Subject: Proposed Tower Structure Info - Email ID #1144766

Dear Gerry R Raymond Mr,

Thank you for submitting a notification regarding your proposed structure via the Tower Construction Notification Application. Note that the FCC has assigned a unique Notification ID number for this proposed structure.

You will need to reference this Notification ID number when you update your project's Status with us. Below are the details you provided for the tower you have proposed to construct:

Notification Received: 06/02/2006

Notification ID: 16514
Tower Owner Individual or Entity Name: T-Mobile, USA
Consultant Name: Gerry R Raymond Mr

Street Address: 14113 Nambe Ave NE

City: Albuquerque
State: NEW MEXICO
Zip Code: 87123
Phone: 505-294-1414
Email: raymond1414@msn.com

Structure Type: POLE - Any type of Pole
Latitude: 31 deg 47 min 48 sec N
Longitude: 106 deg 27 min 42 sec W
Location Description: 2219 N. Piedras Street
City: El Paso
State: TEXAS
County: EL PASO
Ground Elevation: 1194.8 meters
Support Structure: 22.9 meters above ground level
Overall Structure: 22.9 meters above ground level
Overall Height AMSL: 1217.7 meters above mean sea level

Subject: NOTICE OF ORGANIZATION(S) WHICH WERE SENT PROPOSED TOWER CONSTRUCTION NOTIFICATION INFORMATION - Email ID #1148619

Dear Sir or Madam:

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this electronic mail message is to inform you that the following authorized persons were sent the information you provided through TCNS, which relates to your proposed antenna structure. The information was forwarded by the FCC to authorized TCNS users by electronic mail and/or regular mail (letter).

Persons who have received the information that you provided include leaders or their designees of federally-recognized American Indian Tribes, including Alaska Native Villages (collectively "Tribes"), Native Hawaiian Organizations (NHOs), and State Historic Preservation Officers (SHPOs). For your convenience in identifying the referenced Tribes and in making further contacts, the City and State of the Seat of Government for each Tribe and NHO, as well as the designated contact person, is included in the listing below. We note that Tribes may have Section 106 cultural interests in ancestral homelands or other locations that are far removed from their current Seat of Government. Pursuant to the Commission's rules as set forth in the Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission (NPA), all Tribes and NHOs listed below must be afforded a reasonable opportunity to respond to this notification, consistent with the procedures set forth below, unless the proposed construction falls within an exclusion designated by the Tribe or NHO. (NPA, Section IV.F.4).

The information you provided was forwarded to the following Tribes and NHOs who have set their geographic preferences on TCNS. If the information you provided relates to a proposed antenna structure in the State of Alaska, the following list also includes Tribes located in the State of Alaska that have not specified their geographic preferences. For these Tribes and NHOs, if the Tribe or NHO does not respond within a reasonable time, you should make a reasonable effort at follow-up contact, unless the Tribe or NHO has agreed to different procedures (NPA, Section IV.F.5). In the event such a Tribe or NHO does not respond to a follow-up inquiry, or if a substantive or procedural disagreement arises between you and a Tribe or NHO, you must seek guidance from the Commission (NPA, Section IV.G). These procedures are further set forth in the FCC's Declaratory Ruling released on October 6, 2005 (FCC 05-176).

1. NAGPRA Coordinator - Neil Cloud - Southern Ute Tribe - Ignacio, CO - electronic mail and regular mail

Exclusions: Please send a copy of the Form 620 form for ALL proposed sites via regular mail to:

Neil B. Cloud, NAGPRA Coordinator, P.O. Box 737, Mail Stop #73, 116 Capote Drive, Ignacio, Colorado 81137

7/11/2006

2. Governor - Arturo Sinclair - Ysleta del Sur Pueblo - El Paso, TX - electronic mail

3. Project Assistant - Lee Wait - Comanche Nation - Lawton, OK - regular mail

Exclusions: If the Applicant receives no response from the Comanche Nation within 30 days after notification through TCNS, the Comanche Nation has no interest in participating in pre-construction review for the site. The Applicant, however, must notify the Comanche Nation in the event archaeological properties or human remains are discovered during construction, consistent with Section IX of the Nationwide Programmatic Agreement and applicable law.

