City Manager  
Joyce A. Wilson

The City Plan Commission (CPC), on February 12, 2009, voted **4-1** to recommend **DENIAL** of rezoning the subject property from R-F (Ranch and Farm) to GMU (General Mixed Use). The City Plan Commission does recommend **APPROVAL** of rezoning the subject property from R-F (Ranch and Farm) to A-2 (Apartment).

The CPC found that the GMU (General Mixed Use) rezoning is not in conformance with The Plan for El Paso. The CPC also determined that the A-2 (Apartment) rezoning protects the best interest, health, safety and welfare of the public in general; that the A-2 (Apartment) is compatible with adjacent land uses; and the A-2 (Apartment) rezoning will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

There was a petition submitted on Sept. 19, 2008 with signatures in **OPPOSITION** and 34 letter submitted on Dec. 16, 2008 in **FAVOR** to this request.

**Attachment:** Staff report, zoning map, aerial map, conceptual site plan, petition in opposition, and letters in favor.

## City of El Paso – City Plan Commission Staff Report

**Case No:** ZON08-00077  
**Application Type** Rezoning  
**CPC Hearing Date** February 12, 2009  
**Staff Planner** Ismael B. Segovia, 915-541-4027, [segoviaib@elpasotexas.gov](mailto:segoviaib@elpasotexas.gov)

**Location** 8772 Alameda  
**Legal Description** Tracts 12B and a Portion of 12A, Block 35, Ysleta Grant, City of El Paso, El Paso County, Texas

**Acreage** 5.100 acres  
**Rep District** 6  
**Existing Use** Vacant  
**Request** From R-F (Ranch and Farm) to GMU (General Mixed Use)  
**Proposed Use** Senior Citizen Complex

**Property Owner** Juanita Falvey  
**Representative** Conde, Inc.

**Distance to Park** Rio Grande River Trail #2 (2,120 feet)  
**Distance to School** Community Learning Special Campus (350 feet)

### **SURROUNDING ZONING AND LAND USE**

**North:** R-4 (Residential); Single-family Residential  
**South:** A-2 (Apartment); El Paso Housing Authority  
**East:** C-1 (Commercial); Retail  
**West:** A-2 (Apartment); El Paso Housing Authority

**THE PLAN FOR EL PASO DESIGNATION:** Residential and Mixed Use (Mission Valley Planning Area)

**NEIGHBORHOOD ASSOCIATIONS:** Save the Valley 21; Teens in Action for a Healthy Community

### **NEIGHBORHOOD INPUT**

Notice of the public hearing was mailed to all property owners within 300 feet of this proposed rezoning. Planning did receive 22 letters from surrounding property owners and 12 letters from the adjacent apartments in support of the request and one petition in opposition.

### **APPLICATION DESCRIPTION**

The applicant is requesting a rezoning from R-F (Ranch and Farm) to GMU (General Mixed Use) in order to permit a Senior Citizen Complex. The property is 5.100 acres in size and is vacant. Access is proposed via San Juan Lane. There are no zoning conditions currently imposed on this property.

## **DEVELOPMENT COORDINATING COMMITTEE RECOMMENDATION**

The Development Coordinating Committee (DCC) provides the following comments:  
DCC recommends **Denial** of the GMU (General Mixed Use) rezoning request and recommends **Approval** of an A-2 (Apartment) zoning district.

## **PLANNING DIVISION RECOMMENDATION**

The Planning Division recommends **Denial** of the rezoning request from R-F (Ranch and Farm) to GMU (General Mixed-Use) and recommends **Approval** of an A-2 (Apartment) zoning district.

## **The Plan for El Paso –City-wide Land Use Goals:**

All applications for rezoning shall demonstrate compliance with the following criteria:

- a. Goal: develop a balanced and complete community which contains a mix of land uses and densities, housing types and styles, economic development, job opportunities, educational opportunities, and outlets for social and cultural expression.
- b. Goal: Provide and enforce standards for providing decent, safe and sanitary housing for all El Pasoans in accordance with Federal, State and Local regulations.

The proposed rezoning is for a proposed senior citizen complex development. The 2025 General Land Use map designates the area for residential and mixed-use development; however, the properties abutting the subject property are primarily apartment or residential zoning districts.

## **Development Services Department - Building Permits and Inspections Division:**

Landscaping:

This project will not meet code as submitted. Landscape required under 18.46. No calculations provided and project lacks landscape area.

BP&I:

Proposed Contractor Yard permitted on C-4 district. Insufficient data provided to determine yard, off-street parking, and loading standards. Shall need to provide six foot high masonry screening wall along the property line abutting the residential districts.

