MEMORANDUM

DATE: February 22, 2010

TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager

SUBJECT: ZON09-00064

The City Plan Commission (CPC) on December 17, 2009 voted **6-0** to recommend **APPROVAL** of rezoning the subject property from Q (Quarry) to A-O (Apartment/Office) on Parcel 1; from Q (Quarry) to C-2/c (Commercial/condition) on Parcel 2A; from Q/sc (Quarry/special contract) to C-2/c (Commercial/condition) on Parcel 2B; from Q (Quarry) to C-4/c (Commercial/condition) on Parcel 3A; and from Q/sc (Quarry/special contract) to C-4/c (Commercial/condition), in agreement with the recommendation from the DCC and staff.

The CPC found that the rezoning is in conformance with The Plan for El Paso. The CPC found that the proposed uses are in conformance with the 2025 Projected General Land Use Map for the East Planning Area. The CPC also determined that the rezoning protects the best interest, health, safety, and welfare of the public in general; and the rezoning will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

There was one letter in opposition to this request.

NEIGHBORHOOD INPUT

Notices of the November 5, 2009 City Plan Commission hearing were mailed out to property owners within 300 feet of the subject property on October 21, 2009.

One letter of opposition received (attached).

APPLICATION DESCRIPTION

The applicant is requesting the change in zoning to permit apartments, offices, retail, neighborhood commercial and a commercial business park. All parcels are currently vacant. Access is proposed via Joe Battle Boulevard and Pebble Hills Boulevard.

This item was postponed from the December 3, 2009 City Plan Commission meeting. The Commission asked that staff work with the applicant to reconsider a recommendation that would better serve and complement all other land uses.

DEVELOPMENT COORDINATING COMMITTEE RECONSIDERATION RECOMMENDATION

- Recommend **approval** of A-O on Parcel 1
- Recommend **approval** of C-2/c (Commercial/condition) on Parcel 2A with the following conditions:
 1. A 20' landscaped buffer with high-profile native trees of at least two-inch (2") caliper and ten-feet (10') in height shall be placed at fifteen-feet (15') on center along the property lines adjacent to any residential or apartment zoning districts. The Plan for El Paso-City-Wide Land Use Goals

All applications for rezoning shall demonstrate compliance with the following criteria:

- a. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses
- b. Goal: protect residential areas from incompatible land uses and encroachment which may have a negative impact on the residential living environment.
- c. Goal: preserve, protect, and enhance the integrity, economic vitality, and livability of the city's neighborhoods.
- d. Goal: encourage the provision of neighborhood commercial services which are compatible with a neighborhood's residential character.

The purpose of the A-O (Apartment/Office) district is to promote and preserve residential development within the City associated with a landscape more urban in appearance and permitting a mixture of housing types. It is intended that the district regulations allow for medium densities of dwelling units supported by higher intensity land uses located at the periphery of single-family neighborhoods providing that the overall character and architectural integrity of the neighborhood is preserved. The regulations of the districts will permit building types designed for transition from areas of low density residential neighborhoods to other residential areas, and certain non-residential uses and support facilities.

The purpose of the C-2 (Commercial) district is to accommodate establishments providing goods or rendering services which are used in support of the community's trade and service establishments and serving multi-neighborhoods within a planning area of the City. The regulations of the districts will permit intensities designed to be compatible with each other and to provide for a wide range of types of commercial activity, including light automobile related uses.

The purpose of the C-4 (Commercial) district is to provide for locations for the most intensive commercial uses intended to serve the entire City. It is intended that the district regulations permit heavy commercial uses characterized by automotive and light warehousing. The regulations of the districts are intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities.