4. Administrative Assistant - Louissa Riffel - Wichita and Affiliated Tribes - Anadarko, OK - electronic mail and regular mail

5. Environmental Director - Joshua Waffle - Tonkawa Tribe - Tonkawa, OK - electronic mail

6. Tribal Historic Preservation Officer - Holly Houghten - Mescalero Apache Tribe - Mescalero, NM - electronic mail and regular mail

Exclusions: We do not wish to review towers that are being placed upon existing buildings.

The information you provided was also forwarded to the additional Tribes and NHOs listed below. These Tribes and NHOs have NOT set their geographic preferences on TCNS, and therefore they are currently receiving tower notifications for the entire United States. For these Tribes and NHOs, you are required to use reasonable and good faith efforts to determine if the Tribe or NHO may attach religious and cultural significance to historic properties that may be affected by its proposed undertaking. Such efforts may include, but are not limited to, seeking information from the relevant SHPO or THPO, Indian Tribes, state agencies, the U.S. Bureau of Indian Affairs, or, where applicable, any federal agency with land holdings within the state (NPA, Section IV.B). If after such reasonable and good faith efforts, you determine that a Tribe or NHO may attach religious and cultural significance to historic properties in the area and the Tribe or NHO does not respond to TCNS notification within a reasonable time, you should make a reasonable effort to follow up, and must seek guidance from the Commission in the event of continued non-response or in the event of a procedural or substantive disagreement. If you determine that the Tribe or NHO is unlikely to attach religious and cultural significance to historic properties within the area, you do not need to take further action unless the Tribe or NHO indicates an interest in the proposed construction or other evidence of potential interest comes to your attention.

None

The information you provided was also forwarded to the following SHPOs in the State in which you

propose to construct and neighboring States. The information was provided to these SHPOs as a courtesy for their information and planning. You need make no effort at this time to follow up with any SHPO that does not respond to this notification. Prior to construction, you must provide the SHPO of the State in which you propose to construct (or the Tribal Historic Preservation Officer, if the project will be located on certain Tribal lands), with a Submission Packet pursuant to Section VII.A of the NPA.

7. SHPO - Cathie Matthews - Department of Arkansas Heritage - Little Rock, AR - electronic mail

8. Deputy SHPO - Ken Grunewald - Department of Arkansas Heritage - Little Rock, AR - electronic mail

9. SHPO - Katherine Slick - Historic Preservation Div, Ofc of Cultural Affairs - Santa Fe, NM - electronic mail

10. Deputy SHPO - Janet Biella - Historic Preservation Div, Ofc of Cultural Affairs - Santa Fe, NM - electronic mail

11. Deputy SHPO - Dorothy Victor - Historic Preservation Div, Ofc of Cultural Affairs - Santa Fe, NM - electronic mail

12. SHPO - Bob Blackburn - Oklahoma Historical Society - Oklahoma City, OK - regular mail

13. SHPO - Lawrence Oaks - Texas Historical Commission - Austin, TX - electronic mail and regular mail

14. Deputy SHPO - Terry Colley - Texas Historical Commission - Austin, TX - electronic mail

15. Dir Architecture Div - Stanley Graves - Texas Historical Commission - Austin, TX - electronic mail

16. Dir Antiquities Prot - James Bruseth - Texas Historical Commission - Austin, TX - electronic mail

"Exclusions" above set forth language provided by the Tribe, NHO, or SHPO. These exclusions may indicate types of tower notifications that the Tribe, NHO, or SHPO does not wish to review. TCNS automatically forwards all notifications to all Tribes, NHOs, and SHPOs that have an expressed interest in the geographic area of a proposal, as well as Tribes and NHOs that have not limited their geographic areas of interest. However, if a proposal falls within a designated exclusion, you need not expect any response and need not pursue any additional process with that Tribe, NHO, or SHPO. Exclusions may also set forth policies or procedures of a particular Tribe, NHO, or SHPO (for example, types of information that a Tribe routinely requests, or a policy that no response within 30 days indicates no

interest in participating in pre-construction review).

