

**CITY OF EL PASO, TEXAS**  
**AGENDA ITEM DEPARTMENT HEAD'S SUMMARY FORM**

**DEPARTMENT:** Engineering

**AGENDA DATE:** April 28, 2009

**CONTACT PERSON/PHONE:** R. Alan Shubert, P.E., City Engineer 541-4423  
 Terrence Freiburg, Purchasing Manager, 541-4313

**DISTRICT(S) AFFECTED:** All Districts

**SUBJECT:**

Request authorization to purchase equipment and swings from the following cooperative purchasing networks, U.S. Communities contract #s 040377 and 04378 and the Texas Association of School Boards, Inc. (TASB) BuyBoard contract #269-07, for bids for Parks Upgrade 2008 Solicitation No. 2009-158 Pebble Hills Park, 2009-160 Central Parks Phase I, 2009-164 Lower Valley Parks, and 2009-165 Northwest Parks, 2009-166 Northwest and Lower Valley Parks, 2009-174 Northeast Parks, and 2009-175 East as recommended by Financial Services-Purchasing Division, Engineering and the Parks and Recreation Departments for a cost savings to the City.

**BACKGROUND / DISCUSSION:**

The City can purchase equipment and swings from cooperative purchasing networks at a lower cost to the City.

## CHARLOTTE.

### PLAYGROUND EQUIPMENT CONTRACTS Solicitation Summary

#### Background

In the Spring of 2003, U.S. Communities Government Purchasing Alliance selected Charlotte-Mecklenburg Procurement Services as a Lead Public Agency to solicit proposals from qualified companies to enter into a Master Agreement to provide a complete line of Park and Playground Equipment, Surfacing Materials, Site Furnishings and related services including, but not limited to, installation, layout, design and inspections.

U.S. Communities is a non-profit public benefit corporation established by government to provide a national purchasing forum for public agencies nationwide. U.S. Communities is jointly sponsored by the National Institute of Governmental Purchasing (NIGP), the National Association of Counties (NACo), the National League of Cities (NLC), the Association of School Business Officials International (ASBO), and the United States Conference of Mayors (USCM). U.S. Communities has a multi-state Advisory Board consisting of representatives from public agencies and associations including John Trunk, Charlotte-Mecklenburg Procurement Services Director.

By providing a comprehensive and competitively solicited Master Agreement through a single bid process, government agencies, school districts, and institutions of higher education or authorities in all fifty (50) states can utilize the subsequent contract without the need for further solicitation.

Combining the volumes of government agencies nationwide achieves cost effective pricing and reduces the administrative and overhead costs of suppliers and government agencies alike. All suppliers awarded contracts must sign a commitment that the U.S. Communities pricing is the lowest available to local agencies nationwide and a further commitment that, if an agency is eligible for lower pricing through a state, regional or local contract, the supplier will match the pricing under U.S. Communities.

All contracts let through U.S. Communities are convenience contracts and do not preempt public agencies from using other contract vehicles or competitive processes as required by individual state law.

#### Solicitation Process

A Request for Proposals (RFP) was issued in accordance with NC State Statutes (G.S. 143-129) on 4/21/03.

- We advertised the solicitation in the Charlotte Observer (copy enclosed) and posted on the NC Interactive Purchasing System website at: [www.ips.state.nc.us](http://www.ips.state.nc.us).
- A Pre-proposal conference was held to review specifications and allow the suppliers to ask questions pertaining to the bid process or specifications. (Although law does not require a pre-bid/proposal, it is our practice to conduct pre-proposals. We actually scheduled a second pre-proposal meeting to encourage corporate representatives versus local distributors to attend so we could adequately prepare a competitive and comprehensive proposal that would work nationwide.
- We received seven (7) sealed proposals in response to the RFP from the following:
  - Gametime
  - Landscape Structures
  - Little Tikes
  - Playworld
  - Castle Rock

- Kids Play
- Play USA
- Proposals were evaluated over a two-week period and the four (4) top ranked suppliers were interviewed.
- A recommendation was made to the Board of County Commissioners, which was approved at a regularly scheduled Board meeting on September 16, 2003 (copy of Board approval enclosed).

**Evaluation of Proposals**

Using the RFP procurement method allowed us to consider factors other than price and to award contracts to the firms whose proposals were the most advantageous to public agencies. Our recommendation to the Board was based on the following criteria:

- Quality & extensiveness of the product lines offered;
- Company history, annual sales, Dun & Bradstreet;
- Design and installation qualifications;
- Pricing and discount structures;
- Product warranties;
- National distribution network;
- Marketing plans;
- Value added services; and
- Compliance with requirements of the RFP.

The evaluation team consisted of local Park Planers, Procurement staff and Procurement Officials/US Communities Advisory Board members from:

- Wichita Public Schools, KS;
- LA County Schools, CA;
- Detroit Public Schools, MI; and
- Harford County Schools, MA.

It was determined that multiple awards were necessary to ensure that these contracts will allow US Communities to fulfill current and future requirements of the diverse and large number of participating public agencies. The requirements of Public parks and school systems often vary and some agencies choose to standardize their equipment. The evaluation team unanimously agreed that the three (3) best proposals were submitted by:

- Little Tikes Commercial Play Systems;
- Landscape Structures, Inc.; and
- GameTime.

Each supplier has unique product lines and offered slightly different pricing structures as well.

**Little Tikes (Play Power Farmington LT, Inc as of September 1, 2004)**

- ❖ Little Tikes contract includes variable percentage discounts that are based on dollar volume per product level.
- ❖ Little Tikes also offers rebates based on annual expenditures.
- ❖ Fees for installation services are included or can be contracted separately on a local basis for this particular contract. A list of approved/certified installers is included in the contract.

### Landscape Structures, Inc.

- ❖ Landscape Structures offered a fixed 6% discount off all published prices with an additional 2 % discount for single orders over \$80,000.
- ❖ Their contract includes installation fees based on a percentage of the equipment cost with a not to exceed amount per state. The work will be performed by local Landscape Structure certified installers and can be arranged through Landscape Structures or directly with the local installer of the agency's choice.
- ❖ Landscape offers a lease purchase program through GE Capital to give agencies a financial option during times of budget constraints.

### GameTime

- ❖ GameTime offers a variable percentage discount per product category with an additional 10% discount for orders of \$75K to \$150.
- ❖ For orders greater than \$150K there is an additional 15% discount.
- ❖ Gametime offers turnkey packages that include installation, safety inspections and all other necessary services. The services are based on a percentage of equipment prices and vary per product category and/or state.

### Benefits of Master Agreements

- The contracts are with three of the industry leaders in playground equipment manufacturing.
- They each offer a full range of playground equipment and services with:
- Unique and innovative products;
- Age appropriate products;
- Quick ship orders;
- Replacement parts; and
- Design, layout, maintenance and safety inspection services.
- Each company is certified by the International Play Equipment Manufacturers Association (IPEMA) as well as their products, and complies with ASTM and Americans with Disabilities Act (ADA) standards.
- All three contracts include a network of professional field representatives at your service.
- A pricing commitment that the US Communities Agreement is the lowest available pricing to public agencies nationwide and further commit that if a government agency is eligible for lower pricing through a state, regional or local contract, the supplier will match the pricing under US Communities.
