AN ORDINANCE AMENDING ORDINANCE 8064 (CLASSIFICATION AND COMPENSATION PLAN) TO AMEND THE CLASSIFICATION AND COMPENSATION PLAN IN ITS ENTIRETY

WHEREAS, revisions to the City Charter, the Civil Service Rules, administrative procedures, and the adopted budget resolution necessitates appropriate revisions to the City's Compensation and Classification plan, adopted as Ordinance No. 8064 in 1984.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EL PASO:

That Ordinance 8064, the Classification and Compensation Plan, shall be amended as follows:

Section 1. INTRODUCTION

1.1 TITLE

This ordinance shall be known as the Classification and Compensation Plan for the City of El Paso and shall cover all positions in the classified service as hereinafter set forth.

Section 2. CLASSIFICATION PLAN

The Classification Plan in use by the City when this ordinance is adopted shall be the official Classification Plan of the City of El Paso.

The Classification Plan consists of three basic parts, as follows:

1. A listing of established classifications and written job specifications to cover each classification included in the plan.
2. A system for keying all covered positions into the Plan, so that each position can be suitably identified.
3. Rules and procedures for keeping the classification Plan up-to-date.

2.1 ALPHABETICAL LISTING OF CLASSES

The alphabetical listing of job classes in use by the City when this ordinance is adopted shall be the official listing of established job classification titles with their corresponding codes and grades which are hereby adopted as covering all positions included in the classification Plan. The Human Resources Director or his designee shall create and maintain a document titled Ordinance 8064 Appendix "A" (Job Classifications). The Human Resources Director or his designee shall maintain an updated Appendix "A" following any classification changes.

2.2 ADOPTION OF CLASS SPECIFICATIONS

The classification specifications describing the typical duties and defining the minimum requirements for all positions in the classified service currently adopted and in use by the City are hereby adopted.

A) The title of each classification specification shall be the official classification designation to which positions are assigned.

B) Each classification specification will include a general purpose statement that has a definition of the distinguishing characteristics of each classification in the Plan. It shall indicate and be construed as setting forth in general terms only the scope of responsibility or responsibilities delegated, the inherent kind or kinds of work to be performed by employees in the job classification, as well as the type of supervision received, if any, and the extent of authority exercised over others, if any.

C) The job classification specifications shall describe typical duties that may be assigned. The duties listed are to be construed as setting forth examples representative of specific duties and tasks usually and customarily performed by employees in the classification of positions that involve the competent application of the normally required knowledge, abilities and skills. It is not to be assumed that each example listed will be performed by all employees within the job classification nor that any one employee therein will perform only the examples listed. The example of duties are illustrative only with respect to the class of positions as a whole and do not prescribe the duties of any employee holding a position therein. Department Heads shall have the right to assign employees to duties not included in the list of duties performed, provided such duties are similar in nature to those described, and utilize knowledge, abilities and skills of comparable scope or level to those required. In addition, Department Heads shall also have the right to assign employees to common miscellaneous duties not explicitly described when necessary for such organizational effectiveness and efficiency purposes as sustaining and balancing work flow, and developing employee capabilities. These general incidental assignments do not exceed the bounds of the job classification to which the incumbent's position has been allocated.

They include, but are not limited to the following examples:

- Temporarily substitute on designated aspects of work of absent employees as qualified.
- Impart functional knowledge to less experienced employees.
- Participate in special projects or represent the organization on ad hoc committees.
- Engage in selected responsibilities of other positions under closer than normal supervision for training purposes.
- Record and report status and results of activities.
- Maintain workplace, tools, equipment and materials in clean, orderly, safe and operable conditions.

D) The minimum qualifications section of job specifications shall be the basis for the admission or rejection of applicants to examinations for the respective job classes in the Plan.

E) Additions, deletions and revisions of classification specifications that do not affect the arrangement or rearrangement of a position or office into a class, subdivision or grade shall be made upon the authorization of the City Manager or his designee. Additions, deletions or revisions that affect the arrangement or rearrangement of a position or office into a class, subdivision or grade, shall be made upon the recommendation of the City Manager or the Human Resources Director by amendments made through resolution, upon approval of the Civil Service Commission and City Council.

2.3 ALLOCATION OF POSITIONS TO JOB CLASSES

Each position in classified service shall be evaluated and properly allocated in the classification plan by the Human Resources Department.

2.4 STAFFING TABLE CHANGES

Requests for additions or deletions of positions within departments shall be submitted to the Human Resources Department. The Human Resources Department, after review of the request in cooperation with the Office of Management and Budget, will submit a recommendation to City Manager or his designee who will make the final determination on the request. Any changes will be recorded in the Human Resources Department in a position control summary listing of all City departments.

2.5 MAINTENANCE OF THE CLASSIFICATION PLAN

The Human Resources Department shall be responsible for the administration and maintenance of the Classification Plan.

