AGENDA ITEM DEPARTMENT HEAD'S SUMMARY FORM

DEPARTMENT: Community and Human Development

AGENDA DATE: May 4, 2010

CONTACT PERSON/PHONE: William Lilly at 541-4643

DISTRICT(S) AFFECTED: Citywide

SUBJECT:

APPROVE a resolution / ordinance / lease to do what? OR AUTHORIZE the City Manager to do what? Be descriptive of what we want Council to approve. Include \$ amount if applicable.

City Council is scheduled to conduct a public hearing during the regularly scheduled City Council meeting in City Council Chambers on Tuesday, May 4, 2010, in order to adopt the Proposed 2010-2015 Consolidated Plan Summary for the City of El Paso, as well as the Proposed 2010-2011 Annual Action Plan Budgets for the Community Development Block Grant (CDBG) 36th Year Program, the Emergency Shelter Grant (ESG) Program, the HOME Investment Partnerships (HOME) Program and the Housing Opportunities for Persons with AIDS (HOPWA) Program.

BACKGROUND / DISCUSSION:

Discussion of the what, why, where, when, and how to enable Council to have reasonably complete description of the contemplated action. This should include attachment of bid tabulation, or ordinance or resolution if appropriate. What are the benefits to the City of this action? What are the citizen concerns?

Proposed 2010-2015 Consolidated Plan Summary for the City of El Paso

The Consolidated Plan is both a plan and an application to HUD for funding for the following four entitlement grants received by the City of El Paso:

1. Community Development Block Grant (CDBG)
2. Emergency Shelter Grant (ESG);
3. HOME Investment Partnership (HOME) Grant; and
4. Housing Opportunities for Persons with AIDS (HOPWA) Grant.

The Consolidated Plan is intended to identify needs and community priorities for the next five years.

The CD Department made a concerted effort to solicit citizen input for the development of the Consolidated Plan, utilizing media coverage, written materials and numerous meetings catering to both English and Spanish speaking individuals.

Beginning in August 2009, a series of three neighborhood meetings were held to solicit public opinion on the type of projects the City should fund with entitlement grant funds. A Citywide Public Hearing was conducted in City Council Chambers on October 7, 2009 for the same purpose. An Agency Forum of public, private and non-profit agencies was held on November 13, 2009 at YISD headquarters. All of these meetings were advertised in both the El Paso Times and El Diario newspapers. The Agency Forum was also posted on the Non-Profit Enterprise Center's website.

In early 2010, another series of four meetings were held with (1) the Housing Authority of the City of El Paso, (2) HOPWA providers, (3) the Metropolitan Planning Organization, and (4) the Fair Housing Task Force.

A 25-question survey (in both English and Spanish) was conducted yielding 1,400 responses. Over 450 written comments were included with these surveys.

Results of the public meetings and surveys indicated the top ten categories as follows:

1. Street projects combining repair, replacement, drainage, sidewalks, curbs and gutters and street lights;
2. Programs, services and facilities targeted towards youth – gang intervention, drug intervention, after-school activities and self esteem training;
3. Program, services and facilities targeted towards disabled persons of all ages;
4. Programs, services and facilities targeted to the elderly – nutrition, in-home care, minor home repair and expanded activity centers;
5. Neighborhood cleanups and code enforcement programs;
6. Health care programs and services;
7. Restrooms in public parks;
8. Child care;
9. Homeless prevention; and
10. Job creation.

Attached for Council approval is the Proposed Consolidated Plan Summary (**Exhibit A**), which outlines the City's five-year objectives and outcomes and an evaluation of past performance. A copy of the full and completed 2010-2015 Consolidated Plan will be provided to City Council at their June 22, 2010 meeting for final approval.

Proposed 2010-2011 Annual Action Plan Budgets for the CDBG, ESG, HOME & HOPWA Programs

On April 9, 2010, City Council was provided with a consensus recommendation from the Community Development (CD) Steering Committee and Staff on the entire CDBG Budget, which includes activities in the Social Services, Code Enforcement, Economic Development, Housing, Interim Assistance, Public Facilities, Administration and Planning, and Use of CDBG Revolving Loan Fund Income categories.

