REQUEST FOR COUNCIL ACTION (RCA)**

DEPARTMENT: Engineering

AGENDA DATE: January 2, 2008

CONTACT PERSON/PHONE: Terrence Freiburg, Purchasing Manager, Financial Services, (X-4313)
R. Alan Shubert, P.E. City Engineer, (X-4423)

DISTRICT(S) AFFECTED: 2

SUBJECT:

Bid No. 2008-037, Storm 2006: McKelligon Canyon Park Road & Drainage Improvements

BACKGROUND / DISCUSSION:

Recommend contract be awarded to Dan Williams Company, as the lowest bidder, most responsive and responsible bidder meeting specifications, for an estimated contract amount of \$1,490,538.00. Contract is for a period of one hundred twenty (120) consecutive days.

The project consists of the repair and replacement of existing drainage structures, park infrastructure and damaged road sections at various locations. The drainage infrastructure improvements will minimize drainage and erosion problems in the park.

AGENDA DATE: January 2, 2008	Lowest responsive and responsible bidder
	CONTRACTOR: Dan Williams Company
	AMOUNT: \$1,490,538.00

RECOMMENDATION:

Discussion and action on the award of Solicitation No. 2008-037 for the Storm 2006: McKelligon Canyon Park Road & Drainage Improvements Project, to Dan Williams Company for a total amount of \$1,490,538.00.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

As part of the award of this contract, the City Engineer is authorized to approve contract changes which are necessary for proper construction of the work and carrying out the intent of the design, but which do not increase the scope of the contract as awarded, in an amount not to exceed \$25,000.00 per numbered change order without further authorization by City Council.

This is a low bid, lump-sum contract. The Financial Services and Engineering Departments recommend award as indicated to the lowest responsive, responsible bidder.

DESCRIPTION OR EXPLANATION:

Base Bid I \$1,490,538.00

TOTAL RECOMMENDED AWARD: \$1,490,538.00

TIME FOR COMPLETION: 120 Consecutive Calendar Days

LIQUIDATED DAMAGES: \$545.00/Calendar Day

Scope of Work**

**Storm 2006: McKelligon Canyon Park Road & Drainage
Improvements
Solicitation No. 2008-037**

BASE BID

This work consists of the repair and replacement of existing drainage structures, existing park infrastructure and damaged road sections at numerous locations. The roadway section that will be replaced will be with asphalt pavement or reinforced concrete pavement, as shown in the plans. This work also includes the replacement of an existing pedestrian bridge with a new pre-fabricated pedestrian bridge at the same location. Behind the amphitheater, a new similar pedestrian pre-fabricated bridge will be constructed as shown in the plans. The excavation and grading proposed at the various site locations will be limited to the approximate limits shown in the plans and is to blend with the natural surrounding of the site. Clearing and grubbing will be part of this scope of work but limited to the areas adjacent to the low-water crossings so as to remove and clear the debris that accumulated during the 2006 El Paso Storm. This clean-up work that is included as part of the scope is subsidiary work to all the specific bid items of this contract.

Contractor shall be responsible for submitting a traffic control plan approved by the City of El Paso - Traffic Division no later than two weeks prior to the start of construction.

Notes:

Contractor shall coordinate all construction activity with the City of El Paso Engineering Department Inspector. Also coordinate utility line spotting within street right of way, private property, or easements with appropriate utility companies.

The project will be accomplished as shown in the plan drawings/specifications or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed, and must be completed within the time specified for this project in the notice to proceed.

- A Notice to Proceed shall be issued for the entire project and liquidated damages shall apply at the end of the project duration.

Prior to commencement of any work, contractor shall submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, Traffic Control Plan (where applicable), and Haul/Waste Route to an approved disposal site.

The description of this scope of work, as shown, represents a general overview of this project. Contractor shall refer to the project plans, specifications and drawing details for further information.

This is a Lump Sum Project.
