The conceptual plan shows a 246-unit apartment complex, a clubhouse, and a swimming pool. Access to the property is from Sean Haggerty Drive and Marcus Uribe Drive.

DEVELOPMENT COORDINATING COMMITTEE RECOMMENDATION

The Planning Division recommends **APPROVAL** of rezoning the property from A-2 (Apartment) to A-3 (Apartment).

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of rezoning the property from A-2 (Apartment) to A-3 (Apartment) with the following conditions:

That the density of the property shall not exceed 334 multi-family units.

The Plan for El Paso-City-Wide Land Use Goals

All applications for rezoning shall demonstrate compliance with the following criteria:

- a. Goal: develop a balanced and complete community which contains a mix of land uses and densities, housing types and styles, economic development, job opportunities, educational opportunities, and outlets for social and cultural expression.
- b. Goal: protect residential areas from incompatible land uses and encroachment which may have a negative impact on the residential living environment.
- c. Goal: preserve, protect, and enhance the integrity, economic vitality, and livability of the city's neighborhoods.

The purpose of A-3 (Apartment) districts is to promote and preserve residential development within the city associated with a landscape more urban in appearance and permitting a mixture of housing types. It is intended that the district regulations allow for medium densities of dwelling units supported by higher intensity land uses located at the periphery of single-family neighborhoods providing that the overall character and architectural integrity of the neighborhood is preserved. The regulations of the districts will permit building types designed for transition from areas of low density residential neighborhoods to other residential areas, and certain nonresidential uses and support facilities.

Development Services Department - Building Permits and Inspections Division