For your convenience, we are attaching updated copies of these CDBG Budget recommendations. The chart (**Exhibit B-1**) includes all projects that were reviewed by the Steering Committee and Staff, whether or not they were recommended for funding. Please note that each of the projects are numbered for easy identification.

The total CDBG budget amount of \$10,192,253 includes the following:

- \$9,192,253 = CDGB Entitlement Grant which the City will receive from the Department of Housing and Urban Development (HUD) for the 36th Program Year; and
- \$1,000,000 = Expected CDBG Revolving Loan Fund income.

Additionally, City Council is asked, at this time, to adopt a Proposed Budget for the City's 2010-2011 Emergency Shelter Grant (ESG) of \$373,158. The Consensus Budget recommended by the ESG Collaborative, the Steering Committee and CD Staff was submitted to City Council on April 9, 2010. For your convenience, a copy of the ESG Budget recommendation (**Exhibit B-2**) is included with the explanation.

City Council is also asked to adopt the HOME Investment Partnerships (HOME) Program Budget (**Exhibit B-3**) in the amount of \$5,165,177, which includes the 2010-2011 HOME Entitlement amount of \$3,965,177, plus the projected HOME Program Income amount of \$1,200,000.

Lastly, City Council is asked to adopt the Housing Opportunities for Persons with AIDS (HOPWA) Program Budget (**Exhibit B-4**) in the amount of \$355,028. This is the second year that the City will receive this entitlement grant to benefit those affected with AIDS in our community.

Public Review/Comment and Subsequent City Council Action

After City Council action on May 4th, a notice of availability, including a description of the contents and purpose of the Proposed 2010-2015 Consolidated Plan for the City of El Paso will be published in the El Paso Times on Sunday, May 9, 2010. The Proposed 2010-2011 Annual Action Plan Budgets for CDBG, ESG, HOME and HOPWA Programs will also be published for public review and comment in the El Paso Times on Sunday, May 9, 2010.

Copies of both the Proposed 2010-2015 Consolidated Plan and Proposed 2010-2011 Annual Action Plan will be made available for public review and comment on Monday, May 10, 2010, in the CD Department, all City libraries, the UTEP Library and all El Paso Community College Libraries, as well as on the CD website. Forms will be provided at each physical site and on the website for citizens to provide comments. The City will also mail copies of the Proposed 2010-2015 Consolidated Plan to the heads of local governments (Anthony, Vinton, Horizon City, Socorro, Clint & the County) asking for their comments.

Comments about the Proposed 2010-2015 Consolidated Plan and 2010-2011 Annual Action Plan will be received during a mandatory 30-day comment period that ends on Friday, June 11, 2010. City Council is scheduled to adopt a Final 2010-2015 Consolidated Plan and 2010-2011 Annual Action Plan at a public hearing during the regular City Council meeting in City Council Chambers on Tuesday, June 22, 2010.

PRIOR COUNCIL ACTION:

Has the Council previously considered this item or a closely related one?

This is the standard process that City Council has followed in the adoption of proposed entitlement grant funding that the City has received annually from HUD since 1975.

AMOUNT AND SOURCE OF FUNDING:

How will this item be funded? Has the item been budgeted? If so, identify funding source by account numbers and description of account. Does it require a budget transfer?

The City is expected to submit an approved Annual Action Plan to HUD on July 9, 2010, that will enable the City to receive \$13,885,616 in federal entitlement grant funds (\$9,192,253 – CDBG, \$373,158 – ESG, \$3,965,177 – HOME and \$355,028 – HOPWA) that become available to spend on September 1, 2010.

BOARD / COMMISSION ACTION:

Enter appropriate comments or N/A

On March 30, 2010, the CD Steering Committee reviewed the Executive Summary of the Consolidated Plan that outlined the programs and projects that are anticipated in the upcoming five years, based largely on the citizen participation process outlined above. The Committee's vote was unanimously in favor.

