Re: Sole Source for Horizon ILS and Telephone Messaging 3.0 (TM3)

Dear Ms. Rayas:

This letter is to confirm that Sirsi Corporation d/b/a SirsiDynix ("SirsiDynix") is the developer and/or sole source provider for all SirsiDynix software and specialized services. The SirsiDynix Horizon collection management system ("HORIZON") product was developed at private expense by SirsiDynix. The HORIZON system is a proprietary software product that is only available from SirsiDynix and SirsiDynix retains the exclusive trademark, copyright, trade secret and/or patent rights to the HORIZON software. The HORIZON software is provided only to those users that have signed a licensing agreement, therein agreeing to protect the confidentiality of the proprietary information and trade secrets of SirsiDynix's HORIZON software. SirsiDynix has sole knowledge of the development of the software and certain configuration requirements that are exclusive to the HORIZON software. Consequently, only SirsiDynix is able to sell and maintain the software as well as continue to make further enhancements in the HORIZON software.

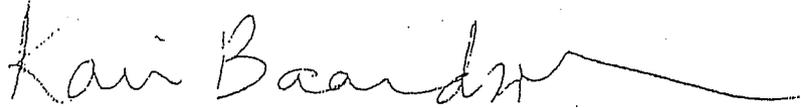

Telephone Messaging 3.0 (TM3) was co-developed with Talking Tech to work directly with the Horizon ILS and the product can be sold only through SirsiDynix.

SirsiDynix is the library automation vendor for the Library pursuant to an agreement that has been signed by both parties. As such, SirsiDynix provides maintenance and support for the complete system for the library. As software is added to the system, SirsiDynix requires that the library software and specialized services be purchased directly from SirsiDynix in order to ensure continued support and compatibility of the new software with the existing system.