If you are proposing to construct a facility in the State of Alaska, you should contact Commission staff for guidance regarding your obligations in the event that Tribes do not respond to this notification within a reasonable time.

Please be advised that the FCC cannot guarantee that the contact(s) listed above opened and reviewed an electronic or regular mail notification. The following information relating to the proposed tower was forwarded to the person(s) listed above:

Notification Received: 06/02/2006
Notification ID: 16514
Tower Owner Individual or Entity Name: T-Mobile, USA
Consultant Name: Gerry R Raymond Mr

Street Address: 14113 Nambe Ave NE

Subject: Reply to Proposed Tower Structure (Notification ID #16514) - Email ID #1188267

Dear Gerry R Raymond Mr,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Tribal Historic Preservation Officer, Holly Houghten in reference to Notification ID #16514:

We have no interest in this site. However, if the Applicant discovers archaeological remains or resources during construction, the Applicant should immediately stop construction and notify the FCC and the Tribe, pursuant to 47 C.F.R Sec. 1.1312 of the Commission's rules.

For your convenience, the information you submitted for this notification is detailed below.

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Project Assistant, Lee K Wait in reference to Notification ID #16514:

At this time, the Comanche Nation has no immediate concerns or issues regarding the project; however, please keep us informed of the project progress. We also would like to receive any archaeological reports and findings for the project area.

If in the process of the project human remains or archaeological items are discovered, we request that you immediately cease the project work and notify us so that we may discuss appropriate disposition with you and the other Tribal Nations that may be affected by such discoveries.

We look forward to your reports as activities proceed. If you need to contact the NAGPRA office, you can reach us by phoning 580-355-2250 or by emailing lelainwait@hotmail.com.

Re: Proposed Telecommunications Facility (cell-tower) at 2219 North Piedras in El Paso, Texas

Dear Sir:

T-Mobile, USA has proposed installation of a wireless-telecommunications facility on private property at 2219 North Piedras Street in El Paso, Texas 79930. The location for the proposed 75-foot high monopole wireless-telecommunications facility is on private property near the southwest quadrant of the intersection of North Piedras Street and Altura Avenue. The lease area for the tower and associated equipment is an area 30 feet east-west by 20 feet north-south in the southeast corner of the Mazzo Automotive Repair property. The lease area is setback 15 feet from the edge of North Piedras Street and abuts the east-west alley that runs between N. Piedras Street and Elm Street. Associated structures will include base transceiver station (BTS) cabinets located in the lease area near the base of the tower.

Gerry Raymond, archaeological consultant, is conducting a cultural resource investigation of the project area to fulfill the responsibility of the Federal Communications Commission (FCC) to meet the requirements of the National Historic Preservation Act. The survey findings will be presented to the Texas Historical Commission for a determination of effect. A review of the Texas Historical Commission records and atlas reflects that the proposed tower is not in a National Register Historic District or site.

The FCC Nationwide Programmatic Agreement requires that we contact the local jurisdiction regarding the effect of the tower location upon cultural resources, or for any other comments or input. The City of El Paso is invited to become a consulting party pursuant to Section V. A of the Nationwide Programmatic Agreement for Review of Effects on Historic Properties, by the Federal Communications Commission dated September 2004. In addition to this request for consultation, T-Mobile will follow city zoning requirements and permitting procedures. If you have any questions, please contact Gerry Raymond at the above address.

Sincerely,

Gerry Raymond, RPA
On behalf of the FCC and T-Mobile
