Council Room July 6th 1886

Regular meeting of the City Council above date. Alderman Buchanan Mayor Pro Tem. in the Chair. directed the roll called. Present. Aldermen — Dietz. Schuster, Hills. Bassett. Marshal Boring present. Reading of minutes of preceding meeting dispensed with.

Moved and seconded. that the tax rolls for the fiscal year 1885. be approved. and same turned over to the Assessor & Collector carried.

The Comte on Streets Grades &c report as follows. Your Comte to whom was referred the statement made in reference to Lot thirty in Block Five at Corner of San Antonio and Oregon Streets by Messrs Rowland. Morrison. Glenn and Burris beg leave to report. that Mr Rowland states he no longer has any interest in the matter. that Mr Glenn states he wishes Lot thirty to stand according to a correct survey of said lot. according to Anson Mills map and survey.

Your Comte have been aided by an investigation of the record of deeds concerning said lot and find as follows. that Nicolas St Vrain and wife conveyed said property by deed dated April 10. 1865. recorded May 28. 1886 to Maria Rohman and described it as "Fraction of lot thirty situated in Block Five" that on Oct 22nd 1881 by deed recorded Dec 5th 1881. Maria Rohman conveyed said lot to J F Morrison and J R Burris describing it as "Lot No. thirty in Block Five according Map and plan of said town of El Paso Texas as made by Anson Mills Surveyor."

that on May 5th 1881 by deed recorded March 15th 1881 W C Cook by Wm Caldwell attorney in fact conveyed to J R Burris and J F Morrison and described the property as "land situated on San Antonia Street El Paso County Texas in the City of El Paso and known as lot thirty as shown upon the Map of said City made by Anson Mills,

That on May the 6th 1886 by deed of partition recorded May 20th 1886 J. F. Stanton, W. J. Adams and W. E. Kneeland, conveyed to J. R. Lewis by description as follows. "Being a part of Lot 30. in Block 6 in according to Anson Mills Map of said City, beginning at a point where the Northerly line of San Antonio Street intersects the Easterly line of Oregon Street. thence Easterly along the North line of San Antonio Street. Thirty 60/100 feet. thence at right angles with San Antonio Street to Texas Street 62 1/2 feet more or less. thence Southwesterly along the South line of said Texas Street to the East line of Oregon Street. thence Southerly along the East line of Oregon Street to the point or place of beginning."

1st Your Comes therefore find. that by no deed have any of the owners ever claimed more than Lot 30 Block 6 according to Anson Mills Map of Eel River.

2nd That by the last deed on record dated May 6th 1886 and recorded May 20th 1886. conveying a part of this property to J. R. Lewis. and by which he claims and holds title. this property is declared to be Lot 30. in Block 6. according to Anson Mills map of said City. and further described in said deed as bounded on the South by San Antonio Street. on the North by Texas Street and on the West by Oregon Street. the calling for these Streets. had nothing more been said would have been a dedication of them to the public. had any title or claim of title ever been made to any part of the Streets adjoining said Lot Thirty.

We further think as these various owners of said property have always by their deeds and by their acceptance of such deeds described said property as Lot 30. Block 6. according to Anson Mills

map. they have now no right to make any claim to more than is actually within the lines of lot 30. and that they are restrained and debarred from making any such claims. We submit a survey of said lot as made by City Engineer Porter showing certain obstructions adjoining lot 30. and in Oregon and Texas Streets. these obstructions are unlawful and should not be allowed - We therefore earnestly recommend that all said obstructions be ordered removed at once.
