**RECOMMENDATION:**

Discussion and action on the award of Solicitation No. 2008-194 for Dorbandt Street & Drainage Improvements to J & J General Contracting, Inc. for an estimated total amount of \$409,689.05.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

Work under this unit price contract is only an estimated value and will be ordered, performed, invoiced, and paid by measured quantity. The actual cost of this contract may be higher or lower than the total estimated value and will be the sum total of unit prices at the end of the contract term.

As part of the award of this contract, the City Engineer may, without further authorization from City Council, approve contract changes which are necessary for proper construction of the work and carrying out the intent of the design, which are in accordance with applicable law, and which do not make changes to the unit price and which are within the appropriate budget.

This is a low bid, unit-price contract. The Financial Services and Engineering Departments recommend award as indicated to the lowest responsive, responsible bidder.

## City of El Paso

### **DORBANDT STREET & DRAINAGE IMPROVEMENTS**

#### **Solicitation No. 2008-194**

### **Scope of Work**

#### **BASE BID I**

The Dorbandt Street & Drainage Improvement project consists of providing all labor, equipment, material and incidentals to remove existing asphalt pavement and construct a new street from Davis to Alameda.

The contractor shall remove the existing asphalt pavement as shown on the project demolition plans.

The new work consist of but not limited to: grading, cut and fill, new concrete sidewalks, ADA ramps, driveways, trench drains at sidewalks, adjustment of rolling wrought iron gates, removal and re-installation of school flasher, asphalt pavement, concrete pavement, storm drain system, drop inlets, manholes and junction boxes.

#### **BASE BID II**

Water line will consist of installation of approximately 680 LF of 8-inch C900 PVC, fire hydrants, water service, fittings, and all necessary appurtenances for the completed main or structure, including approximately 680 LF of trench safety.

#### **BASE BID III**

Sanitary Sewer line consists of the installation of approximately 461 LF of 8-inch PVC SDR35, temporary by-pass, standard manholes, extra depth for manholes, sanitary sewer services, and all necessary appurtenances for the completed main structure, including approximately 461 LF of trench safety system.

The project will be accomplished as shown below or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed, and must be completed within the indicated time frame.

- A single Notice to Proceed shall be issued for the entire project and liquidated damages shall apply at the end of the project duration.

Prior to commencement of any work contractor should submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, Traffic Control Plan, and Haul/Waste Route to an approved disposal site. Contractor shall provide written approved documentation from the owner or operator of the waste site.

The description of this scope of work, as shown above, is only a general overview of this project. Contractor shall refer to the project plans and specifications for further information.

**This is a Unit Price Project.**
