An ordinance granting certain rights and
privileges to the El Paso Electric Light Company.

Be it ordained by the City Council of
the City of El Paso.

Sec 1 That the right and privilege be granted and the
same are hereby granted unto the El Paso
Electric Light Company of erecting its poles on
any and all of the Streets, Alleys and other
public grounds of the City of El Paso and of
stringing and conducting its wires through
across and under any and all of the Streets
Alleys, side walks or other public places of said
City, said poles to be erected and said
wires to be strung in such manner as
the business of said Company may demand
Provided that said poles and wires shall
in no case interfere with public rights
or infringe upon private property. and
provided further that said poles and wires
shall be subject to be ordered removed
or changed at any time it may be made
to appear to the City Council of El Paso that
the same are an obstruction to the use
of said Streets, Alleys or public grounds
or infringe upon private property

Sec 2 Said Company shall be required to com-
-mence in good faith work on the Construc-
-tion of its Electric Light plant in
said City within 60 days from the
passage and approval of this ordinance
and to have the same Completed and

ready to furnish light within six months from date.

Sec 3 Said Company shall be required to give bond to the City of El Paso in the sum of 2000.00 Conditioned for the faithful compliance by it with the provisions of this ordinance.

Sec 4 The rights and privileges hereby granted shall extend and exist for the term of twenty five years from the date of the approval of this ordinance by the Mayor, provided that a failure to comply with any of the provisions of this ordinance shall work a forfeiture of all the rights and privileges hereby granted

Sec 5 This ordinance shall take effect and be in force from and after its passage and approval

City Engineer Ashton made application for a new transit.

Motion Sec'd & Carried. that the Chairman of the Finance Committee negotiate for the purchase of an instrument for the City Engineer.

The following report of the City Engineer was read, to wit

La Porte County 4th 1889

To the Hon. the mayor and City Council of La Porte

Gentlemen.

In accordance with your order, I have to report herewith the locations within the City on the L.S. & M.S.R.R. and the Short Cut R.R. where Culverts for drainage are necessary

The Culvert at main st. on the west side of Ash is obstructed on its south side by considerable earth which should be removed, and on the north side the side walls and gutter should be arranged to admit the water from above.

The hole on the east side of Ash st and north of Main should be filled up.

The ditch running parallel to main between N. Oregon and San Francisco needs cleaning out again, and in this connection it would be well to deepen the gutter on the west side of N. Oregon for a distance of say 100 ft above main and deepen it into the

parallel ditch, placing a plank crossing at the point where it will pass under the side walk

A culvert is needed under the St Car R.R. across San Antonio Street in front of the post office to convey the drainage of Stanton, Dryden and San Antonio Streets down the East side of Stanton Street.

I would recommend that the Culvert be constructed in the shape of a T on the north side, the two inlets to be riprapped to keep out obstructions &c, all inlets and outlets to Culverts in the City should be cleaned frequently.

Respy

F Anderson

City Engr.

The report of the Engr was received and approved, and on motion Council. the Street Commissioner Capt Hudson was ordered to do the required work under the supervision of the City Engineer.

The following claims allowed by the Finance Com'te. To wit:
