MEMORANDUM

DATE: July 5, 2011

TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager

FROM: Andrew Salloum, Planner

SUBJECT: PZST11-00004

The City Plan Commission (CPC), on May 19, 2011, voted 4-1 to recommend **APPROVAL** of the special permit application to allow for a convenience store with gas pumps as required by U-P (Union Plaza) zoning district.

The CPC found that the special permit is in conformance with the Plan for El Paso. The CPC also determined that the special permit protects the best interest, health, safety and welfare of the public in general; that the proposed use is compatible with adjacent land uses; and the special permit will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

The Planning Division received 1 letter in opposition to the request.

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on May 3, 2011. The Planning Division received 1 letter in opposition to the request (See Attachment 5, page 9).

APPLICATION DESCRIPTION

The applicant is requesting a special permit and a detailed site development plan approval to allow for a convenience store with gas pumps as required by U-P (Union Plaza) zoning district. The detailed site development plan shows a 6,074 sq. ft. convenience store with existing fueling pumps with canopies. The applicant is providing 5 parking spaces and 3 bicycle spaces. The El Paso Downtown Plan area has no parking requirement for the U-P area. Access to the subject property is from Paisano Drive and Leon Street.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of the special permit and detailed site development plan request as it meets all the requirements of 20.04.150, Detailed Site Development Plan, 20.04.320, Special Permit, and 20.10.360 (B), Union Plaza.

The Plan for El Paso –City-wide Land Use Goals

All applications for special permit and detailed site development plan shall demonstrate compliance with the following criteria:

- a. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses
- b. Goal: develop a balanced and complete community which contains a mix of land uses and densities, housing types and styles, economic development, job opportunities, educational opportunities, and outlets for social and cultural expression.
- c. Goal: protect residential areas from incompatible land uses and encroachment which may have a negative impact on the residential living environment.
- d. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city's neighborhoods.

The purpose of the U-P (Union Plaza) district is: (1) to create a unique mixed-use environment with the provision of standards and guidelines designed to encourage the preservation of existing building architecture; (2) to ensure that reconstruction of existing buildings or new construction projects is consistent with the architectural and design guidelines adopted for the Union Plaza District; and (3) to encourage a variety of commercial and residential uses that coexist in a mixed-use area.

Development Coordinating Committee Review

The DCC reviewed and discussed the application for special permit and offered no objections to the Planning Staff's recommendation for **APPROVAL**.

Engineering & Construction Management Services Department – Plan Review

Insure that rear exit is not blocked by chain link fence preventing emergency egress to the public right-of-way.

Engineering & Construction Management Service Department – Landscaping Plan

Landscaping is not required in Union Plaza District.

Engineering & Construction Management Services Department – Land Development

General Comments:

- ADA accessible Sidewalks, Wheel-chair ramp(s), and Driveway(s) will be required.*
- Grading plan and permit shall be required.*
- Storm Water Pollution Prevention Plan and/or permit required.*
- Drainage plans must be approved by the Engineering and Construction Management Department, Land Development Section.*
- Coordination with TXDOT. *(For drainage and driveways).
- The Subdivision is within Flood Zone C-“Areas of minimal flooding” – Panel # 480212 0039B, dated October 15, 1982.

* This requirement will be applied at the time of development.

Department of Transportation

Access to Paisano Drive shall be coordinated with TXDoT.

Note:

1. All existing / proposed paths of travel, accessible sidewalks, wheel chair access curb ramps and driveways within public right-of-ways shall be in compliance with current ADA /TAS rules and regulations and Current City of El Paso Design Standards for Construction.
2. Proposed corner parking spaces may cause traffic problems and blocking hazards.
3. Recommend removing one of the corner spaces to create a buffer area.

Fire Department

El Paso Fire Department has no objections.

Police Department

No objections.

Sun Metro

Sun Metro does not oppose this request.

El Paso Water Utilities

We have reviewed the special permit request above and provide the following comments:

1. EPWU-PSB does not object to this request.
2. Paisano Drive is a Texas Department of Transportation (TxDOT) right-of-way. If any water or sanitary sewer work needs to be performed within the Paisano Drive right-of-way, written permission from TxDOT will be required.

