MEMORANDUM

DATE: April 20, 2007
TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager
FROM: Esther Guerrero, Planner
SUBJECT: ZON06-00146

The City Plan Commission (CPC), on April 5, 2007, voted **5-0** to recommend **APPROVAL** of this special permit request on the subject property to allow for a planned residential development with reduced lot sizes and reduced yard setbacks for the proposed development of 193 single-family residential lots.

There is a related annexation application and rezoning application that will run concurrent with this rezoning request.

The CPC found that this special permit request is in conformance with The Plan for El Paso; and the proposed use is in conformance with the Year 2025 Projected General Land Use Map. The CPC also determined that this special permit protects the best interest, health, safety and welfare of the public in general; that the proposed use is compatible with adjacent land uses; and the effects of the special permit will have no effects on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

General Information

The applicant requests a special permit for a planned residential development with reduced lot sizes and reduced yard setbacks. Proposed minimum lots on Parcel 1 to be no less than 4,100 square feet and no less than 42 feet wide; rear yard setbacks of 15 and 20 feet; with side yard setbacks varying from 3 to 7 feet. Parcel 2 proposes reduced rear yard setbacks of 20 feet with side yard setbacks varying from 3 to 7 feet. The site plan proposes 193 single-family residential lots with access to this subdivision via Montwood Drive. An annexation application is currently in process. A Development Agreement was previously approved by City Council for this property.

The City Plan Commission (CPC) approved a rezoning request from R-F (Ranch and Farm) to R-5 (Residential) on Parcel 1 and R-3A (Residential) on Parcel 2 along with a special permit request for a planned residential development on January 18, 2007 however; the applicant has submitted a revised site plan showing a 10 foot decrease in the width of a portion of the linear park and an increase in the depths of approximately 34 lots in Parcel 1. The rezoning application is pending City Council action upon the approval of the annexation.

Staff Recommendation

The Development Coordinating Committee (DCC) after reconsideration unanimously recommends **approval** of this request for a special permit.

Findings

The recommendation is based on the following:

- **The Plan for El Paso** City-Wide Land Use Goals recommends that El Paso “develop a balanced and complete community which contains a mix of land uses and densities, a wide range of housing types and styles that respond to the needs of all economic segments of the community.”
- **The Year 2025 Projected General Land Use Map** for the **East ETJ** Planning Area designates this property for Residential land uses.
- **R-5 and R-3A zoning** permit special permits for planned residential development with reduced lot size and setbacks and **are compatible** with adjacent development.

The Commission must determine the following:

1. Will the special permit protect the best interest, health, safety and welfare of the public in general?
2. Will single-family residential development with reduced lot sizes and setbacks be compatible with adjacent land uses?
3. What is the relation of the proposed special permit to the City’s Comprehensive Plan?
4. What effects will the special permit have upon the natural environment social and economic conditions and property values in the vicinity and in the City as a whole?

Development Services Department - Building Permits and Inspections Division

Zoning Review: Parcel 2 meets minimum R-3A minimum general lot size standards.

Development Services Department - Planning Division

Current Planning: A special permit for a planned residential development for Parcel 1 with reduced lot size and setbacks and for Parcel 2 a planned residential development with reduced setbacks is compatible with adjacent development and conforms to the Plan for El Paso.

Engineering Department - Traffic Division

No traffic concerns.

Fire Department

No comments received.

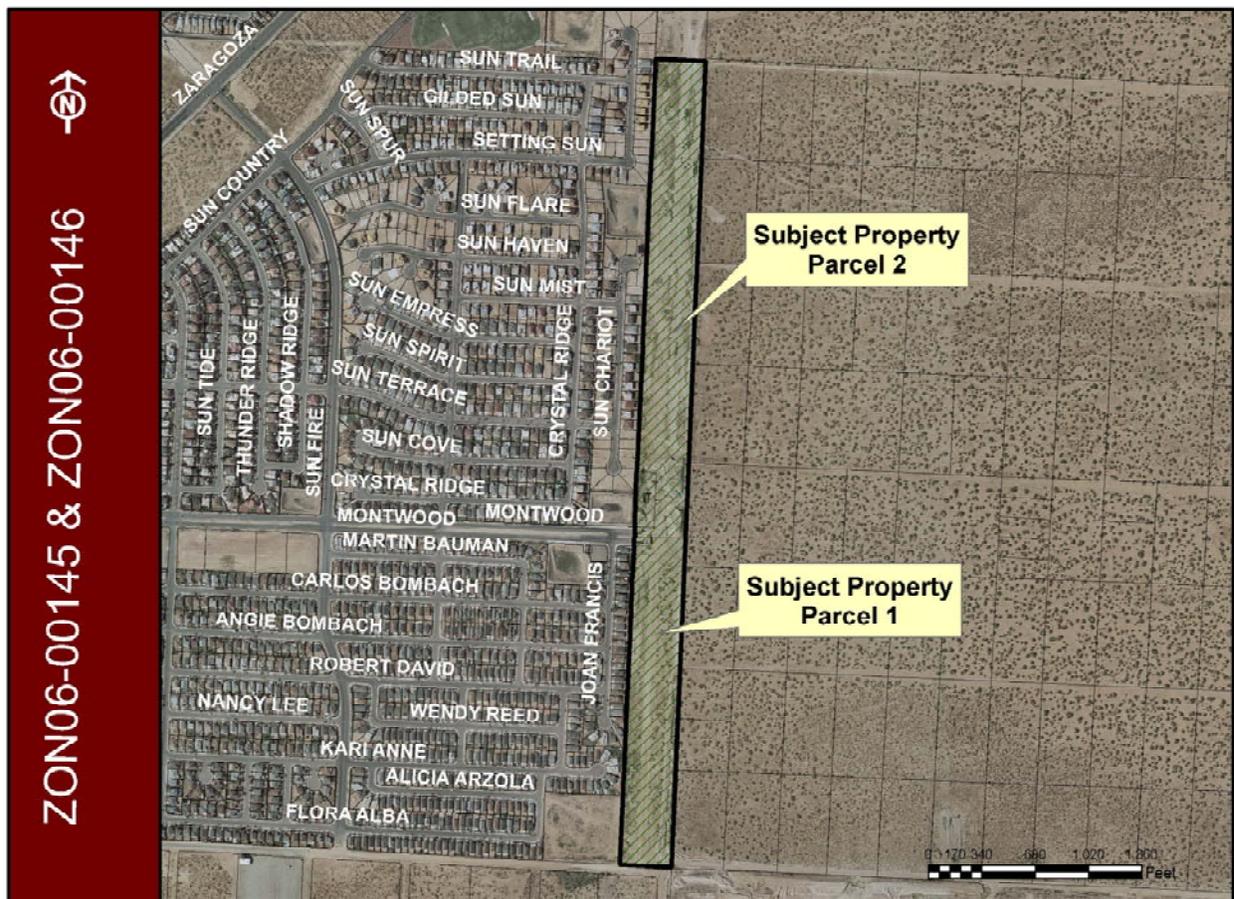

EI Paso Water Utilities

EPWU does not object to this request.
