Ted Marquez , Traffic Engineer Mgr. ;

My name is Socorro E. Moreno. I am doing a complete remodel of a previous restaurant at 2224 E. Yandell Dr. . I have limited parking inside my property line , and therefore I'm concerned for the convenience of my customer parking. At my own expense , I would like to request permission from the City of El Paso to install diagonal parking spaces on both sides of the street / on the 700 block of Palm St. , between Yandell Dr. and the Alley Way before reaching Wyoming Dr. . The East side of Palm Street would have (10) parking spaces , and West side of Palm Street would have (8 or 9 ) parking spaces. All work would be designed by DORADO ENGINEERING , and meet all city codes. I am fully aware that this parking would be available to any and all cars wanting to park and use these spaces , because they are legally (OFF-STREET PARKING SPACES ) , open to all. I am requesting permission from City Traffic Engineering / and City Council to begin construction on the diagonal parking.

Sincerely ,

Socorro E. Moreno