Water:

3. There is an existing 20-inch diameter water main extending along Paisano Drive fronting the southern boundary of the subject property (311 W. Paisano Drive). No direct service connections are allowed to this main as per the El Paso Water Utilities – Public Service Board Rules & Regulations.
4. There is an existing 4-inch diameter water main extending along the alley between Leon Street and Chihuahua Street fronting the eastern boundary of the subject property (311 W. Paisano Drive).
5. Previous water pressure from fire hydrant #1902 located at the southwest corner of 311 W. Paisano Drive have yielded a static pressure of 98 pounds per square inch(psi), a residual pressure of 75 (psi), and a discharge of 1,404 gallons per minute (gpm).
6. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.
7. EPWU records indicate a vacant water meter with 311 W. Paisano Drive as the service address.

Sewer:

8. There is an existing 18-inch diameter sanitary sewer main extending along Paisano Drive fronting the southern boundary of the subject property (311 W. Paisano Drive). No direct service connections are allowed to this sanitary sewer main as per the El Paso Water Utilities – Public Service Board Rules & Regulations.
9. There is an existing 24-inch diameter sanitary sewer main extending along Paisano Drive fronting the southern boundary of the subject property (311 W. Paisano Drive). No direct service connections are allowed to this sanitary sewer main as per the El Paso Water Utilities – Public Service Board Rules & Regulations.
10. There is an existing 12-inch diameter sanitary sewer main extending along the alley between Leon Street and Chihuahua Street fronting the eastern boundary of the subject property (311 W. Paisano Drive).
11. There is an existing 8-inch diameter sanitary sewer main extending along the alley between Leon Street and Chihuahua Street fronting the eastern boundary of the subject property (311 W. Paisano Drive). This line dead-ends approximately 40 feet north of the northern boundary of the subject property.

General:

12. Application for additional water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

CITY PLAN COMMISSION OPTIONS

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the special permit and detailed site development plan application:

1. Recommend approval of the application finding that the special permit and detailed site development plan is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other

criteria that the CPC identifies from the Plan.