CITY PLAN COMMISSION OPTIONS

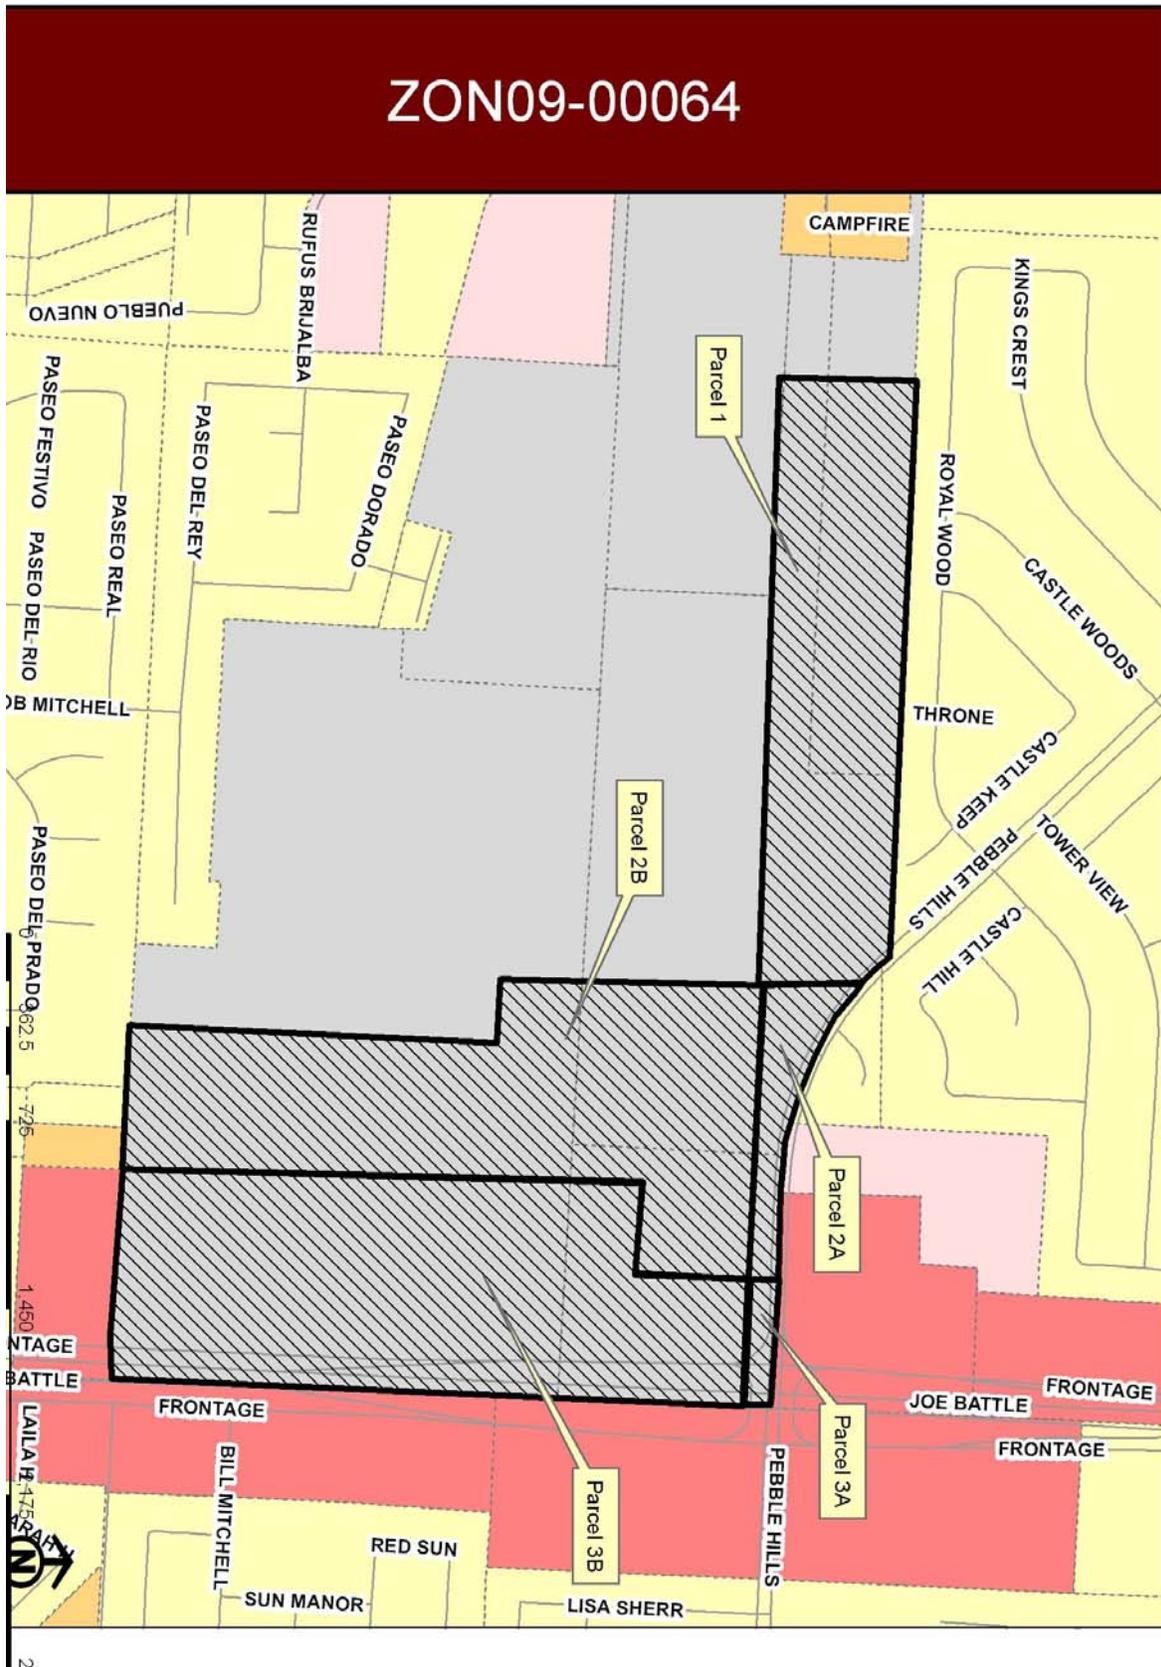

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the zoning condition release application:

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan.
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.

Re: Authorization to Disturb the Final Cover over a Closed MSW Landfill - El Paso County
Municipal Solid Waste (MSW) - Redevelopment of the Closed Zaragosa Landfill
Tracking Nos. 12788131, 12845131

Dear Mr. Mezzacappa:

We received your submittal dated August 12, 2009 and the revisions dated September 23, 2009 regarding the request for authorization for the disturbance of final cover over a closed MSW landfill in accordance with Title 30 Texas Administrative Code (30 TAC) Section (§)330.954(e) and §330.960. The request was made on behalf of Joe Battle Partners, LP as part of the redevelopment of the closed Zaragosa Landfill. Two areas (Area 1 and Area 2) are identified in the authorization request where waste will be excavated and removed from the closed Zaragosa Landfill.

No enclosed structures are proposed over any waste disposal areas. As long as the construction project does not include any enclosed structures as defined in 30 TAC §330.951 over waste disposal areas, authorization is hereby granted to proceed with the activities pursuant to 30 TAC §330.954(e) and as described in your above referenced submittals.

Locations where waste is removed must be backfilled and compacted with clean clay-rich soil and graded to provide positive drainage and prevent ponding. Any waste left in place must be covered to prevent long-term exposure by erosion and vectors. Any waste that is removed must be disposed at an authorized solid waste facility in accordance with 30 TAC Chapter 330 and Chapter 335. No waste shall be left exposed overnight. If putrescible waste is encountered which may generate methane gas and create a human health