan commission approval. Pursuant to this Code, the city plan commission, in addition to the powers and duties identified in this chapter, shall have final authority on approval of all other detailed site development plans, unless a zoning condition, contract provision, other city code provision or state law require the detailed site development plan to be approved by city council.

1. The planning division shall make its recommendations to the city plan commission within thirty days after a complete application is submitted.
2. The city plan commission shall hold a public hearing at its regular meeting that is within thirty days from receipt of department recommendations.
3. The commission shall consider the following information when approving a proposed detailed site development plan: the boundaries of the tract proposed for development; location and arrangement of structures; determine if the use conforms to applicable zoning regulations, determine if historic landmark commission approval has been granted for architectural design of all structures if located in a historic district and the design conforms to such approval; location of utility rights-of-way and easements and stormwater drainage; vehicular and pedestrian ways; on-site parking areas; location of open spaces and landscape planted areas.
4. In no instance shall the city plan commission have authority to vary the yard standards applicable to the district.

5. The city plan commission shall approve the plan if it complies with all applicable code provisions.

Planning Staff has reviewed the detailed site development plan and recommends approval as it meets all of the requirements.

Plan El Paso- Future Land Use Map Designation

All applications for detailed site plan review shall demonstrate compliance with the following criteria:

G-4 – Suburban (Walkable): This sector applies to modern single use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

S-D (Special Development District): This zoning district consists of mixed-use projects, integrated in design, in certain older residential areas where there is a desire to permit a variety of nonresidential uses while maintaining the established residential appearance and landscaping of the area. They are designed to ensure compatibility with existing uses in the district; to permit the production, exhibit or sale of goods and the providing of services to the public in such older residential areas; to protect the traffic capacity of streets serving such older residential areas; to encourage flexibility by prescribing general performance standards for such older residential areas; and to protect the environment of adjacent areas. Older areas of the city shall be deemed those areas where development has existed for at least twenty-five years.

COMMENTS:

Planning and Inspections Department - Planning Division – Transportation

No objections. All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall follow the City of El Paso Design Standards for Construction and be ADA/TAS compliant.

Sun Metro

Sun Metro does not oppose this request. Recommends the construction of sidewalks to permit pedestrian access to mass transit options. Route 16 provides services along Country Club and has a bus stop directly across Country Club and another 534 feet west of the subject site.

Planning and Inspections Department –Building Plan Review

No objection to proposed DSDP. At the time of submittal for building permits project will need to comply with all applicable provisions of the IBC, TAS and local municipal code

Planning and Inspections Department - Land Development

There are no objections to the proposed concept. However, at the improvement plan stage, the proposed ponding areas must have enough capacity to hold the developed runoff for a designed 100-yr storm event.

Planning and Inspections Department - Landscape

No objection to proposed DSDP. At the time of submittal for building permits project will need to comply with all applicable provisions of the IBC, TAS and local municipal code

Fire Department

Recommend Approval. Detailed Site Plan does not adversely affect the fire department. Please note section 503 Fire Apparatus Access Roads. 503.1.1 Building and facilities "...shall extent to within 150 feet of all portions of the facility..."

El Paso Water Utilities-Stormwater

EPWU Stormwater Engineering does not object to the subject request; however, the proposed ponding areas shall have enough capacity to hold the developed runoff for a designed 100-yr storm event.

El Paso Water Utilities

We have reviewed the above referenced subdivision and provide the following comments:

1. Sanitary sewer service is critical. The existing sanitary sewer main that extends along Country Club Rd. is very shallow. It is approximately 3.5 feet in depth. This main is further described under the sanitary sewer portion of the comments.
2. EPWU-PSB does not object to this request.

Water:

3. There is an existing 12-inch diameter water main along Country Club Rd., located approximately 18.5 feet north of the right of way centerline. This water main is available for service.

Sanitary Sewer:

4. From the intersection of Country Club and Hunters Glenn along Country Club Rd., there is an existing 8-inch diameter sanitary sewer main. This main dead ends at approximately 135 feet east of Hunters Glenn and it is approximately 3.5 feet in depth.