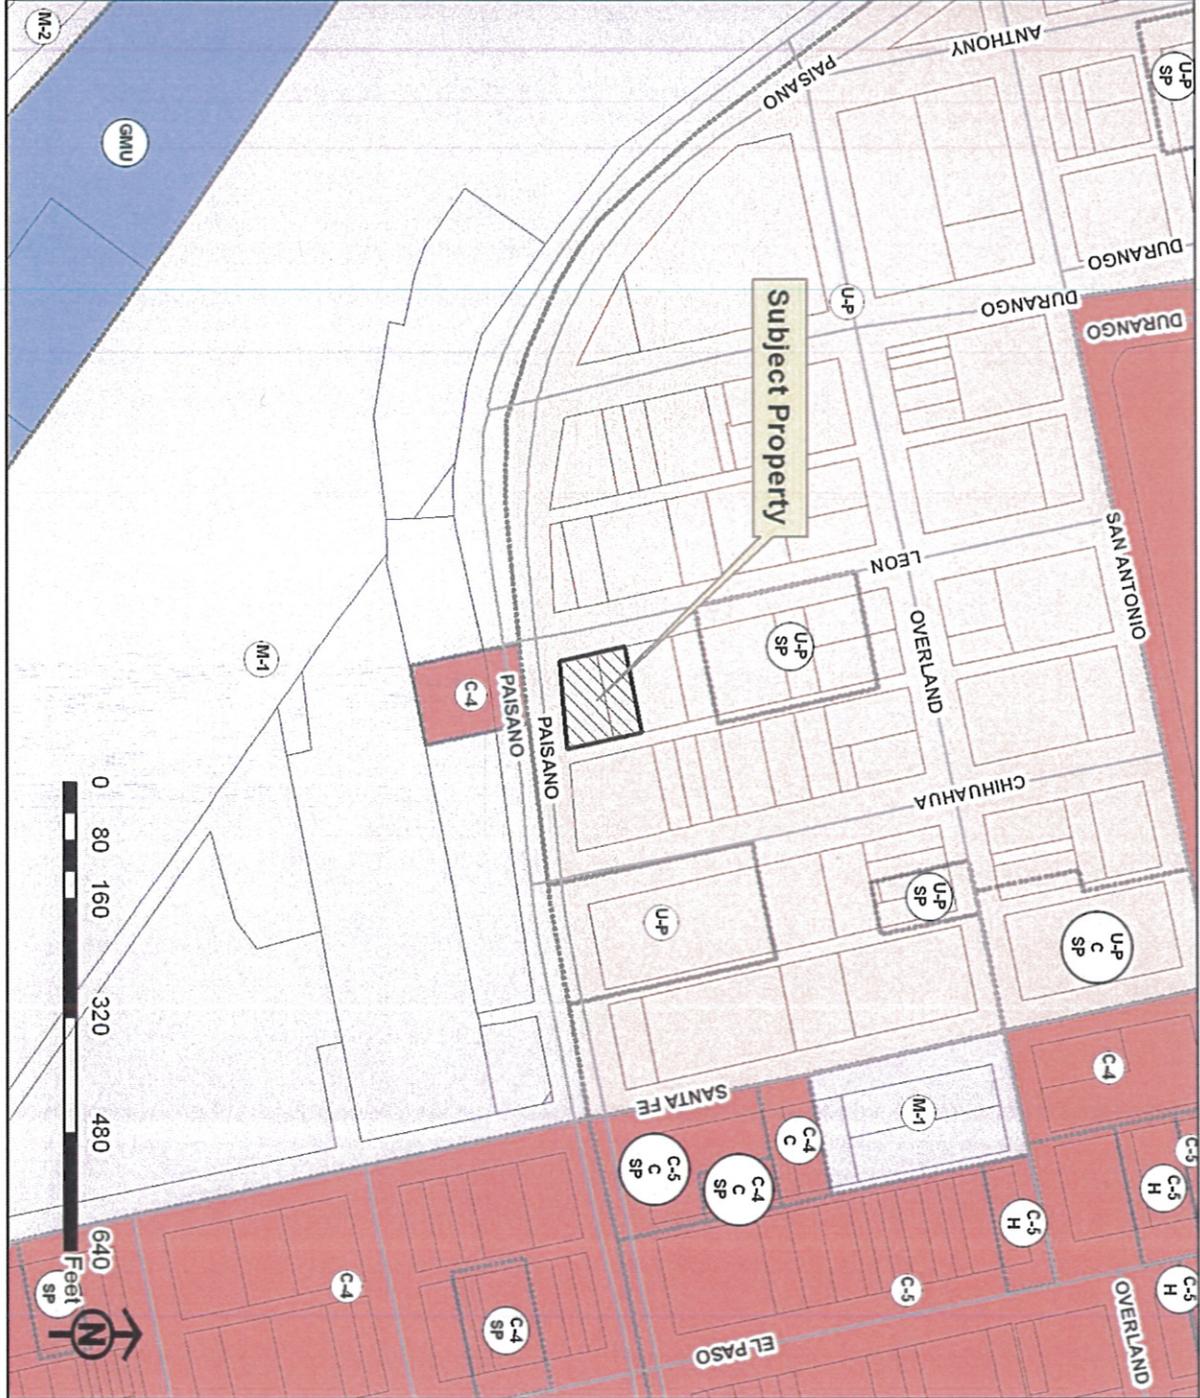

2. Recommend approval of the application with modifications to bring the special permit and detailed site development plan into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the special permit and detailed site development plan does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.

RE: CASE NO PZST11-00004

ATTN: Andrew Salloum

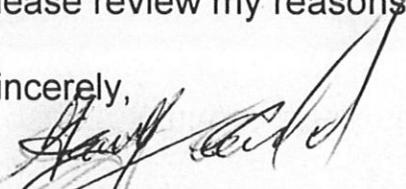

Normally I am pro business to the extreme, however, I am against this use as a fuel station for the following reasons:

Close proximity to apartments and other living quarters. Objectionable from both a safety and sound/noise issue.

Small footprint makes traffic and parking problems a true danger. With a larger parcel and solid fencing to buttress the living spaces I might have a different view.

Please review my reasons with all concerned.

Sincerely,

Gary Crossland
