DATE: January 18, 2008
TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager
FROM: Melissa Kellum, Planner
SUBJECT: ZON06-00148

The City Plan Commission (CPC), on October 4, 2007, voted **7-0** to recommend **DENIAL** of a special permit request for infill development to reduce lot depth and setbacks.

The CPC found that the special permit is not in conformance with The Plan for El Paso Citywide land use goals that El Paso: "provide a wide range of housing types that respond to the needs of all economic segments of the community." The CPC found that the proposed special permit will have an adverse impact on the natural environment, social and economic conditions, and property values in the vicinity and in the city as a whole. The CPC also determined that the special permit does not protect the best interest, health, safety, and welfare of the public in general.

The Planning Division received four letters and a petition containing twenty (20) signatures in opposition to this request.

This is an appeal case and a 211 case. During review of application, staff determined that additional ponding reports were required. Further scheduling was postponed until those reports were submitted. Several months passed before staff received reports. Once reviewed and approved, scheduling of the case resumed.

Date: October 19, 2007

Honorable Mayor and City Council

City of El Paso, Texas

Dear Mayor and Council:

After a public hearing held on October 4, 2007 the City Plan Commission denied my request for a Special Permit for Infill. I request that City Council review the decision of the City Plan Commission. City Plan Commission denied our request for infill, because the commission made a comment that they were not going to allow new construction on a road that is substandard. The road is James Street a city street, not a private street that would require that the owner maintain the street. Another comment made by another commissioner, which he would not approve a property that had not been checked for ponding.

The Development Coordinating Committee requested that we provide Engineering Department with a percolation test and ponding area calculations from a registered Engineer, which were submitted reviewed and approved by the Engineering Department. And also there was opposition from area residents, but that did not seem to have too much of an impact on their decision for denial. I would appreciate that you consider the decision of the City Plan Commission, since we complied with all the requirements of the Development Coordinating Committee and Engineering Department. The City Plan Commission denied the infill, because of substandard street and not being reviewed for ponding, which in fact we did comply with all request by all departments for engineering ponding area calculations, and percolation test.

Thank you for time and consideration on this matter, if you any questions please free to contact me. (915) 355-9027

SUBJECT: **Neighborhood Opposition; Invocation of 211.006(d) Provisions
ZON06-00148**

A proposed special permit request to allow infill development for reduced lot depth and setbacks on the subject property has generated sufficient protest in accordance with Texas Statute 211.006(d) to warrant additional study. A petition with twenty (20) signatures in opposition has been received; 3 are from property owners within two hundred (200) feet of the area covered by this special permit request.

An analysis was conducted, using approved Department procedures. The land immediately adjoining the property covered by the rezoning request and extending 200 feet from that area was measured using the Zoning Map of the City of El Paso.

CASE NUMBER: ZON06-00148
LOCATION: 536 James Street
PROPOSED USE: Single-family Residential

