## Ranger Peak Tower 800Mhz and P-25 Project

- This site serves as a standalone trunked repeater site, enhancing the new P-25 digital system coverage, but also crucial in providing a means for a backup analog site to replace City Hall during the project transition
- Initial term of five (5) years with an option to extend for additional five (5) year terms
- Cost to City \$900 per month (\$10,800 per annum) for rent with a 3% annual increase for additional fees and operating cost
