

**CITY OF EL PASO, TEXAS
REQUEST FOR COUNCIL ACTION (RCA)**

DEPARTMENT: ENGINEERING DEPARTMENT

AGENDA DATE: May 12, 2009

CONTACT PERSON/PHONE: R. Alan Shubert, P.E., City Engineer, (X-4423)

DISTRICT(S) AFFECTED: 1

SUBJECT:

Bid No. 2009-206
UPPER VALLEY DRAINAGE IMPROVEMENTS PH. IB (RE-BID)

BACKGROUND / DISCUSSION:

It is recommended that this contract be awarded to **Saab Site Contractors L.P.**, as the lowest, most responsible bidder meeting specifications of Base Bid for an estimated contract amount of **\$1,304,460.00**. Total Contract time is for a period of two hundred eighteen (218) Consecutive Calendar Days; (168 days for Substantial Completion and 50 days for remaining work).

The construction required to complete this project is to improve the drainage detention capacity of the McCutcheon Basin. The project consists of increasing the size of the basin by expanding the size and installing a pump station to draw down the water level at the basins. The work, defined under project specifications, covers all items of construction required for the modification of the McCutcheon Basin as shown on the project drawings. This shall include but is not limited to: layout, excavation, import of soil from borrow source, subgrade preparation, construction of foundation and berms to elevations and grades shown on the plans and specification requirements. Work shall include placement of loose rock rip rap on exterior of the berms as shown on drawings. Basin shall have 6-inch base course road around the perimeter of basin with sections overlaid with 2-inch HMAc as shown in the plans. Other improvements include: selective demolition, removing and replacing the existing concrete flumes as shown in plans; storm sewer pipes; inlets; manholes; outlet structures; and, chain link fence and rockwall at perimeter of basin, basin draw down pump station installation, electrical building, including: asphalt paving, concrete header curb, site electrical service, weir structures with concrete apron and manual bar screens, and site piping as shown on the drawings.

The construction shall include: implementation and maintenance of a storm water pollution prevention plan; dewatering as required; and, all other incidental and subsidiary items necessary to construct a completed facility. The construction shall include: implementation and maintenance of a storm water pollution prevention plan; dewatering as required; and, all other incidental and subsidiary items necessary to construct a completed facility.

This is a low bid, unit-price contract. The Engineering Department recommends award as indicated to the lowest responsible bidder.

PRIOR COUNCIL ACTION:

April 14, 2009, motion made to reject all bids and re-bid for Solicitation No. 2009-123
(Upper Valley drainage Improvements Phase IB)

AGENDA DATE: May 12, 2009
Lowest responsible bidder
CONTRACTOR: Saab Site Contractors L.P.
TOTAL ESTIMATED AMOUNT: \$1,304,460.00

RECOMMENDATION:

Discussion and action on the award of Solicitation No. **2009-206** for the Upper Valley Drainage Improvements Ph. IB (Re-Bid), to **Saab Site Contractors L.P.** for a total estimated amount of **\$1,304,460.00**.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

Work under this unit price contract is only an estimated value and will be ordered, performed, invoiced, and paid by measured quantity. The actual cost of this contract may be higher or lower than the total estimated value and will be the sum total of unit prices at the end of the contract term.

As a part of this award, upon the review of the City Attorney, the City Engineer may without further authorization from City Council approve contract changes which are necessary for proper execution of the work and carrying out the intent of the project, but which do not increase the scope of the contract as awarded, in an amount not to exceed \$25,000.00 per numbered change order, without further authorization by City Council.

This is a low bid, unit-price contract. The Engineering Department recommends award as indicated to the lowest responsible bidder.

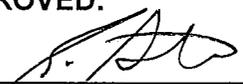

DESCRIPTION OR EXPLANATION:

Base Bid \$1,304,460.00

TOTAL ESTIMATED AWARD: \$1,304,460.00

TIME FOR COMPLETION: 218 Consecutive Calendar Days
SUBSTANTIAL COMPLETION: 168 Consecutive Calendar Days
REMAINING WORK: 50 Consecutive Calendar Days
LIQUIDATED DAMAGES: \$1,000.00/Consecutive Calendar Day
\$140.00/Consecutive Calendar Day

Upper Valley Drainage Improvements Ph. IB (Re-Bid)
Solicitation No. 2009-206

SCOPE OF WORK

McCutcheon Basin Modifications and Pump Station:

The work, defined under project specifications, covers all items of construction required for the modification of the McCutcheon Basin as shown on the project drawings. This shall include but is not limited to: layout, excavation, import of soil from barrow source, subgrade preparation, construction of foundation and berms to elevations and grades shown on the plans and specification requirements. Work shall include placement of loose rock rip rap on exterior of the berms as shown on drawings. Basin shall have 6-inch base course road around the perimeter of basin with sections overlaid with 2-inch HMAC as shown in the plans. Other improvements include: selective demolition, removing and replacing the existing concrete flumes as shown in plans; storm sewer pipes; inlets; manholes; outlet structures; and, chain link fence and rockwall at perimeter of basin, basin draw down pump station installation, electrical building, including: asphalt paving, concrete header curb, site electrical service, weir structures with concrete apron and manual bar screens, and site piping as shown on the drawings.

The construction shall include: implementation and maintenance of a storm water pollution prevention plan; dewatering as required; and, all other incidental and subsidiary items necessary to construct a completed facility.

END SCOPE OF WORK
