SUBJECT:

APPROVE a resolution / ordinance / lease to do what? OR AUTHORIZE the City Manager to do what? Be descriptive of what we want Council to approve. Include \$ amount if applicable.

Approve a resolution of City Council for the development of an extension of Whitehall Drive from the Northtowne Village Subdivision to the south, through the Northeast Regional Sports Complex, to the Redstone Village Subdivision to the north.

BACKGROUND / DISCUSSION:

Discussion of the what, why, where, when, and how to enable Council to have reasonably complete description of the contemplated action. This should include attachment of bid tabulation, or ordinance or resolution if appropriate. What are the benefits to the City of this action? What are the citizen concerns?

When the NE Regional Sports Complex was first dedicated as a park there was an understanding that there would be two entrance points to McCombs Drive from the park. The main access would be at Rick Husband Drive and the second at the far southern boundary of the property. TXDOT did not agree to the second access point because Chippendale Avenue in the Northtowne Village Subdivision to the south was too close to the proposed second park entrance. As a result of TXDOT declining the request for the second entrance, the PSB decided to reduce the amount of property to be dedicated as part of the NE Regional Sports Complex by reducing the proposed park area that had been reserved for the road. Unfortunately the property was not reduced sufficiently. Left with a remnant sliver of property extending from the main park property, the Parks and Recreation Department, in discussion with the Fire Department identified the property as a potential fire emergency entrance. The only problem was the connection of Whitehall Drive from Chippendale Avenue was deadheaded in a cul-de-sac off of Chippendale Avenue. The department did not have the funds to improve the road system to accomplish the desired task. Shortly thereafter, staff was approached by the Redstone Village Subdivision developer and after some discussion, indicated to staff that they would improve the extension of Whitehall Drive from Chippendale Avenue if they could continue that connection into their subdivision. Staff agreed seeing the logic to adding a third access entrance to the Redstone Village Subdivision. Being dedicated park property, a Public Hearing will have to be held on April 29, 2008 to gain public assent to allow for this improvement.

PRIOR COUNCIL ACTION:

Has the Council previously considered this item or a closely related one?
No.

AMOUNT AND SOURCE OF FUNDING:

How will this item be funded? Has the item been budgeted? If so, identify funding source by account numbers and description of account. Does it require a budget transfer?
The Redstone Village Subdivision developer, Hunt Communities, Inc. will pay the full cost of the roadway improvements.