Section 3. COMPENSATION PLAN

The Compensation Plan consists of the Salary Schedules for General Services, Executive, Professional/Managerial and other positions in the classified service not covered by a collective bargaining agreement.

The Compensation Plan shall provide pay ranges according to varying levels of responsibilities and duties that enable the City to recruit and retain an effective workforce. It shall establish the value of jobs to the City organization and identify levels of compensation, including the minimums and maximums of the pay structure. Analyses of available wage and survey data shall be used to determine the competitiveness of the City's Compensation Plan in the labor market. Based on these analyses the Human Resources Department will recommend pay schedule adjustments to City Administrators for review and recommendation to City Council.

3.1 SALARY SCHEDULE

The Human Resources Director or his designee shall create and maintain a document titled Ordinance 8064 Appendix "B" (Salary Schedule) containing the listing of salary range

minimums, midpoints and maximums as adopted or established. The Human Resources Director shall maintain an updated Appendix "B" following any range adjustments.

A) The base salaries or rate of pay prescribed in this section are determined on the basis of full-time employment (40 hours per week). A regular workweek schedule of less than the number of hours of full-time employment shall be considered as part-time employment and the compensation, therefore, shall be for the actual number of hours worked at the hourly rate prescribed for the job class.

B) The salaries or rates of pay prescribed in this section shall be deemed to include pay for regular full-time service in every form, except pay for the use of personally owned equipment which is required to be furnished by the employee or for reimbursement of necessary expenses authorized and incurred incident to employment.

3.2 PROCEDURES FOR ADVANCEMENT WITHIN PAY GRADE

A) Each pay grade has a pay rate and a maximum pay rate. Advancement to the maximum pay rate for the job class shall be as provided in Rule 5, Section 1 of the Civil Service Commission Rules.

B) An employee shall become eligible for advancement in accordance with Rule 5 and the percentage of any increases shall be set in the budget resolution adopted for the fiscal year in which the increase is awarded.

3.3 ADMINISTRATION AND MAINTENANCE OF COMPENSATION PLAN

The Human Resources Director shall be responsible for the administration and maintenance of the Compensation Plan. The Plan will include, but shall not be limited to: the classification and allocation of positions, the processing of salary advances, the determination of starting rates and initiation of necessary revisions of any salary schedules as adopted by City Council on the basis of changes in the relative value of duties and requirements of classes, changes in the prevailing salaries and cost of living, and any other factors that may be properly considered to have a bearing on the fairness and adequacy of the salary schedules.

A) The Human Resources Director shall make a salary survey as requested by the City Manager.

B) Whenever a change or amendment in the Classification and Compensation Plan affecting the arrangement of positions into classes, subdivisions or grades has been reviewed and recommended by the Civil Service Commission, the Human Resources Director shall submit the necessary reports and recommendations to the City Council. Such recommendations shall take effect when approved by the City Council.

3.4 APPLICABLE SALARY RATE UNDER FOLLOWING CONDITIONS:

Upon receipt of such notification, the Human Resources Director will assign the appeal to a Hearing Officer. The Hearing Officer shall hear and decide such appeal within twenty (20) calendar days of assignment. The final decision regarding the granting or denial of AWP leave rests with the Hearing Officer whose decision shall be final and binding on both parties, and shall not be appealable to either City Council or the Civil Service Commission.

D) Grounds for denial and termination. Upon recommendation of the applicable Department Head or upon independent finding, the Director of Personnel will deny or terminate AWP leave to any injured employee who:

1. Fails to report the occupational injury or disease within 24 hours of its occurrence to his immediate supervisor. For purposes of this ordinance, the date of occurrence of an occupational disease is the date on which the employee knew or should have known that the disease may be job-related.
2. Is injured as a result of:
 - a. the employee breaking of rules, regulations, or laws, including any safety rules adopted by the City for the prevention of accidents and injuries;
 - b. the gross negligence of the employee; or
 - c. any other unreasonable or culpable conduct of the employee as determined by the City's Human Resources Director;
3. Fails to use department-mandated safety equipment or follow department-mandated safety procedures when the injury was sustained;
4. Refuses to submit to any independent medical examination or treatment required by the City in accordance with Texas Workers' Compensation laws;
5. Refuses to return to regular or restricted duty after being released for regular or restricted duty by a treating physician or other physician performing an independent medical examination for the City;
6. Fails to act in a manner that is conducive to or consistent with being off work convalescing from a job-related injury;
7. Submits a workers' compensation claim which is controverted;
8. Submits an AWP leave request previously denied based upon the merits of this ordinance for the same injury; or,
9. Fails to follow the procedural process as contained in this ordinance.

Denial of AWP status will not affect an employee's eligibility, if any, to receive workers' compensation benefits.

E) Suspension or Termination of AWP Leave.

