Dear Mr. Ted Marques:

I am requesting permission for additional parking at my office, 1220 N. Oregon, El Paso, TX 79902. I have hired Southwest Paving, Inc to remove the existing landscape area in order to provide additional parking space for our patients. My practice has grown and needs more parking spaces to accommodate our patients.

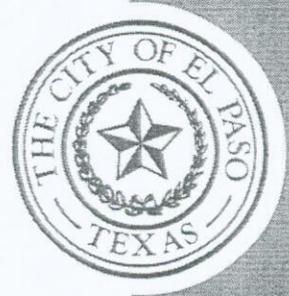

Sincerely,

David R. Schecter, MD

Dr. Schechter,

We are in the final stages of reviewing your request to construct off-set angled parking on the south side of California, between Oregon Street and the alley to the east and preparing to draft a Resolution that will require the approval of City Council. Before Engineering Department, Traffic Division goes any further with this request we want to make sure you are aware that this parking that you will be creating at your own expense will be used for **public parking** and cannot be used to satisfy any off-street parking required by City Ordinance.

Therefore, we request you provide a written statement to the fact that you understand this parking is for public, not private, use. Once this has been received, Traffic Division will submit necessary paperwork to Legal Department to draft the required Resolution to present to city council during a regularly scheduled meeting in the near term.

If you have any question, please don't hesitate to contact me at 541-4052.

Sincerely,

Keith Bennett
