

**CITY OF EL PASO, TEXAS  
REQUEST FOR COUNCIL ACTION (RCA)**

**DEPARTMENT:** Engineering Department

**AGENDA DATE:** January 29, 2008

**CONTACT PERSON/PHONE:** Terrence Freiburg, Purchasing Manager, Financial Services, (X-4313)

R. Alan Shubert, P.E., City Engineer, (X-4423)

**DISTRICT(S) AFFECTED:** 4 & 7

**SUBJECT:**

Award of Solicitation Number 2008-051, Concrete Intersection Improvements Phase I; Pellicano @ Lomaland & McCombs @ Railroad to C.F. Jordan L.P. for a total amount of \$1,597,133.00.

**BACKGROUND / DISCUSSION:**

Recommend contract be awarded to C.F. Jordan, L.P., as the lowest most responsive and responsible bidder meeting specifications, for an estimated contract amount of \$1,597,133.00. Contract is for a period of eighty (80) consecutive workdays.

The project consists of intersection improvements at both the Pellicano @ Lomaland & McCombs @ Railroad Intersections. The existing intersections will be demolished and replaced with a new concrete pavement cross-section. Additionally, the intersections shall be graded to ensure proper drainage. The intersections will also be constructed so as to improve turning movements of the traffic. Both intersections handle heavy traffic loads and the projects cannot help but limit smooth traffic flow. The intersections will always have at least one lane open in both directions. Additionally, public information announcements will be made to alert the driving public of the construction at these intersections.

**PRIOR COUNCIL ACTION:**

N/A

**AMOUNT AND SOURCE OF FUNDING:**

Funding sources are: Project-PCP06ST008, DeptID-99331117, Fund-27263, Account-508027 and Project-PCP06ST005-DeptID-99331117; Fund-27263; Account-508027

**Lowest responsive and responsible bidder**

**AGENDA DATE:** January 29, 2008

**CONTRACTOR:** C.F. Jordan, L.P.

**TOTAL ESTIMATED MINIMUM AMOUNT:** \$1,597,133.00

**RECOMMENDATION:**

Discussion and action on the award of Solicitation No. 2008-051 for Concrete Intersection Improvements Phase I: Pellicano @ Lomaland & McCombs @ Railroad to C.F. Jordan, L.P., for a total estimated minimum amount of \$1,597,133.00.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

Work under this unit price contract is only an estimated minimum value and will be ordered, performed, invoiced, and paid by measured quantity. The actual cost of this contract may be higher or lower than the total estimated minimum value and will be the sum total of unit prices at the end of the contract term.

As part of the award of this contract, the City Engineer may, without further authorization from City Council, approve contract changes which are necessary for proper construction of the work and carrying out the intent of the design, which are in accordance with applicable law and which do not make changes to the unit price and increased funds are appropriated in the budget.

This is a low bid, unit-price contract. The Financial Services & Engineering Departments recommend award as indicated to the lowest responsive, responsible bidder.

**DESCRIPTION OR EXPLANATION:**

Base Bid I	\$605,045	Base Bid III A	\$41,701
Base Bid II	\$788,152	Base Bid IV A	\$36,955
Alternate I	\$75,600	Base Bid III B	\$4,040
Alternate II	\$44,840	Base Bid IV B	\$800

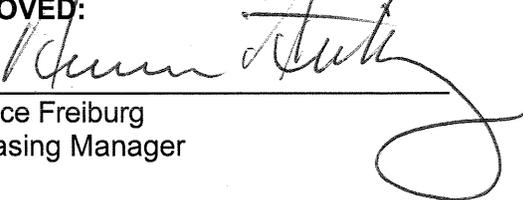

**TOTAL ESTIMATED MINIMUM AWARD: \$ 1,597,133.00**

**TIME FOR COMPLETION:** 80 Consecutive Work Days

**LIQUIDATED DAMAGES:** \$500/Work Day

---

**APPROVED:**

  
Terrence Freiburg  
Purchasing Manager

CITY CLERK DEPT.  
08 JAN 24 AM 8:35

**CONCRETE INTERSECTION IMPROVEMENTS PHASE I:**

**PELLICANO at LOMALAND & McCOMBS at RAILROAD**

**SOLICITATION NO. 2008-051**

**SCOPE OF WORK**

As a part of the City Wide Construction of Concrete Intersections, Phase I consist of the construction of the Pellicano @ Lomaland Intersection (Base Bid I) and the McCombs @ Railroad Intersection (Base Bid II). The existing intersections shall be demolished and replaced with a new concrete pavement cross-section. The intersections shall be graded to ensure proper drainage and shall be constructed to improve turning movements.

**Base Bid I: Pellicano @ Lomaland**

This will require establishing traffic control and erosion control devices. Selective demolition of the existing structures running the span of the intersection, which includes, but not limited to, demolition of the street, curb and gutter, several driveways, (concrete, asphalt) walkways and parkways. Demolition will also include the salvaging of the existing traffic lighting and necessary appurtenances for construction.

The improvements will include the construction of the intersections, curb and gutter sidewalks, including accessible ramps with truncated domes, signage and striping. Construction will also include replacing of the existing traffic lights with a new system and upgrading the illumination of the intersection.

**Alternate 1: Pellicano @ Lomaland**

This will require the demolition of additional sections of pavement and installing additional areas of concrete pavement. This shall include replacement of pavement, curb and gutters and sidewalks.

**Base Bid II: McCombs @ Railroad**

This will require establishing traffic control and erosion control devices. Selective demolition of the existing structures running the span of the intersection, which includes, but not limited to, demolition of the street, curb and gutter, several driveways, (concrete, asphalt) walkways and parkways, traffic barriers and guard rails. Demolition will also include the salvaging of the existing traffic lighting and necessary appurtenances for construction.

The improvements will include the construction of the intersections, curb and gutter sidewalks, including accessible ramps with truncated domes, signage and striping. Construction will also include replacing of the existing traffic lights with a new system and upgrading the illumination of the intersection.

**Alternate II: (McCombs @ Railroad)**

This will require the demolition of additional sections of pavement and installing additional areas of concrete pavement. This shall include replacement of pavement, curb and gutters and sidewalks.

**Base Bid III A: Pellicano @ Lomaland Water Line**

These items include the construction of new water lines to parallel existing water lines located within the intersections. This item includes, but not limited to, the placement of the parallel line and the crossing over of the services which are depicted on the plans.

**Base Bid IV A: McCombs @ Railroad Water Line**

These items include the construction of new water lines to parallel existing water lines located within the intersections. This item includes, but not limited to, the placement of the parallel line and the crossing over of the services which are depicted on the plans.

**Base Bid III B: Pellicano @ Lomaland Sanitary Sewer**

These items include the construction of new sewer lines to parallel existing sewer lines located within the intersections. This item includes, but not limited to, the placement of the parallel line and the crossing over of the services which are depicted on the plans.

**Base Bid IV B: McCombs @ Railroad Sanitary Sewer**

These items include the construction of new sewer lines to parallel existing sewer lines located within the intersections. This item includes, but not limited to, the placement of the parallel line and the crossing over of the services which are depicted on the plans.