## **Development Services Department - Planning Division:**

*Current Planning:*

1. The Year 2025 Projected General Land Use Map for the **Mission Valley Planning Area** designates this property for **Residential** and **Mixed-Use** land uses.
2. The Planning Division recommends **Denial** of the rezoning request from R-F (Ranch and Farm) to GMU (General Mixed-Use) and recommends **Approval** of an A-2 (Apartment) zoning district. Planning recommends the denial based on the level of density and that A-2 (Apartment) zoning is more compatible with the abutting A-2 (Apartment) zoning districts.

## **Engineering Department - Traffic Division:**

No objections to proposed rezoning.

## **TxDOT:**

No comments

**Fire Department:**

No comments received.

**El Paso Water Utilities:**

EPWU does not object to this request.

**CITY PLAN COMMISSION OPTIONS**

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application

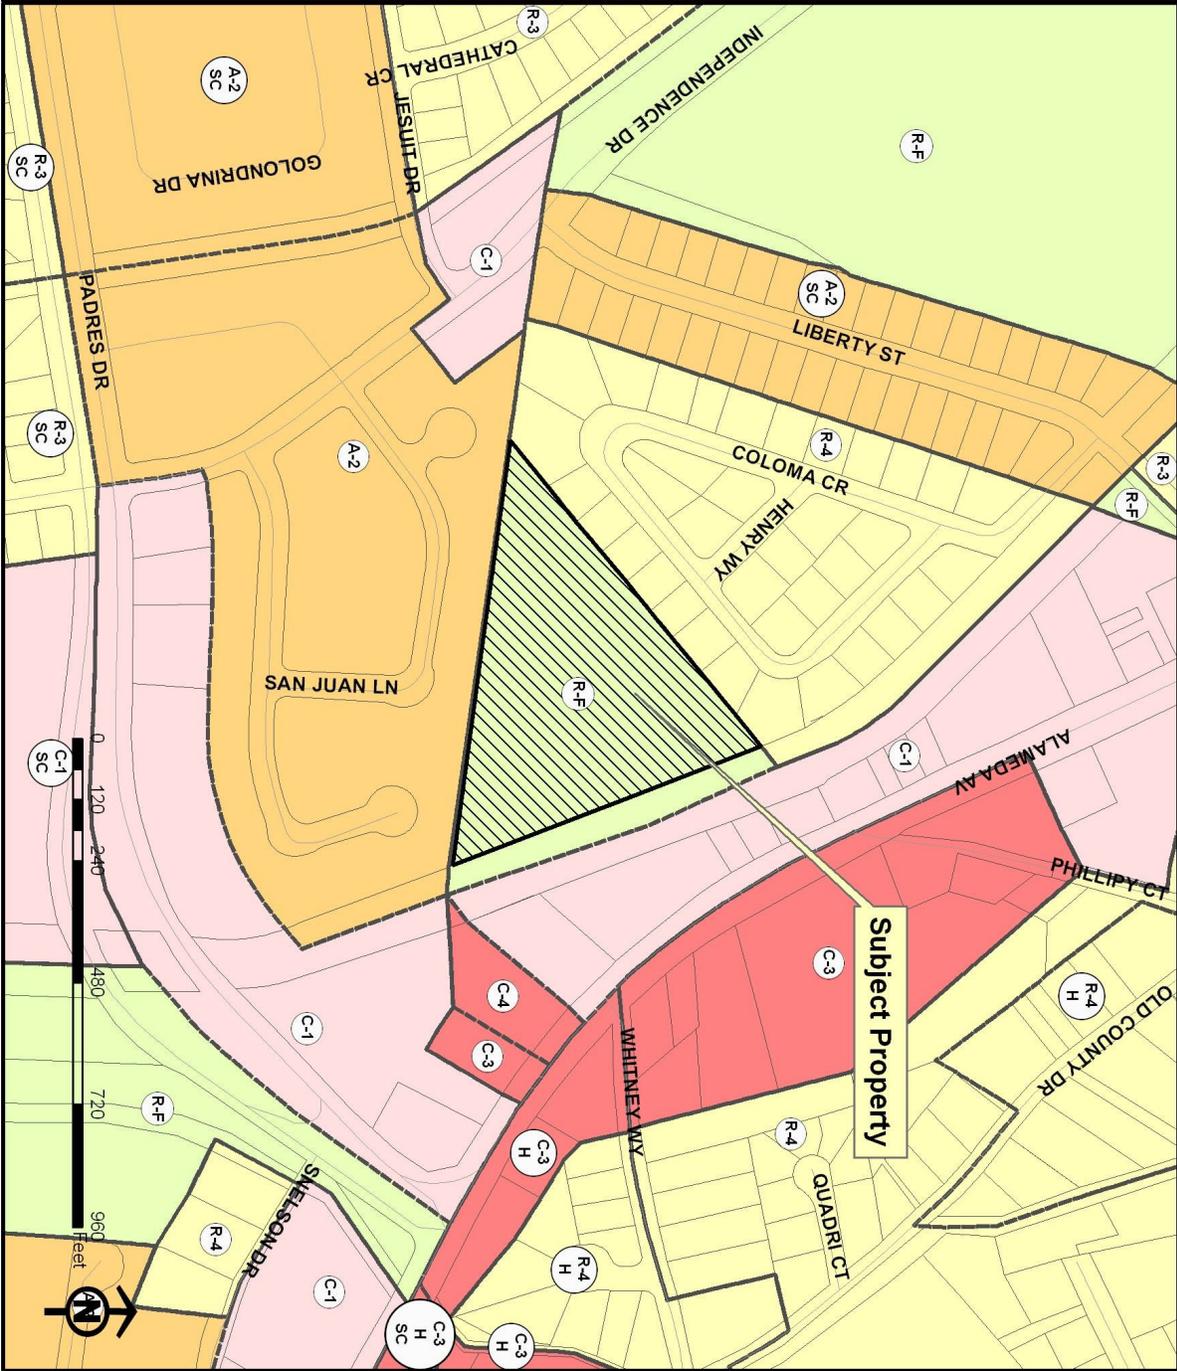

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.

**Attachments**

1. Zoning Map
2. Aerial Map
3. Conceptual Site Plan
4. Master Zoning Plan
5. Letters in Favor
6. Petition in Opposition

December 16, 2008

We would like to develop the area next to your neighborhood. This would be a Senior Citizen Community along with an adult daycare. The area will also have a park area, and walking paths for the community which would be available to the public. With this community in place it would eliminate the eyesore that currently exists. It would clean the area of graffiti and would not allow undesirables to loiter in the area thereby making all residential areas safer and easier to patrol. We would like to have your input and opinions on the positive impact this would bring to your community so we may present this to city council and your local representative.

Por medio de la presente, nos gustaria compartir nuestras ideas para desarrollar el area colindante a su colonia. Este proyecto consistira en un Centro Comunitario Para Adultos el cual contara con areas jardinadas y andadores que estaran abiertas al publico. La creacion de este Centro mejorara el area que actualmente luce descuidada, con graffiti y que es utilizada para bandalismo de esta manera mejorara la seguridad, aparciencia y el acceso. Es por esto que estamos interesados en saber su opinion y sugerencias del impacto que este proyecto puede tener en su comunidad y presentar su opinion ante el municipio de la ciudad de El Paso, Tx.

