MEMORANDUM

TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager

FROM: Andrew Salloum, Planner

SUBJECT: ZON11-00007

The City Plan Commission (CPC), on March 24, 2011, voted 5-1 to recommend **denial** of rezoning the subject property from C-3/sp (Commercial/special permit) to C-4 (Commercial).

The CPC found that the rezoning is not in conformance with the Plan for El Paso. The CPC also determined that the rezoning does not protect the best interest, health, safety and welfare of the public in general; that the proposed use is not compatible with adjacent land uses; and the rezoning will have negative effects on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

The applicant filed an appeal of the CPC decision to City Clerk on March 24, 2011.

There was no **OPPOSITION** to this request.

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on March 8, 2011. The Planning Division has not received any letters or phone calls in support or opposition of the rezoning request.

HISTORY CASE

On February 11, 1997, City Council approved the rezoning of the subject property from R-3/sp (Residential/special permit) to C-3/sp (Commercial/special permit).

APPLICATION DESCRIPTION

The applicant is requesting to rezone property from C-3/sp (Commercial/special permit) to C-4 (Commercial) to allow for a nursery (industrial scale). The industrial scale nursery proposed is a use only permitted in C-4 (Commercial), R-F (Ranch and Farm), or M-1 (Light Manufacturing) zone districts. Access is proposed from Montana Avenue.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **denial** of rezoning the subject property from C-3/sp (Commercial/special permit) to C-4 (Commercial) based on the incompatibility with the comprehensive plan, which calls for mixed use type development. Also, the surrounding uses to the South, East, and West are single-family residential.

The Plan for El Paso-City-Wide Land Use Goals

All applications for rezoning shall demonstrate compliance with the following criteria:

- a. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses.
- b. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city's neighborhoods.
- c. Goal: encourage the provision of neighborhood commercial services which are compatible with a neighborhood's residential character.

The purpose of the C-4 (Commercial) district is to provide for locations for the most intensive commercial uses intended to serve the entire city. It is intended that the district regulations permit heavy commercial uses characterized by automotive and light warehousing. The regulations of the districts are intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities. Within the central business district, more intensive commercial uses are allowed, the predominant of which are retail trade and service uses, providing less restrictive height and area regulations.

Development Coordinating Committee Review

The DCC reviewed and discussed the application for rezoning and offered no objections to Planning Staff's recommendation for **denial**.