GROSS LAND AREA (excluding site): 6.0931 acres

20% OF ADJOINING AREA: 1.2186 acres

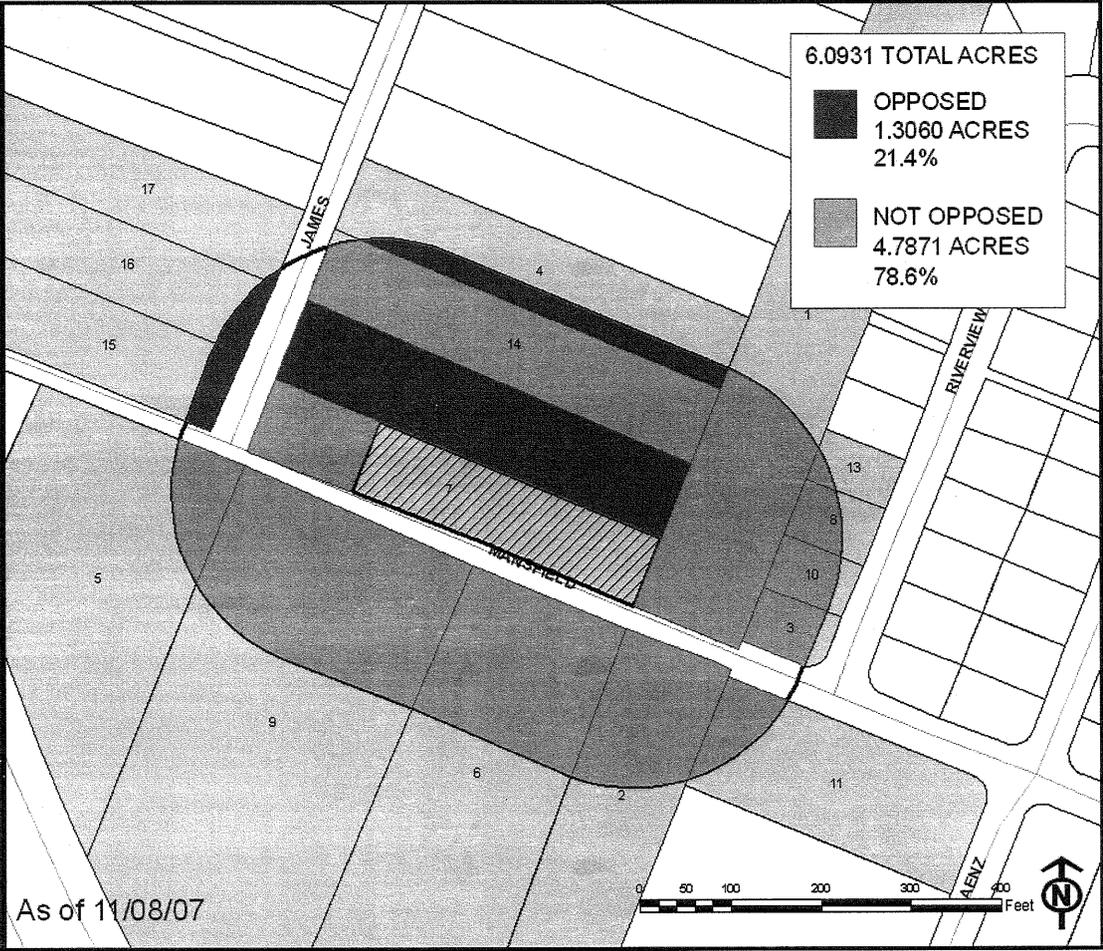

OPPOSED ADJOINING AREA: 1.3060 acres

PERCENT OF ADJOINING AREA OPPOSED: 21.4 %

Based on this analysis and calculation of the area in opposition, this rezoning request **does** require the affirmative vote of at least three-fourths (7) of all members of the City Council.

Application Type: Special Permit
Property Owner(s): Rodolfo Gonzalez
Representative(s): Raymond Bonilla
Legal Description: A portion of Tracts 8 and 9, Block C, Christy Tract, City of El Paso, El Paso County, Texas
Location: 536 James Street
Representative District: 7
Area: 0.669 acres **Zoning:** R-3 (Residential)
Request: Special permit for infill development to allow reduced lot depth and reduced yard setbacks
Recognized Neighborhood
Associations Contacted: Thomas Manor Neighborhood Association
Public Response: Four letters and one petition with 20 signatures in opposition
Surrounding Land Uses: **North:** R-3 / Residential, **South:** R-F / Vacant, **East:** R-4 / Residential, **West:** R-3 / Residential
Year 2025 Designation: Residential (Lower Valley Planning Area)

General Information:

The applicant is requesting a special permit for an infill development to allow reduced lot depth and reduced yard setbacks for residential development. The property is currently zoned R-3 (Residential) and is 0.669 acres in size. The request is for lot depths of 86.50 ft. (from the required 90 ft.) and reduced yard setbacks of 15 ft. front and 20 ft. rear (from the required 25 ft. front and rear). A twenty foot (20') driveway is required per proposed dwelling unit. The proposed site plan shows four (4) lots to be located on the site. Access is proposed via Mansfield Avenue. There are no zoning conditions on this property.