1. Eligibility for AWP leave will terminate upon any of the following occurrences:
 - a. One year from the date of injury or occupational disease, except for an extension requested and granted under Paragraph F of this ordinance;
 - b. Expiration of thirty days utilized AWP leave in a rolling twelve-month period regardless of the number of injuries within such twelve-month period;
 - c. When the workers' compensation claim is controverted or disputed under the Texas Workers' Compensation law; or,
 - d. Upon a finding by the Human Resources Director of any of the occurrences defined under Paragraph D of this ordinance.
2. Eligibility for AWP leave will be suspended upon any of the following occurrences:
 - a. The employee's treating physician releases the employee to return to work;
 - b. A physician performing an independent medical examination for the City releases the employee to return to work;
 - c. The employee's failure to provide timely physician certificates;
 - d. The employee does not submit a properly completed AWP leave request to his department within two (2) working days prior to payroll closing, unless the employee can show good cause for the delay; or,
 - e. The employee fails to follow the procedural process as contained in this ordinance.

If AWP leave is suspended under subsections c, d, or e of this Paragraph and is reinstated upon compliance by the employee, such reinstatement of benefits will not be retroactive unless the employee can show good cause for the delay in compliance.

F) Eligibility For AWP Leave Beyond the One Year Anniversary Date of Injury. In those cases where an employee submits a written request to his department head for AWP leave beyond the one year anniversary date of injury and that employee has either not used AWP leave or has not utilized the maximum amount of AWP leave during the one year period allowed or had used it intermittently and not for the allowed maximum amount, the employee may be granted AWP leave, provided that the following conditions are met:

1. The employee is and had been receiving continuous treatment by a licensed physician for the same on-the-job injury or occupational disease for which AWP leave was originally granted ("Continuous treatment" is defined as regular examinations or treatments by a licensed treating physician or a licensed physician to whom the treating physician has referred the employee); and
2. A licensed treating physician or a licensed physician to whom the treating physician has referred the employee recommends surgery, because all other treatments have not been successful; and
3. The employee obtains the written recommendation of the department head; and
4. The employee has not exhausted or utilized thirty days of AWP leave during the immediate rolling twelve month period for any occupational injury or disease; and

5. The employee has complied with the requirements of Paragraph C of this subsection. If the above requirements are met, AWP leave may be granted after the one year anniversary of date of injury addressed in Paragraph D for the time period necessary for surgery and recovery there from, as designated by a licensed physician, until the maximum thirty days allotment of AWP leave is used. In no event does this provision allow over thirty days utilization of AWP leave in a rolling twelve month period.

G) AWP Supplement to Worker's Compensation Weekly Benefit. In addition to the weekly workers' compensation benefits payable under law, the eligible employee granted AWP leave may receive a supplement to such workers' compensation benefit equivalent to the difference between any workers' compensation weekly benefit and the employee's pre-injury take-home pay. If the weekly workers' compensation benefit equals or exceeds the take-home pay, there shall be no AWP supplement, but the absence from work will not be deducted from the employee's accrued leave balances. For purposes of this ordinance:

1. Take-home pay means base pay, longevity pay, special merit pay, incentive and certification pay, uniform and clothing allowance, less mandatory deductions.
2. Mandatory deductions means income tax withholdings, FICA and Medicare, if applicable.
3. Payroll deductions (FICA, Medicare and FWT) will NOT be taken out of the weekly workers' compensation benefits, but WILL be taken out of the supplement portion.
4. Section 125 benefit payments will be taken out of the supplement portion, if available.

H) Maximum Duration of AWP leave. AWP leave may be granted for a period not to exceed thirty working days in a rolling twelve month period.

I) Temporary and Intermittent Absence from Employment. AWP leave may also be granted for an employee's temporary and intermittent absence from his employment due to seeking and receiving treatment for his injury (doctor's and therapy appointments) provided that the employee submits the required medical documentation. AWP leave is not available for an employee's temporary and intermittent absence from his employment without medical documentation. An extension of AWP leave beyond the one year anniversary of the date of injury or illness is not allowed for an employee's temporary and intermittent absence from employment due to seeking and receiving treatment.

J) Initial Seven Days of Disability. AWP leave is not available for the initial seven (7) days of disability not initially paid by workers' compensation benefits. An employee may elect to utilize his accrued sick or annual leave during the initial seven days of disability.

K) Supplementation of Weekly Workers' Compensation When AWP Leave is Not Available. In the event AWP leave is not available, but the employee is receiving weekly workers' compensation benefits, pursuant to §504.052 of the Texas Labor Code, the employee may supplement his weekly workers' compensation benefits with accrued sick leave, annual leave and special sick leave, but the employee will not accrue additional leave during this period. In no event, will the amount of this optional supplement to the weekly workers' compensation benefit and the weekly workers' compensation benefit cause the employee to receive in excess of his pre-injury take-home pay. Only the utilized pro-rata amount of this optional supplement will be deducted from the employee's accrued leave balances. Payroll deductions for FICA, Medicare, and FWT will be deducted from this

optional supplement portion. The employee must request this optional supplement through his applicable department.

