REQUEST FOR COUNCIL ACTION (RCA)**

DEPARTMENT: Engineering

AGENDA DATE: January 8, 2008

CONTACT PERSON/PHONE: Terrence Freiburg, Purchasing Manager, Financial Services, (X-4313)
R. Alan Shubert, P.E. City Engineer, (X-4423)

DISTRICT(S) AFFECTED: 2

SUBJECT:

Bid No. 2008-050, Storm 2006: Joyce Circle Drainage Improvements

BACKGROUND / DISCUSSION:

Recommend contract be awarded to Southwest Growth Corporation, as the lowest bidder, most responsive and responsible bidder meeting specifications, for an estimated contract amount of \$494,702.94. Contract is for a period of two hundred ten (210) consecutive calendar days.

The project consists of replacing and upgrading existing drainage inlets and storm piping to increase the capacity of the storm drain. The drainage infrastructure improvements will minimize drainage problems in the area.

Lowest responsive and responsible bidder

AGENDA DATE: January 8, 2008 **CONTRACTOR:** Southwest Growth Corporation
TOTAL ESTIMATED MINIMUM AMOUNT: \$494,702.94

RECOMMENDATION:

Discussion and action on the award of Solicitation No. 2008-050 for the Storm 2006: Joyce Circle Drainage Improvements to Southwest Growth for a total estimated minimum amount of \$494,702.94.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

Work under this unit price contract is only an estimated minimum value and will be ordered, performed, invoiced, and paid by measured quantity. The actual cost of this contract may be higher or lower than the total estimated minimum value and will be the sum total of unit prices at the end of the contract term.

As part of the award of this contract, the City Engineer may, without further authorization from City Council, approve contract changes which are necessary for proper construction of the work and carrying out the intent of the design, which are in accordance with applicable law and which do not make changes to the unit price and increased funds are appropriated in the budget.

This is a low bid, unit-price contract. The Financial Services and Engineering Departments recommend award as indicated to the lowest responsive, responsible bidder.

DESCRIPTION OR EXPLANATION:

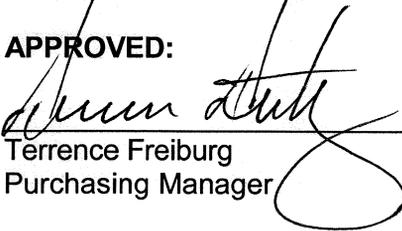

Base Bid I	\$325,465.91	Alternate #1	\$21,400.00
Base Bid II	\$44,678.25		
Base Bid III	\$103,158.78		

TOTAL ESTIMATED MINIMUM AWARD: \$ 494,702.94

TIME FOR COMPLETION: 210 Consecutive Calendar Days

LIQUIDATED DAMAGES: \$925.00/Calendar Day

DATE: December 13, 2007

SUBJECT: Storm 2006: Joyce Circle Drainage Improvements
Solicitation No. 2008-050

We are recommending that the above mentioned project be awarded to the lowest responsive, and responsible bidder, Southwest Growth Corp. We are recommending that the following be awarded:

Base Bid I	\$ 325,465.91
Base Bid II	\$ 44,678.25
Base Bid III	\$ 103,158.78
Alternate I	\$ 21,400.00

Total Base Bid I, Base Bid II, Base Bid III, and Alternate I \$ 494,702.94

If you have any questions or need additional information please contact me at Ext. #4630.

Thanks.

**City of El Paso
Scope of Work**

**Storm 2006: Joyce Circle Drainage Improvements
Solicitation No. 2008-050**

BASE BID

Contractor will be responsible for providing all work, material and equipment to successfully complete the project.

The project consists of the installation of Base Bid I, Base Bid II, Base Bid III, Alternate 1 and Alternate 2.

Base Bid I - Consists of the installation of 692 lineal feet of 36 inch and 55 feet of 24 inch reinforced concrete pipes to include excavation, backfill and compaction, 4 -72 inch manholes, 5 and 2-9 grate drop inlets Type II, 3 and 6 grate drop inlets Type I, removal and replacement of approximately 3,000 square yards of asphalt and base, removal of an existing drop inlet and installation of 5 City monuments. The preparation and installation of a traffic control plan and storm water pollution prevention plan. Preparation and execution of a trench safety plan.

Base Bid II – Water

Consists of the installation of approximately 765 lineal feet of 6 inch water line to include excavation, backfill, compaction, and patch paving where required. Replacement and reconstruction of $\frac{3}{4}$ inch water service lines together with all necessary fittings, meter boxes, and required accessories to include excavation, backfill and compaction. Remove and replacement of Fire Hydrant, 12 inch steel casing for water line crossings. Preparation and execution of a trench safety plan.

Base Bid III – Sewer

Consists of the installation of approximately 824 lineal feet of eight (8) inch sanitary sewer line to include excavation, backfill, compaction and patch paving where required. Replacement and reconstruction of a four (4) inch sanitary sewer service lines together with all necessary fittings. Installation of thirteen (13) 48 inch sanitary sewer manholes complete in place to include excavation, backfill and compaction; 16 inch steel casing for sanitary sewer crossings. Cement capping of six (6) existing 48 inch sanitary sewer manholes. Preparation and execution of a trench safety plan.

Alternate 1 – Consists of the resurfacing of approximately 900 lineal feet of a 20 feet alley.

Alternate 2 – Consists of pond excavation, a 24 inch reinforced concrete pipe, concrete outlet structure, 4-Grate drop inlet type 1, 320 perches of a 6 feet rockwall, 1,450 square feet of sidewalk, a 20 feet concrete driveway, a 20 feet wrought iron gate, and 6 tons of loose rock rip rapped.

Notes:

Contractor must coordinate at all times construction activity with the Street and Engineering Department Inspectors. Also, coordinate utility line spotting within street R.O.W., private property, or easements with appropriate utility companies.

The project will be accomplished as shown in the plan drawings/specifications or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed, and must be completed within the time specified for this project in the notice to proceed.

- A Notice to Proceed shall be issued for the entire project and liquidated damages shall apply at the end of the project duration.

Prior to commencement of any work, contractor shall submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, Traffic Control Plan (where applicable), and Haul/Waste Route to an approved disposal site.

The description of this scope of work, as shown, represents a general overview of this project. Contractor shall refer to the project plans, specifications and drawing details for further information.

This is a Unit Price Project.