On March 25, 2010, the CD Steering Committee unanimously recommended the proposed 2010-2011 CDBG, ESG and HOPWA budgets for Council's adoption.

Executive Summary

An Executive Summary is required. The Summary must include the objectives and outcomes identified in the plan and an evaluation of past performance.

NAME OF JURISDICTION: City of El Paso, Texas

Consolidated Plan Time Period: 2010-2015

The City of El Paso's 2010-2015 Consolidated Plan is a five-year planning document, strategy, and process management tool to direct the use and measure the effect of federal funds granted to the City of El Paso by the United States Department of Housing and Urban Development (HUD) to improve the lives of economically disadvantaged residents and neighborhoods. All programs and activities described in this Plan and funded through HUD must first pass the "Public Benefit" test: either they benefit low- and moderate-income persons, eliminate slums and blight, or address some urgent need before they are deemed suitable to address one of the basic statutory goals of HUD: the creation of a suitable living environment, the provision of decent housing, and the creation of economic opportunities.

The Consolidated Plan is required by HUD and also serves as the application for the four formula entitlement grants the City of El Paso Department of Community and Human Development (DCHD) receives from HUD as follows:

1. The Community Development Block Grant (CDBG) Program encompasses a wide range of eligible activities, including public services, physical improvements and economic development. CDBG-funded projects must benefit persons or neighborhoods whose residents are primarily of low-to-moderate income.
2. The HOME Investment Partnerships (HOME) Program provides incentives to develop and support safe and decent housing, affordable rental housing and home ownership affordability. This is accomplished through the rehabilitation of existing housing, purchase of existing homes, and construction of new housing.
3. The Emergency Shelter Grant (ESG) Program provides funds to homeless shelters. The funds can be used for renovation, operating expenses, essential services, and homelessness prevention activities.
4. The Housing Opportunities for Persons with AIDS (HOPWA) Program funding provides housing assistance and related supportive services, and grantees are encouraged to develop community-wide strategies and form partnerships with area non-profit organizations. HOPWA funds may be used for a wide range of housing, social services, program planning, and development costs, as well as supportive services, including health care and mental health services.

Outcome Performance Measurement System

In 2005, the City of El Paso introduced HUD's new Performance Measurement System. The implementation of this outcome performance measurement system and its use by grantees enables HUD to collect information on the outcomes of activities funded with Community Planning and Development (CPD) formula grant assistance so that effectiveness can be clearly demonstrated at both the local and national levels. The new performance measurement system requires that objectives, outcomes and performance measures (indicators) be linked to the strategies in the Consolidated Plan, to the proposed activities in the Annual Action Plan and to the accomplishments reported in the Consolidated Annual Performance and Evaluation Report (CAPER). The performance measurement system helps quantify and measure program outcomes in order to determine how well programs, projects, and activities are meeting established needs and goals of the Consolidated Plan. This new Performance Measurement System is outlined below.

All activities must meet one of three national *objectives*:

1. Create a suitable living environment (SL)
2. Provide decent housing (DH)
3. Create economic opportunities (EO)

After an objective is selected, an *outcome* must be identified:

1. Availability/Accessibility:
 - Availability/Accessibility for the purpose of creating suitable living environments
 - Availability/Accessibility for the purpose of providing decent affordable housing
 - Availability/Accessibility for the purpose of creating economic opportunities
2. Affordability:
 - Affordability for the purpose of creating suitable living environments
 - Affordability for the purpose of providing decent affordable housing
 - Affordability for the of creating economic opportunities
3. Sustainability:
 - Sustainability for the purpose of creating suitable living environments
 - Sustainability for the purpose of providing decent affordable housing
 - Sustainability for the purpose of creating economic opportunities

This system maintains the flexibility of the block grant programs, as the objectives, outcomes, and indicators will be determined by the City based on the intent of the activities funded. The standardized format provides that reporting will be uniform and, therefore, the achievements of these programs can be aggregated for each grantee locally and for all grantees at the national level. Examples of specific performance/outcome indicators that may be reported are:

- Number of rental units constructed
 - Number of rental units rehabilitated
 - Number of persons assisted with new/improved access to a public service
 - Number of households who received assistance to prevent homelessness
 - Number of households benefited from enhanced community facilities
 - Number of persons assisted with new access to a facility or infrastructure benefit
- The outcome/objective category is identified in the following manner.