L) Leave Balances. While on AWP leave, absence from the job is not deducted from the employee's sick or annual leave balances nor does the employee continue to accrue sick and annual leave.

M) Pension Fund Contributions. Any pension fund contributions shall be made by the employee and employer in accordance with the employee's applicable pension plan, if any. In the event, the employee's weekly workers' compensation benefit is greater than his pre-injury take-home pay and thus not receiving an AWP supplement to his weekly workers' compensation benefit or the AWP supplement is insufficient to cover the employee's pension contribution, the employee will need to pay his pension deduction if he wants service credit.

N) Overpayment of Workers' Compensation Benefits or Supplement Payments. In the event the employee receives overpayment of workers' compensation benefits or AWP supplement payments, the employee shall cooperate with the Personnel Department to correct and repay any payment errors in a manner prescribed by the Director of Personnel. Such repayment includes assignment and repayment from the employee's future wages or by reduction of any accrued leave balances.

4.5 PREGNANCY LEAVE

A) Pregnancy shall be treated the same as any other temporary physical disability.

B) An employee on pregnancy leave shall use accumulated and unused regular sick leave time and then (unless granted use of special sick leave) shall be on leave without pay, unless the employee chooses to use any accumulated and unused annual leave.

C) An employee going on pregnancy leave shall give written notice to her department head with appropriate medical verification. Before returning to work from pregnancy leave, the individual will provide appropriate medical documentation releasing the employee to return to work, as is required for any individual who has been on leave for a temporary physical disability.

Any department head who finds it necessary to do so, may request some or all employees of his department to report for work on any of these legal holidays, provided that employees in any department regularly operating seven days per week may be required to work on any legal holiday.

The department head may do either of the following when employees work a holiday:

1. Arrange for the employee to accrue the holiday and permit the time off within the specified period (12 months of the accrued holiday), or

The maximum accrual for holiday leave time shall not exceed the number of declared legal holidays excluding the birthday holiday.

E) Employee's Birthday. In case of emergency, when the employee's services are needed on his birthday, the employee may be required by the department head to work on that day or shift but shall be given equal time off on another day or shift. If the employee's birthday falls on a day on which he would be entitled to be off for some other reason, the birthday holiday may be taken on the next regular work day, provided, however, if work schedules cannot be arranged or if emergencies exist, and only in these cases, the department head may schedule the holiday time off on another day or another shift.

Any birthday holiday not taken on the employee's birthday but rescheduled in accordance with the above provisions must be scheduled and taken within fourteen calendar days after the employee's birthday.

F) Hours of Holiday Pay. The amount of holiday pay for employees who work 40 hours per week shall be 8 hours per holiday. All other unused balances of leave allowances under this ordinance shall terminate on the date of retirement or separation of any employee from City service. Any employee transferred, demoted, or promoted shall retain all unused balances of vacation and sick leave as though no change in position had been made.

4.11 RECORDS ON GRANTS OF LEAVE OF ABSENCE

The department head shall keep a record of all leaves of absence both accrued and granted for each employee and shall report them to the Personnel Department on a form prescribed by the Director of Personnel.

individual's national origin or in the case of an intending citizen because of the individual's citizenship status. If, however, a federal or state grant, law, or regulation requires only citizens to be hired, the City may discriminate as to only hiring citizens for those affected positions.

In addition, the City may hire an employee who is a citizen or lawfully admitted alien, with appropriate work permits, if the two individuals are equally qualified. Any applicant or employee disqualified by the Human Resources Director under the above provisions, may appeal to the Civil Service Commission for a decision on the citizenship status.

Such adjustments shall not result in allowing less than the hours per week prescribed for full-time employment without a corresponding pro-rate decrease in salary.

C) Employees are required to comply with all time and attendance reporting procedures, including clocking in and out, as established by the City Manager and as required by their Department Heads in accordance with operational necessity or feasibility. Department Heads may require precise start and stop times to meet operational necessity.

hours in such a work period shall not exceed a number of hours which bears the same ratio to the number of consecutive days in the work period as the maximum hours allowed by Section 7(K), Fair Labor Standards Act, as amended, bears to 28 days.

C) Employment in excess of the hours prescribed for full-time employment shall be in accordance with the following:

1. The authorization of any overtime shall be predicated entirely on the operating needs of the department. The schedule of work and procedure prescribed by the department shall be designed to eliminate excessive or unnecessary use of overtime.
2. The authorization by the Department Head to work overtime shall be transmitted to the Human Resources Director with a statement of the facts on the necessity of such overtime work, and the payment therefore.
