Dear Ms. Padilla,

The proposal to consider the vacation (closure) of a portion of 8th Avenue between Stanton Street and Mesa St. has already been rejected by the City Planning Commission. It will now go before City Council and I again object to this proposal. My objections are based on the sheer number of vehicles and foot traffic that uses this International Bridge. As this intersection currently sits, it has neither marked cross walks for pedestrians to use nor stop lights to better manage traffic. With the elimination of 1/3 access to this bridge with this action, it will force more traffic in front of my store causing additional congestion.

In the past I have worked with the City of El Paso to help establish the Dedicated Commuter Lane, and at that time lost access along Stanton Street to my grocery store. We have also lost access to our store with the construction of the new Aoy Elementary School via 9th Street, which was purchased by EPISD to help build the school. I would ask that the department of International Bridges amend their plans to eliminate the additional parking and park space with the construction of the new Toll collecting facilities. Thank you very much.

Yours truly,

Martin Silva

THE PLAN FOR EL PASO DESIGNATION: Mixed-Use

APPLICATION DESCRIPTION

The City of El Paso is proposing to vacate the public vehicular interest of a 9,100 square-foot, 260-foot long and 35-foot wide portion of Eighth Avenue between Stanton Street and Mesa Street. The proposed vacation would allow for a parking and landscaped area that will serve a new toll facility and office building for the International Bridges Department.

DEVELOPMENT COORDINATING COMMITTEE RECOMMENDATION:

Approval.

DEVELOPMENT COORDINATING COMMITTEE COMMENTS:

The Development Coordinating Committee recommends *approval* of the proposed vacation of a portion of Eighth Avenue located within the Campbell Addition Amending Subdivision subject to the following conditions and requirements:

Planning Division Recommendation

Approval.

Planning Division – Land Development

No objections.

Engineering Department – Traffic Division

No objection to the proposed vacation of vehicular interest in the south half of Eighth Street between Mesa & Stanton, and the adjacent alley. The north half of Eighth Street will be open for one-way traffic only.

El Paso Water Utilities

We have reviewed the street vacation described above and provide the following comments:

Eighth Avenue Street Vacation

1. There is an existing 18-inch diameter storm sewer pipe along Eighth Avenue between Stanton Street and Mesa Street. The pipe is located *approximately* along the Eighth Avenue centerline; the section of pipe west of the alley is located just south of the centerline within the area proposed for vacation. EPWU requires dedicating the area proposed for vacation as a full-width drainage easement to allow for continued maintenance of the existing storm sewer pipe.
