Summary of Restricted Funds Management Agreement

Parties: City of El Paso and El Paso Museum of Art Foundation

Purpose: At no cost to the City, Foundation to hold, manage, and invest three special revenue funds as endowed funds for the benefit of the El Paso Museum of Art.

The funds are: (1) Olga Roderick; (2) Tom Lea; and (3) Katharine White Harvey. As of April 30, 2009, the funds were in the amount of approx. $800,000.00.

As recited in the agreement, the mutual benefit is that museums that hold larger endowments in their own or their own benefit have been found more likely to attract additional grants, funds, gifts, and volunteer services to their cause, with the benefit accruing to the City's Museum.

Section 1. Financial Management Services

- Foundation holds, manages, invests, and reinvests the restricted funds at no cost to the City, subject to the terms and conditions of the Agreement.
- The management and investment of the funds must be consistent with the City's Investment Policy, which is updated annually. The principal of the funds will be preserved, with the income or interest revenue allocated according to the Investment Policy and accounted in accordance with the reporting requirements under Section 2.
- The funds will be held as segregated accounts, identified by the donor's name for the benefit of the Museum, and treated as endowment funds.
- There are restrictions on the use and disbursement of the principal and income:
    (a) For the Olga Roderick and Tom Lea funds: the principal can only be expended for investment purposes and the income generated may only be used for the benefit of the Museum of the stated public purposes (enhance the permanent collection; restore and maintain works of art in the permanent collection excluding Kress Collection; engage and retain expert consultants, conservators, scholars, lectures to benefit staff and public and research works of art in the permanent collection; and other Museum program-based activities). The Museum Director makes funding use recommendations to either City Manager or City Council, as required by state and local laws.

    (b) For the Katharine White Harvey Fund: the principal and 20% of the income revenue generated (which must be added to the corpus) can only be expended for investment purposes. The remaining 80% of the income revenue generated shall be used to purchase capital assets, with a primary emphasis on purchasing works of art for the Museum. No more than 20% of the income generated may be spent in any given fiscal year for the purchase of capital assets for the Museum. Any portion of the 20% not spent on a given fiscal year, may be spend in the following fiscal year. The purchases must be labeled and

acknowledged as attributable to the Katharine White Harvey Fund. The Museum Director makes funding use recommendations to either City Manager or City Council, as required by state and local laws.

Section 2. Reporting Requirements and Records

- Foundation will provide to City CFO quarterly investment activity and contributions reports and reports on disbursements and income revenue generated for each fund account.
- Foundation must maintain records that provide accurate, current, separate, and complete accounting, per GAAP accounting principles.
- City or any authorized representative has right to inspection of the records with reasonable notice during reasonable business hours. Includes right to audit, examine, review and copy the records.
- Foundation must retain all records related to the funds for 5 years, per the City's retention schedule.

Section 3. Term and Termination

- The agreement can be terminated for convenience, cause or by mutual consent.
- The term is effective upon date of full execution of the agreement and remains in effect until City or the Foundation terminate by providing 90-day notice.
- The agreement terminates if the Foundation defaults on a term/condition of the agreement and fails to cure after 30 day written notice from the City. Dissolution, insolvency, and/or bankruptcy of the Foundation are automatic events of default. Termination triggers transfer of the accounts and records to the City.

Section 4. Representations

- All information, data, or reports to the City will be complete and accurate as of the date of the data or report, and not significantly changed or revised without written notice to the City.
- Foundation is financially stable and capable of fulfilling its obligations under the agreement; Foundation will provide immediate written notice of any adverse material change in its financial condition.
- To the Foundation's knowledge, no litigation or proceedings are presently pending or threatened.
- Foundation has no conflicting obligations because of other existing agreements or its authority to do business.

- No assignment without other party's written consent.
- Parties will comply with all applicable federal, state, and local laws.
- Foundation has independent contractor status
- Miscellaneous provisions (governing law, venue, notices, entire agreement, etc.)

RESTRICTED FUNDS MANAGEMENT AGREEMENT

This **AGREEMENT** is hereby made and entered into _____ day of _____, 2009 by and between the **CITY OF EL PASO** (the "City"), a Texas municipal corporation, the **EL PASO MUSEUM OF ART FOUNDATION** (the "Foundation"), a Texas 501(c)(3) non-profit support organization.

