Section 5. The City Council finds that the improvements set forth in the Assessment Plan are advisable and will provide sufficient benefits to the property within the District to justify the levy of assessments to reimburse the costs of such improvements.

Section 6. The City Council finds that the assessments as set forth in the Assessment Plan should be made and levied against the Property within the District and against the owners thereof, and are substantially in proportion to the benefits to the respective parcels of property within each class by means of improvements in the District for which such assessments are levied, and establish substantial justice and equality and uniformity between the respective owners to the respective properties within each class and between all parties concerned considering the benefits received and burdens imposed, and further finds that in each case the Property assessed is specially benefited by means of the said improvements in the District, and further finds that the apportionment of the cost of the services is in accordance with the law in force in this City and State and the proceedings of the City heretofore with reference to the formation of the District and the imposition of the assessments for said improvements are in all respects valid and regular.