Outcome/Objective Codes

	Availability/Accessibility (1)	Affordability (2)	Sustainability (3)
Decent Housing (DH)	DH-1 Availability/Accessibility for the purpose of providing Decent Housing	DH-2 Affordability for the purpose of providing Decent Housing	DH-3 Sustainability for the purpose of providing Decent Housing
Suitable Living Environment (SL)	SL-1 Availability/Accessibility for the purpose of providing a Suitable Living Environment	SL-2 Affordability for the purpose of providing a Suitable Living Environment	SL-3 Sustainability for the purpose of providing a Suitable Living environment
Economic Opportunity (EO)	EO-1 Availability/Accessibility for the purpose of creating Economic Opportunities	EO-2 Affordability for the purpose of creating Economic Opportunities	EO-3 Sustainability for the purpose of creating Economic Opportunities

The following chart identifies specific objectives, outcomes and indicators for goals in the Strategic plan section of the Adopted Consolidated Plan.

Evaluation of Past Performance

The City of El Paso has historically allocated CDBG, HOME and ESG funds to activities that benefit low- and moderate-income persons with a high priority for housing, public infrastructure, public facilities and public services. In FY 2009-2010, the City also began receiving HOPWA funding from HUD to benefit persons who are of low- to moderate-income that have been diagnosed with HIV/AIDS, and their families. Please see the following table which highlights the achievements made during the previous Consolidated Plan of September 1, 2005 to August 31, 2010.

Programs/ Activities	FY 2005-2006	FY 2006-2007	FY 2007-2008	FY 2008-2009	FY *2009-2010

*Projected

The City of El Paso is evaluated annually by the Federal Department of Housing and Urban Development with respect to the fulfillment of its obligations.

HUD's Annual Community Assessment for the previous four program years determined that the City of El Paso has carried out its program substantially as described in its Consolidated Plan in compliance with the requirements of the Housing and Community

Development Act and other applicable laws and regulations. These assessments have also determined that, during the past four years that have been completed under the 2005-2010 Consolidated Plan, El Paso has:

- ❖ Expended 100 percent of its CDBG funds for activities that benefited low- and moderate-income persons, meeting the 70 percent minimum standard for overall program benefit.
- ❖ Expended funds on CDBG planning and administration consistently below the 20 percent cap for such activities.
- ❖ Implemented its CDBG program in a timely manner and met HUD's timeliness standard which requires that, 60 days before the end of the program year, the City must not have more than 1.50 program years of grant funds in its line of credit.
- ❖ Had expenditures consistently below the 15 percent cap for CDBG public services activities, including childcare, youth services, emergency shelter and homeless assistance, services for the elderly and disabled, and mental and medical health services.
- ❖ Used HOME funds to assist low- to moderate-income households with the purchase of their first home, and to assist other households with owner-occupied rehabilitation or reconstruction (if houses were infeasible to rehabilitate). HOME Community Housing Development Organization (CHDO) funds were used for the construction of rental housing units for low- to moderate-income households, including elderly persons, and single family homes were constructed for low- and moderate-income first-time homebuyers.
- ❖ Carried out a variety of public facility and infrastructure improvement projects, including park improvements, public facility improvements, neighborhood improvements, street and drainage improvements, and accessibility improvements.
- ❖ Utilized ESG dollars to fund numerous programs and projects that serve the various homeless populations through the Continuum of Care Program in the City of El Paso.
- ❖ Beginning in 2008-2009, expended HOPWA funds to assist persons who have been diagnosed with HIV/AIDS, and their families, with tenant-based rental assistance and supportive services.

It is expected that all of these benchmarks will also be met for 2009-2010, which is the final program year of the 2005-2010 Consolidated Plan, and that similar accomplishments will be reported.