Staff Recommendation:

The Development Coordinating Committee (DCC) recommends **APPROVAL** of this special permit request.

The recommendation is based on the following:

- **The Plan for El Paso** City-Wide Land Use Goals recommends that El Paso “provide a wide range of housing types that respond to the needs of all economic segments of the community.”
- **The Year 2025 Projected General Land Use Map** for the Lower Valley Planning Area designates this property for **Residential** land uses.
- **R-3 (Residential) zoning** permits infill development by special permit.

Findings:

The City Plan Commission must determine the following:

- A. Will the special permit for infill development protect the best interest, health, safety and welfare of the public in general?
- B. Will the special permit for infill development be compatible with adjacent land uses?
- C. What is the relation of the proposed special permit to the City’s Comprehensive Plan?
- D. What effects will the proposed special permit have on the natural environment, social and economic conditions and property values in the vicinity and the city as a whole?

Development Services - Building Permits and Inspections Division:

Zoning Review: Year 2025 designation Administrative Review decision. No objection.

Landscaping: Landscape not required for this project. Residential zoned areas do not require landscaping.

Development Services - Planning Division:

Current Planning: Planning Division recommends approval of this special permit for infill development to allow reduced lot depth and setbacks. The proposed use is in conformance with the projected land use for the area.

Land Development: No comments received.

Engineering Department, Traffic Division:

No major traffic issues with proposed infill development to reduced lot depth and setbacks.

Fire Department:

No comments received.