We would like to develop the area next to your neighborhood. This would be a Senior Citizen Community along with an adult daycare. The area will also have a park area, and walking paths for the community which would be available to the public. With this community in place it would eliminate the eyesore that currently exists. It would clean the area of graffiti and would not allow undesirables to loiter in the area thereby making all residential areas safer and easier to patrol. We would like to have your input and opinions on the positive impact this would bring to your community so we may present this to city council and your local representative.

Por medio de la presente, nos gustaria compartir nuestras ideas para desarrollar el area colindante a su colonia. Este proyecto consistira en un Centro Comunitario Para Adultos el cual contara con areas jardinadas y andadores que estaran abiertas al publico. La creacion de este Centro mejorara el area que actualmente luce descuidada, con graffiti y que es utilizada para bandalismo de esta manera mejorara la seguridad, aparciencia y el acceso. Es por esto que estamos interesados en saber su opinion y sugerencias del impacto que este proyecto puede tener en su comunidad y presentar su opinion ante el municipio de la ciudad de El Paso, Tx.

We would like to have your input and opinions on the positive impact this would bring to your community so we may present this to city council and your local representative.

Por medio de la presente, nos gustaria compartir nuestras ideas para desarrollar el area colindante a su colonia. Este proyecto consistira en un Centro Comunitario Para Adultos el cual contara con areas jardinadas y andadores que estaran abiertas al publico. La creacion de este Centro mejorara el area que actualmente luce descuidada, con grafiti y que es utilizada para bandalismo de esta manera mejorara la seguridad, aparciencia y el acceso. Es por esto que estamos interesados en saber su opinion y sugerencias del impacto que este proyecto puede tener en su comunidad y presentar su opinion ante el municipio de la ciudad de El Paso, Tx.

