[mcelroyms@elpasotexas.gov](mailto:mcelroyms@elpasotexas.gov)

Michael McElroy, Planner, noted that there is a revised staff report for this item. Staff received one letter in opposition to this request.

The Planning Division recommends approval of rezoning the subject property from R-5 (Residential) to C-2 (Commercial). The rezoning brings the properties into conformance with their long-standing use, and provides for the development of the properties into true retail establishments.

Paul Gilcrease with Bearing Development concurred with staff's comments.

Commissioner Wright asked if there was anyone in the public who wished to speak in favor or against this request. The following persons spoke in opposition to this request.

Patricia Osmond stated that some of Mr. McElroy's comments were incorrect. She expressed concern regarding increase in shootings in this area and noted that if the rezoning would be changed from residential to commercial it would impose a greater risk and danger for residents.

Alex Hoffman, Lead Planner, noted that part of what initiated this rezoning request was because of the parking. Parking that is part of the residentially zoned property can not be serving the commercial zone. If the rezoning request is granted, it will legalize the existing parking.

Carlos Gallinar, Deputy Director for Planning, clarified that the information provided by Mr. McElroy is correct and that the detailed site plan outlines the two subject properties that are in question.

Jesus Ramos also expressed concern about parking. He noted that by approving this request, it will cause a greater risk and danger to the residents because of people parking there illegally late at night.

Paul Gilcrease clarified that if the rezoning is approved the residential uses will cease to exist and the will become light retail uses.

**ACTION:** Motion made by Commissioner Grambling, seconded by Commissioner Ardovino, and unanimously carried to **APPROVE PZRZ13-00045.**

Motion passed.

Since the property is smaller than the one acre minimum for the RMU, City Council will be requested to make an exception to the minimum district area.