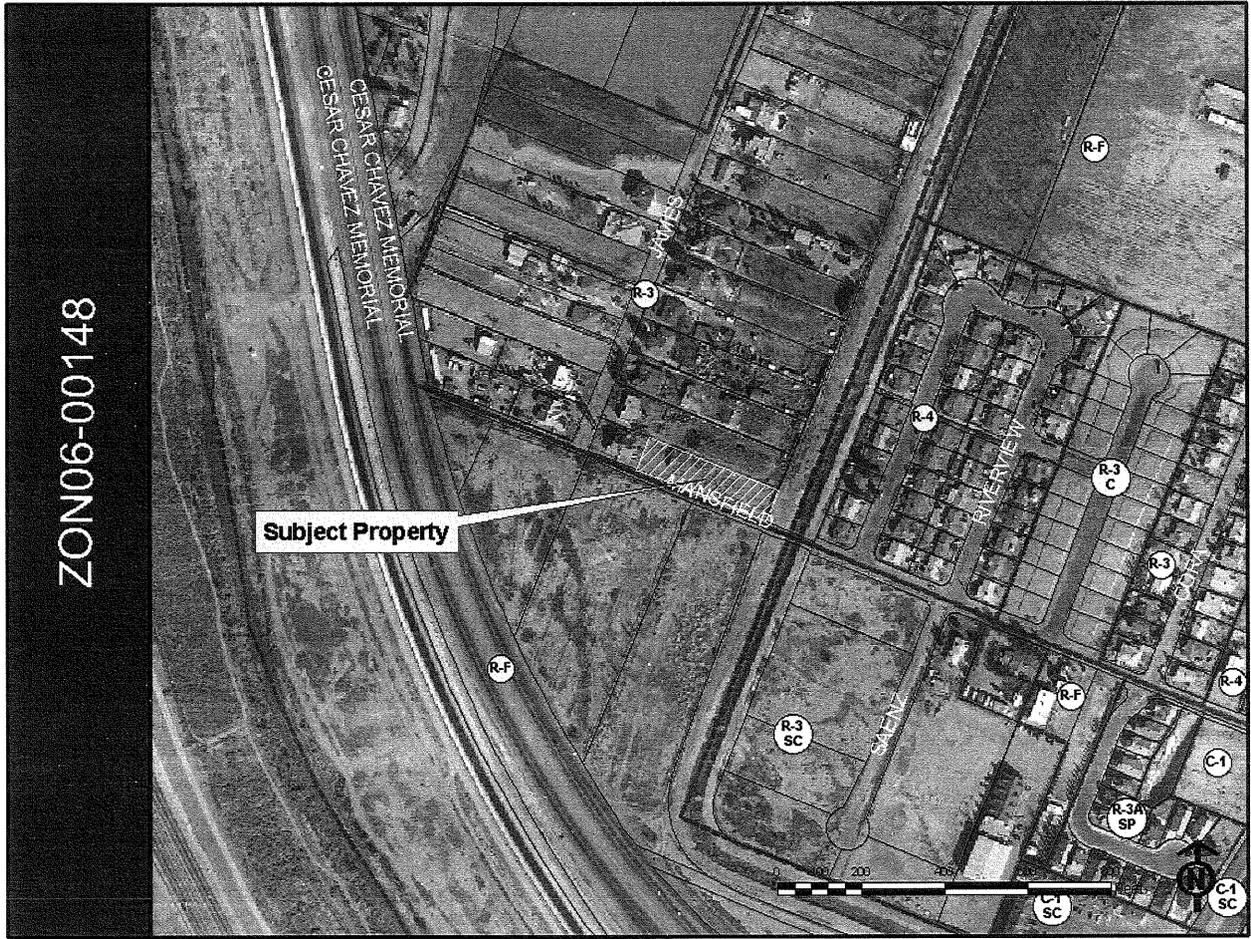

El Paso Water Utilities:

EPWU does not object to this request.

CASE NO: ZONE06-00148

Mr. Steve Ortega

This response is in regards to a letter received from the Development Services Department Planning Division, in which Mr Rodolfo Gonzales, is requesting a special permit for property located at 536 James Street, which consists of 0.919 acres of land.

The request is a special permit for infill development to allow a reduction of lot depth and a reduction of yard setbacks to permit single-family dwellings. There is already a house on this property that belongs to Mr Gonzales. All of the houses in our particular area have about an acre of land and are single family dwellings. Some of the residents have horses or other farm animals on their properties. The lots were sold under the stipulation that only one single family dwelling would be allowed to be build per acre lot, to preserve the farming and ranching living environment of the area and that was the main reason most of us chose to build our homes in this area.

Allowing Mr Gonzales to build multiple single-family dwellings on one property will only encourage others to do the same and further, deteriorate our open spaces and our quality of life in the area.

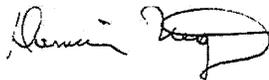

What Mr Gonzales is proposing to do on his property, is totally unacceptable to all the residents of our area. Also if you were to tour the area, you would see for yourselves, that the road infrastructure, particularly James Street and Craddock Streets are one lane roads that barely meet the needs of the present residents residing in the area. We would like to be able to continue living in this area in the same ranching and farming environment as most of us have for the past 26 to 28 years.

Therefore we sincerely hope that the City Council Members, The City Plan Commission and The Department of Planning and Development, consider our request and reasons for denying Mr Rodolfo Gonzales his request for a special permit for infill development to allow a reduction of lot depth and reduction of yard setbacks to permit single-family dwellings.

The City Plan Commission will consider the request on October 4, 2007 at 1:30 pm.

(Our Position) Deny Mr Gonzales request for Special Permit

Respectfully Yours:

Re: Case No. ZON06-00148

Dear Sirs:

I am aware of the request for a special permit for the case reference above. My residence is only a few houses away from Mr. Gonzalez'. I am against any rezoning or any special permit to allow him to build multiple homes on his property.