or safety risk, methane must be monitored. If methane is detected at concentrations which may pose a human health or safety risk, construction activities must cease, and a plan to address the methane must be submitted to the Municipal Solid Waste Permits Section for review and approval before construction activities can resume. Any water that comes into contact with waste must be managed in a manner that will not cause surface water or groundwater contamination.

If you have any questions, please contact Ms. Karen Cleveland at (512) 239-4519. When addressing written correspondence, please use mail code MC 124.

Sincerely,

Re: ZON09-00064 and ZON09-00063

We are in receipt of the City of El Paso's notice regarding a rezoning request by Joe Battle Partners, L.P. River Oaks Properties, Ltd. ("River Oaks") is the owner of property located within 300 feet of the property proposed for rezoning ("Property"). Please accept this letter as our formal protest of the requested zoning change under the provision of Section 211.006 of the Local Government Code.

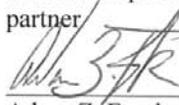

It is our understanding that under the City's Comprehensive Plan for El Paso ("City's Plan"), the Property is designated primarily for parks and open space. Under Section 211.004 of the Local Government Code, a zoning regulation must be adopted in accordance with a city's comprehensive plan. Further, according to the City's Plan rezoning of property should conform to the City's Plan and should be carried out in a manner that promotes public health, safety and welfare. The proposed rezoning of the property is clearly inconsistent with the City's Plan and does not promote public health, safety and welfare and therefore, should be denied.

We respectfully request that you deny the application because it does not conform to the criteria set forth in the City's Plan. Thank you for your attention to this matter.

Sincerely,