General:

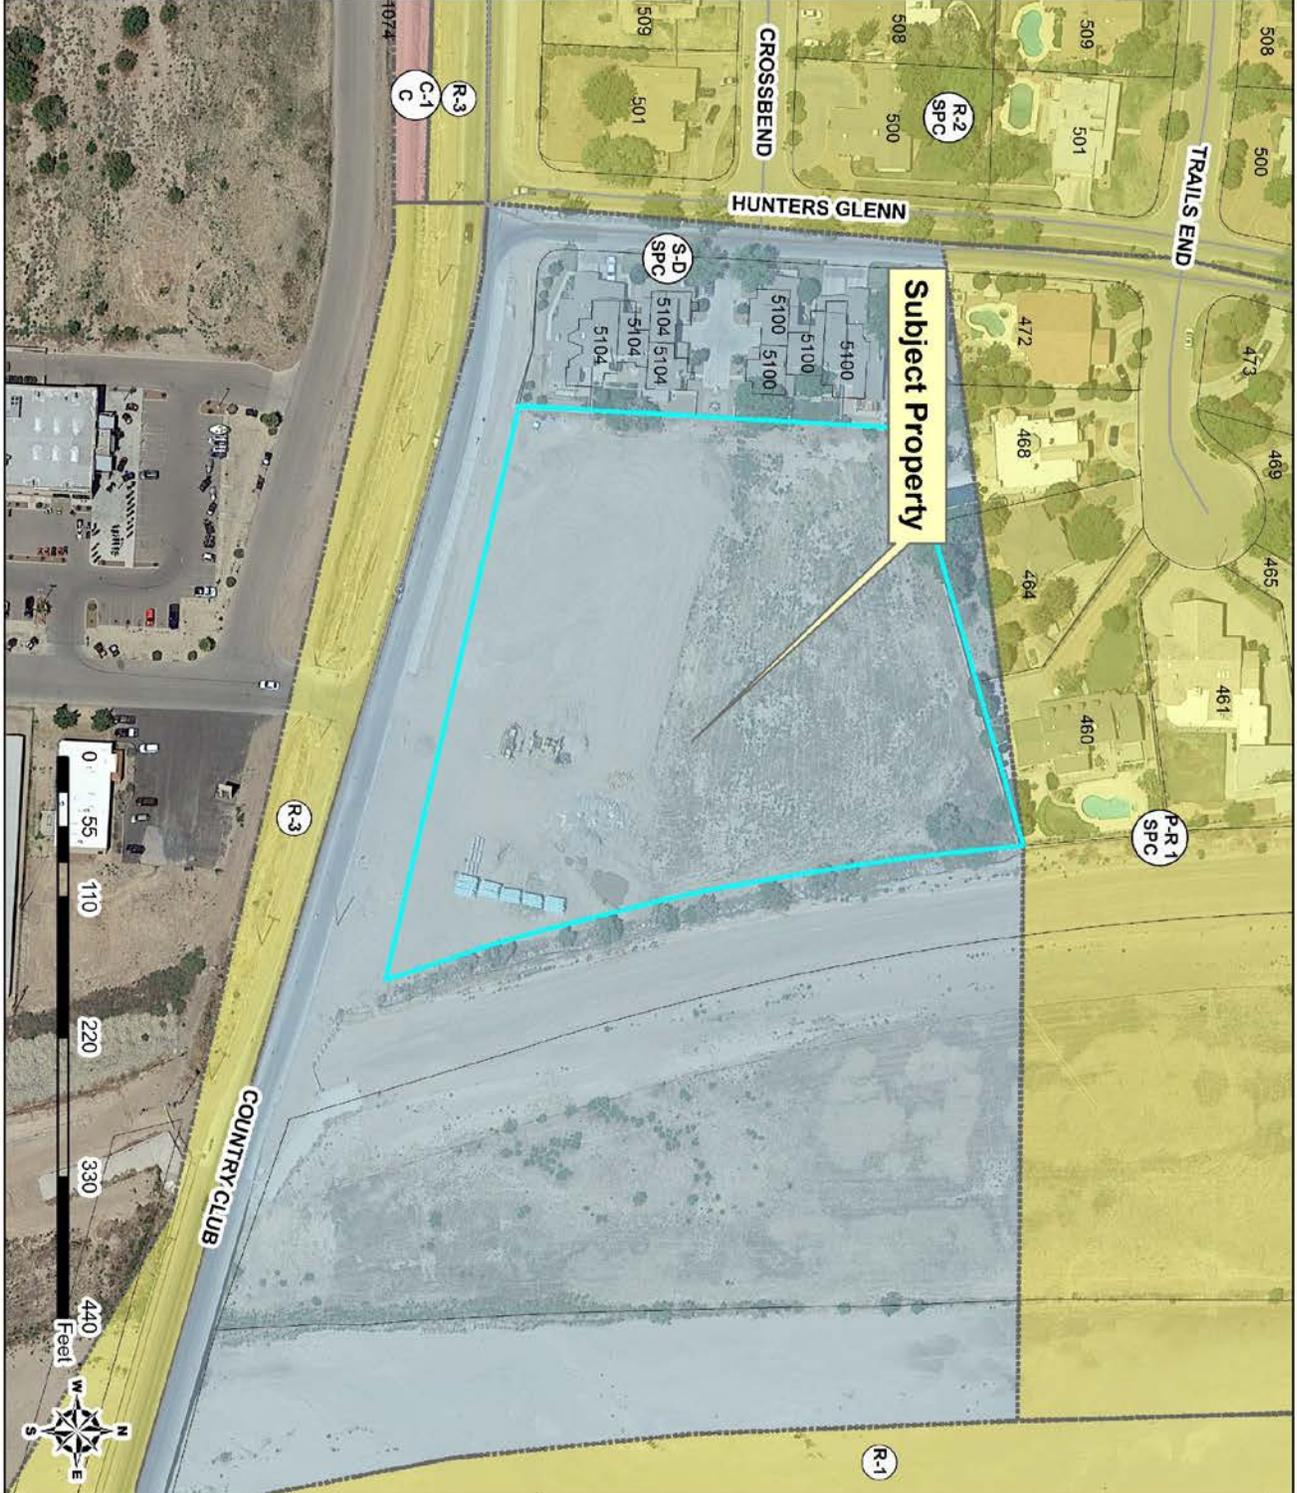

5. EPWU-PSB requires a new service application to serve the subdivision. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading & drainage plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

AN ORDINANCE AMENDING ORDINANCE #009352, WHICH CHANGED THE ZONING OF TRACTS 4A, 5A, 5B, 6A, 14 AND 15, BLOCK 7, UPPER VALLEY SURVEYS (PARCEL 5, UPPER VALLEY ANNEXATION), AND IMPOSED CERTAIN CONDITIONS, TO AMEND CERTAIN OF THOSE CONDITIONS ON THE PORTION OF THE PROPERTY PLATTED AND NOW KNOWN AS PORTIONS OF LOT 9, BLOCK 1, COUNTRY PLACE ESTATES. THE PENALTY BEING AS PROVIDED IN SECTION 20.68.010 OF THE EL PASO MUNICIPAL CODE.

WHEREAS, on 19 April 1988, the City Council of the City of El Paso considered Ordinance Number 009352, which changed the zoning of Tracts 4A, 5A, 5B, 6A, 14 and 15, Block 7, Upper Valley Surveys, from R-3 (Residential) to S-D (Special Development) and PR-I (Planned Residential), within the meaning of the zoning ordinance of the City of El Paso; and

WHEREAS, certain protective conditions were imposed on the property rezoned to minimize potential adverse impacts, and to ensure the appropriateness of the land uses allowed by the zoning change; and

WHEREAS, the current owners have requested modifications to those protective conditions; and

WHEREAS, a public hearing was held before the City Plan Commission regarding this request, and the City Plan Commission approved the amendment of the protective conditions;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EL PASO:

15 feet from Hunters Glenn Drive, except that forty (40) percent of the structure along Hunters Glenn Drive shall be set back 20 feet.

d. Parking shall be to the east side of the site, provided that accessibility for the disabled shall not be compromised.

e. A three and one-half (3 1/2) foot rock wall or suitable barrier shall be constructed between the parking area on the east property line and the adjoining S-D zoned area. Adjacent to the residentially zoned property, the rock wall shall comply with City code.

f. Landscape Plans are to be submitted for approval in accordance with the City of El Paso landscape ordinance, Chapter 20.65, El Paso Municipal Code. Landscaping shall be consistent with landscaping in adjoining Country Place residences. No rock or other walls may be built between Hunters Glenn Drive and the three buildings.

These conditions are necessary to ensure the public health, safety and welfare of the public, to ensure the compatibility of this development with adjacent land uses. These conditions run with the land, are a charge and servitude thereon, and bind the current property owner and any successors in title. The City may enforce these conditions by injunction, by rescission of the zoning which is made appropriate as a result of these conditions, or by any other legal or equitable remedy. The City Council of the City of El Paso may amend or release the above conditions in its discretion without the consent of any third person who may be benefitted thereby, and without affecting the validity of this ordinance.
