

**CITY OF EL PASO, TEXAS**  
**AGENDA ITEM DEPARTMENT HEAD'S SUMMARY FORM**

**DEPARTMENT:**        **Engineering & Construction Management**

**AGENDA DATE:**     **May 28, 2013**

**CONTACT PERSON/PHONE:** **Irene D. Ramirez. P.E., Interim City Engineer**

**DISTRICT AFFECTED:** **3**

**SUBJECT:**

Item is to request approval of a resolution authorizing the City Manager to execute, on behalf of the City of El Paso, an overhead electrical easement to El Paso Electric Company required for system re-routing in the vicinity of a new proposed fire station at Gateway East and Revere Street.

**BACKGROUND / DISCUSSION:**

Presently, an El Paso Electric Company high capacity transmission line run transversely across the parcel upon which new Fire Station No. 5 will be constructed. To make way for the new facility, the transmission line must be re-routed around the perimeter of the City-owned parcel and requires an overhead overhang easement 120 ft. in length since high capacity transmission lines cannot be installed underground due to emergency accessibility requirements.

**PRIOR COUNCIL ACTION:**

On May 14, 2013, Council granted an underground and transformer pad easement to EPE at this site for the proposed facility power requirements.

**AMOUNT AND SOURCE OF FUNDING:**

There are no costs associated with this action.

**RESOLUTION**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL PASO:**

That the City Manager be authorized to sign an Overhead Electrical Easement for the provision of electrical power to Fire Station No. 5 to be located at 400 Revere Street, a new City facility, said easement more particularly described as a portion of Lot1, Block 1, Miles Midtown, City of El Paso, El Paso County, Texas.

**ADOPTED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 2013.**

THE STATE OF TEXAS     §  
  §  
COUNTY OF EL PASO     §

**OVERHEAD ELECTRICAL EASEMENT**

For and in consideration of the sum of One Dollar and No/100 (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the City of El Paso (Grantor) grants unto El Paso Electric Company (Grantee), its successors and assigns, the right and privilege to enter and erect, relocate, construct, operate, remove, inspect, access, and maintain an overhead electric system consisting of any and all necessary poles, cables, lines, wires, crossarms, guys and anchors for an above ground electric distribution and/or transmission system, together with the overhang of service wires, with the right of access, ingress, and egress, thereto for the installation, construction, operation, inspection, repair, maintenance, replacement, renewal or removal thereof, for the distribution of electricity, for any and all purposes for which same is or may hereafter be used, over or under, upon, and along the areas identified in Exhibit "A" attached hereto and incorporated herein for all purposes, said areas being in the following described premises in El Paso, El Paso County, Texas, to wit:

A portion of Lot 1, Block 1, Miles Downtown, El Paso, El Paso County, Texas and more particularly shown on Exhibit "A", which is attached hereto and incorporated herein for all purposes.

The easement consists of a 5 ft. by 120 ft. overhead easement with a point of origin at LAT. 31°46'35.60"N, LONG.106°25'47.08"W running northerly for a distance of 67 ft. and then northwesterly for a distance of 53 ft., with point of terminus at LAT. 31°46'36.71"N, LONG. 106°25'45.97"W, more fully illustrated in Exhibit "A".

With the right to trim any trees and flora around said electrical facilities so as to keep the electrical facilities cleared and to do anything proper and necessary to operate and maintain same.

This easement shall be for the term of Grantee's franchise and any extension and renewal thereof by the Grantor. In accepting this easement, Grantee agrees that Grantor shall have the power at any time to require Grantee to remove and abate, at Grantee's expense, any installation or structure that is dangerous to life or property and that Grantor shall have the power at any time to require Grantee to change the route and position of its poles, lines, conduits or other construction at Grantee's expense when the El Paso City Council (the "City Council") shall find, by resolution, that such change is necessary in the closing, opening or relocation of streets or alleys, or water or sewer lines, the changing of grade of streets or alleys, the construction and maintenance of public improvements, the construction of private buildings, the construction or use of driveways or under other conditions which the City Council shall find necessary. Provided, however, that Grantee shall be entitled to be paid for its costs and expense of any relocation, raising or lowering of its wires or cables required by Grantor if such expenses or costs are reimbursable or payable to Grantee or Grantor by the State of Texas, the United States, or any agency or subdivision of either whether directly or indirectly. Grantor shall use its best reasonable efforts to consult and confer with Grantee before requiring any such relocation or raising or lowering of its lines or cables, with a view to accomplishing the result reasonably and economically.

In accepting this grant, Grantee agrees that it will replace or repair, as reasonable, landscaping and paving if disturbed by Grantee's construction, maintenance or repairs of or to its facilities in and upon such easement. Grantee shall promptly restore to as good condition as before working thereon, and to the reasonable satisfaction of the Grantor all streets excavated by it. Grantee may, from time to

time and as may be required by prudent utility practices in connection with the construction, maintenance, or repair of its facilities, restrict access to or interfere with the use of Grantor's structures(s) or tangible personal property located on or in the vicinity of the easement. In such event, Grantee shall endeavor to provide Grantor reasonable written notice of any such restriction or interference and shall use commercially reasonable efforts to coordinate its activities with Grantor so as to minimize the duration and extent of such restriction or interference. The preceding sentence notwithstanding, certain events or circumstances may occur or arise that require Grantee to take immediate action to address imminent public safety concerns, the integrity of Grantee's facilities or system, or the reliability of service provided by Grantee. Under such or similar exigencies, Grantee shall provide Grantor notice of any restrictions or interference as soon as reasonably practicable, and shall use commercially reasonable efforts to minimize the duration and extent of such restriction or interference. Grantee agrees to call for utility spotting by a third party prior to any excavation by Grantee in the easement.

Grantor reserves the right to full use and enjoyment of said property except for the purposes herein granted. Grantor agrees not to erect permanent structures or obstruct access in, over, or under Grantee's facilities.

Grantor will not be held responsible for any damage to Grantee's underground facilities from excessive erosion due to flood run-off.

Should Grantee abandon the easement, then the easement hereinabove described shall revert to Grantor or its successors and assigns. Such abandonment shall be conclusively presumed following non-use by the Grantee for one year and with use not being resumed within sixty (60) days following receipt of notice of abandonment from Grantor to Grantee, and on such abandonment, Grantee will then execute any and all necessary documents to evidence such abandonment.

Grantee shall maintain the surface over the length and width of the easement to the satisfaction, as reasonable, of Grantor and in accordance with all applicable laws, ordinances, regulations, and City Code provisions.
