---

The City Plan Commission (CPC), on November 6, 2008, voted **6-0** to recommend **APPROVAL** of rezoning subject property from C-1 (Commercial) to C-3 (Commercial).

The CPC found that the rezoning is in conformance with The Plan for El Paso and the proposed use is in conformance with the Year 2025 Projected General Land Use Map. The CPC also determined that the rezoning protects the best interest, health, safety and welfare of the public in general; that the proposed use is compatible with adjacent land uses; and the rezoning will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

The applicant changed the rezoning request from C-1 (Commercial) to C-3 (Commercial) from the original request, C-1 Commercial to C-4 Commercial at the CPC hearing.

There were no letters or phone calls received in support or opposition to the rezoning request.

**NEIGHBORHOOD ASSOCIATIONS:** Northeast El Paso Civic Association

### **APPLICATION DESCRIPTION**

The applicant is requesting to rezone the subject property from C-1 (Commercial) to C-4 (Commercial) to allow for a body shop. Access is proposed via Dyer Street. There are no conditions on this property and it is currently used as a body shop.

### **NEIGHBORHOOD INPUT**

Notice of the public hearing was mailed to all property owners within 300 feet of this proposed rezoning on October 15, 2008. Planning did not receive any calls or letters in support of or opposition to this request.

**The Plan for El Paso –City-wide Land Use Goals:  
For Regional Commercial Rezoning**

- a. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses.
- b. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city's neighborhoods.
- c. Goal: encourage the provision of neighborhood commercial services which are compatible with a neighborhood's residential character.

The C-4 (Commercial) district requested does not meet goals a, b, and c of the Plan for El Paso. The purpose of the regional commercial district is to provide for locations for the most intensive commercial uses intended to serve the entire city. The most intense permitted uses on the C-4 Regional Commercial district include:

**Motor Vehicle & Service Operations**

Ambulance Service Station  
Automobile (sales, service, storage & rental)  
Automotive Repair Garage  
Boat, boat-trailer (sales, service, storage & rental)  
Bus (sales, service, storage & rental)  
Contractor equipment (sales, storage, repair & rental)  
Farm Equipment (sales, storage, repair & rental)  
Heavy Equipment (sales, storage, repair & rental)  
Heavy Truck (sales, storage, repair & rental)  
Manufactured home (sales, display & repair)  
Mobile home (sales display repair)  
Motor vehicle repair major  
Recreation Vehicle Park  
Trailer, 18-wheeler (sales, display & repair)  
Truck Stop

**Light Manufacturing Uses**

Apparel Manufacturing  
Beverage Product Mfg.  
Bread & bakery product Mfg.  
Brewery (S)  
Comm. & Serv. Ind. Mfg.  
Comp. product Mfg.  
Dairy Product Processing  
Elect.Product Assembly/Mfg.  
Fab. Metal Product Mfg.  
Grain & Oil seed Milling

The regulations of the C-4 (Commercial) district are intended to permit heavy commercial uses characterized by automotive and light warehousing. The regulations are therefore intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities. The current zoning is not appropriate or compatible to the Plan for El Paso, the 2025 Projected Land Use Map, the surrounding land use (a mobile home park that houses a retirement community to the East of subject property, single family housing, churches and restaurants to the West, the Northeast Police Station to the South, and light automotive to the North).

**DEVELOPMENT COORDINATING COMMITTEE**

The Development Coordinating Committee provides the following comments:

The DCC recommends **Denial** of this request for rezoning from C-1 (Commercial) to C-4 (Commercial).

**Development Services Department - Building Permits and Inspections Division:**

Zoning Review: Automotive repair garage permitted on proposed C-4 (Commercial) District. Meets district's minimum yard standards. Insufficient data submitted to determine compliance with off-street parking and loading standards. Shall need to provide six foot high masonry screening wall along the property line abutting the Apartment-Mobile Home District.  
Landscape Review:

**Development Services Department - Planning Division:**

Current Planning: Recommends **Denial** of rezoning request from C-1 (Commercial) to C-4 (Commercial). Request is not compatible to the surrounding land uses, the projected land use map and the Plan for El Paso. The C-4 district permissible uses are too intense for the abutting residential developments to the West and East.

Land Development: No comments Received

**Engineering Department - Traffic Division:**

**El Paso Water Utilities:**

### **CITY PLAN COMMISSION OPTIONS**

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application

- 1 Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan.
- 2 Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
- 3 Deny the application finding that the rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.