One reason is when my husband and I purchased our lot, the covenants stated that only one single home was allowed. That is the reason we liked the property. We found out later that Mr. Tome, another resident, next to Mr. Gonzalez has built several apartments on his backyard. Traffic from those people is significant.

Another reason is the entire James Street is now becoming a commercial/industrial neighborhood. We already have too much traffic with all the different businesses running out of their homes. My next door neighbor and some others run their business out of their back yards. My next door neighbor built large sheds/garages that cover up his whole acre. All his fifteen plus employees park along side the empty lot across the street from his home.

James Street is a very narrow street and does not accommodate two cars without one having to slip out to the dirt. A speed limit sign has been requested by me several times, but have been denied. Residents and visitors at the end of the street, (536 James) tend to speed through the entire road without consideration to the pedestrians on site.

I will be at the meeting to further express my concerns to this permit. Please don't allow more destruction to our neighborhood.

Sincerely,

Elizabeth G. Candelaria

In Regards to CASE NO: ZON06-00148 (536 James St)

From Higinio & Sally Salinas

We would like to begin with stating we have nothing against the Gonzalez family. This is about a great little neighborhood and its future plans, nothing personal.

Our wish is that James St remains the same. A peaceful, quite and very very low traffic street. We have an 18th month old little boy and James St is a perfect street to raise him.

We bought our property under the assumption that it was farm and ranch community. We hope it remains.

Allowing one property owner to build for profit will set a dangerous precedent. All property owners WOULD and SHOULD also build for profit. This is good for the check book but devastating for James St.

So it is up to you decision makers! Allow the NARROW James St to remain a peaceful, quite, low traffic street. Or create a chaotic, loud, high traffic street.

Also if you were to tour the area, you would see for yourselves, that the road infrastructure, particularly James Street and Craddock Streets are one lane roads that barely meet the needs of the present residents residing in the area. We would like to be able to continue living in this area in the same ranching and farming environment as most of us have for the past 26 to 28 years.

Therefore we sincerely hope that the City Council Members, The City Plan Commission and The Department of Planning and Development, consider our request and reasons for denying Mr Rodolfo Gonzales his request for a special permit for infill development to allow a reduction of lot depth and reduction of yard setbacks to permit single-family dwellings.

Respectfully Yours: Concerned Residents of James St. of El Paso, Tx 79915

To City Council Representative Steve Ortega (c/o)
City Plan Commission / Development Services Dept and Planning Division, 5th Floor,
City Hall, 2 Civic Center Plaza, El Paso TX.

CASE NO: ZONE06-00148

Mr, Steve Ortega

This response is in regards to a letter received from the Development Services Department Planning Division , in which Mr Rodolfo Gonzales, is requesting a special permit for property located at 536 James Street, which consists of 0.919 acres of land. The request is a special permit for infill development to allow a reduction of lot depth and a reduction of yard setbacks to permit single-family dwellings. There is already a house on this property that belongs to Mr Gonzales. All of the houses in our particular area have about an acre of land and are single family dwellings. Some of the residents have horses or other farm animals on their properties. The lots were sold under the stipulation that only one single family dwelling would be allowed to be build per acre lot, to preserve the farming and ranching living environment of the area and that was the main reason most of us chose to build our homes in this area.

What Mr Gonzales is proposing to do on his property, is totally unacceptable to all the residents of our area. Also if you were to tour the area, you would see for yourselves, that the road infrastructure, particularly James Street and Craddock Streets are one lane roads that barely meet the needs of the present residents residing in the area. We would like to be able to continue living in this area in the same ranching and farming environment as most of us have for the past 26 to 28 years.

Therefore we sincerely hope that the City Council Members , The City Plan Commission and The Department of Planning and Development , consider our request and reasons for denying Mr Rodolfo Gonzales his request for a special permit for infill development to allow a reduction of lot depth and reduction of yard setbacks to permit single-family dwellings.

Respectfully Yours: Concerned Residents of James St. of El Paso, Tx 79915