We would like to develop the area next to your neighborhood. This would be a Senior Citizen Community along with an adult daycare. The area will also have a park area, and walking paths for the community which would be available to the public. With this community in place it would eliminate the eyesore that currently exists. It would clean the area of graffiti and would not allow undesirables to loiter in the area thereby making all residential areas safer and easier to patrol. We would like to have your input and opinions on the positive impact this would bring to your community so we may present this to city council and your local representative.

ATTN: Mr. Arturo Rubio

Re: CASE No: ZON08-00077  
Property: Tract 12B and Tract 12A, Block 35, Ysleta Grant  
5.1266 acres (vacant lot)

Mr. Rubio:

I am a life-time resident of our city and have resided in my neighborhood for over forty-years. I am writing this letter to express my concerns about a discussion and a pending decision to change the zoning from R-F (Ranch and Farm) to GMU (General Mixed Use) regarding the above-mentioned property. I understand that the decision is being considered to allow for a mix of residential and commercial development.

This letter is not intended to oppose changing of the zoning in the above-referenced property, but it is to express a concern regarding the construction of either residential or commercial dwellings. This neighborhood consists of many residents who have lived in their homes for over forty years. Taking this into consideration, I would like to convey that our neighborhood is a very peaceful, friendly and family-oriented community. The community would like to express their concern regarding the dangers of having a vacant lot, crimes that have been committed on the property, and the breeding of bugs and mosquitoes.

First of all, I would like to mention that the residents of Coloma Circle and Henry Way would like to state their concerns on the day of the meeting which will be held on September 25, 2008, at 1:30 p.m. However, because of work, school and/or prior commitments, some of the residents will not be able to attend this meeting. Therefore, they have asked me to represent them by introducing this letter with the attached signature pages on the day of the meeting. I will present questions, concerns and other issues on behalf of the neighbors and myself regarding the development of new residential dwellings on the property mentioned hereof.

## Attachment 6: Petition in Opposition

September 19, 2008  
Page 2

For many years, we, the community, have cleaned and maintained the vacant lot to the best of our abilities to avoid people using this vacant lot as a meeting place to commit crimes, drugs and a place for truant students to "hangout". On many occasions, calls were placed to the El Paso Police Department so that these matters were handled in accordance with the law. The residents whose backyards face towards the locked vacant lot are very concerned with the many incidents that have occurred due to the lack of interest in which the owner's have placed on this property.

Not only does this locked vacant lot pose a danger for drugs and violence to be committed, but also as a dumping place for other people's trash. People have accessed the locked property through the levy to dump their trash. Homeless people have made their homes on this property with the trash that has been previously dumped.

In addition, overgrown bushes and weeds have created a hazard not only as a breeding place for bugs and mosquitoes during the summer, but also as fuel for brush fires, which have happened in the past. Nonetheless, the community has stepped up to clean and to keep the locked vacant lot as safe as possible for everyone concerned.

Furthermore, the community is now faced with the construction of a new residential community that will bring trouble if it is allowed to build project homes and/or apartments. Statistically project homes attract gangs, drugs, crimes and danger to its surrounding neighborhoods. Moreover, if a rock wall fence is built to divide the two communities, this will create an alley which will ultimately create an even bigger opportunity for gangs, drugs and crimes to be committed.

Finally, the community would like to see this locked vacant lot be put to good use in a way in which it will benefit not only the present owner, but this small community who has lived here for over forty years. Some of our residents are elderly people who are extremely afraid of losing their tranquility they have had in this neighborhood for many, many years. Other residents in this community are disabled, retired and others have inherited their homes from their parents, and they too fear for their safety. We would like the new changes to benefit our community and not to jeopardize the tranquility, safety and security we have all struggled to maintain for more than forty-years.

Please take into consideration the concerns mentioned herein as they are of great importance to the entire community on Coloma Circle and Henry Way.

Thank you for your courtesies and attention to this matter.

The Community on Coloma Circle and Henry Way

Attachment 6: Petition in Opposition

Petition to the attached Letter

Printed Name	Signature	Address	Comment	Date
Background summary and Action petitioned for	We do not agree that project homes, apartments, homes be built on the locked vacant lot. We, the undersigned, are concerned citizens who urge the City of El Paso to act now to secure that our community retains its safety, security and tranquility by not allowing the construction of any dwellings that might jeopardize our families.