RECITALS

WHEREAS, in August 1998, the Foundation was created for the sole purpose of accumulating and disbursing charitable funds for the benefit of the El Paso Museum of Art (the "Museum"), a department of the City of El Paso; and

WHEREAS, in December 1998, the City Council adopted a Naming Policy for the Museum to provide endowment opportunities and which under its giving guidelines allows the Foundation to hold donors' gifts in trust for the benefit of the Museum with the proceeds of each gift deposited in segregated accounts identified in the donor's name for the benefit of the Museum and said gift and confirmation memorialized by written agreement by and between the City, the donor, and the Foundation as the sponsoring foundation; and

WHEREAS, prior to the Foundation's existence and to the City's adoption of the Naming Policy, the City received three significant charitable donations for the benefit of the Museum, which are currently held as restricted special revenue funds in the City's financial accounts, but are not encumbered as permanent endowments; and

WHEREAS, the City desires that said restricted funds be transferred to the Foundation to manage and invest the funds as endowment accounts with the benefits accruing to the Museum and also for the purpose of treating those gifts similarly to gifts made to the City through its current Naming Policy for the Museum; and

WHEREAS, at no cost to the City, the Foundation is willing to and has the capacity to manage and invest said restricted funds in a manner that benefits the activities of the Museum as well as accomplishes the Foundation's mission of maintaining and enhancing the Foundation's permanent endowment funds, the income from which is disbursed at least annually to the Museum in furtherance of the Museum's program activities for the benefit of the citizens of El Paso and others; and

WHEREAS, furthermore, the City and Foundation find it mutually beneficial for the Foundation to hold and manage said restricted funds because museums that hold larger endowments in their own or their own benefit have been found more likely to attract additional grants, funds, gifts, and volunteer services to their cause, thereby increasing the stature and ability of the City's Museum to enhance its collection and body of works belonging to the City.

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the City and Foundation agree as follows:

1. Financial Management Services.

(a) At no-cost to the City, the Foundation agrees to hold, manage, invest, and reinvest, the special revenue fund accounts owned by the City, specifically identified in **Exhibit "A"** (the "restricted funds") attached hereto and incorporated herein for all purposes, in accordance with and subject to the terms, restrictions, and conditions contained in this Agreement.

(b) Following the effective date of this Agreement, the City shall transfer the restricted funds to the bank account(s) of a financial institution designated by the Foundation.

(c) Upon transfer of the restricted funds, the Foundation agrees to manage and invest said funds in a manner consistent with the Investment Policy of the City of El Paso, as amended from time to time (the "Investment Policy") attached hereto as **Exhibit "B"** and incorporated herein by reference. The preservation and safety of principal shall be the foremost objectives of any investments related to the restricted funds and income or interest revenue shall be allocated in accordance with the Investment Policy and accounted for in quarterly investment activity reports and other reports to the City, as required under Section 2. The City's Investment Policy is available to the Foundation and the general public through the City's website and is updated annually.

(d) The Foundation agrees that the restricted funds shall be deposited into segregated accounts, which shall be identified in the donor's name for the benefit of the El Paso Museum of Art; that the restricted fund accounts shall be treated as an endowment fund and, with the exception of the Katharine White Harvey Fund as specifically addressed below, the following restrictions placed on the use and disbursement of the principal and income:

(ii) the income generated from the restricted funds shall be transferred to an expendable account(s) and may only be used by and disbursed for the benefit of the Museum for the following public purposes: (A) to enhance the permanent collection of the Museum through purchase of art consistent with the Museum's codified mission; (B) to restore and maintain works of art in the permanent collection (excluding the Kress Collection); (C) to engage and retain expert consultants, conservators, scholars, and lecturers to advise, educate, consult and work with the Museum to benefit both its staff and public, and to research works of art in the permanent collection; and (D) such other Museum program-based activities; and

(iii) the Director of the Museum shall make funding use recommendations, in accordance with established Museum policies and procedures to either the City Manager or City Council as required by State law and City ordinances and resolutions.

(e) the Katharine White Harvey Fund (the "KWH Fund") shall have the following restrictions placed on the use and disbursement of the principal and income of that endowed account:

(i) the principal (corpus) of the KWH Fund and twenty percent (20%) of any income revenue generated, which shall be added to the corpus of the KWH Fund, shall not be expended or disbursed from the Foundation's accounts for any other purpose other than for investment purposes as described in this Agreement and in accordance with the City's Investment Policy. The remaining eighty percent (80%) of the income revenue generated shall be used to purchase capital assets, with a primary emphasis on purchasing works of art, for the Museum; and

(ii) No more than twenty percent (20%) of the income generated shall be spent in any given fiscal year for the purchase of capital assets for the Museum. Any portion of said twenty percent (20%), which is not spent on a given fiscal year, may be spent in the following fiscal year; and

(iii) all purchases from any portion of the KWH Fund or interest earned there from, shall be acknowledged and be associated with her name in all label materials, press, and publications and all labels and acknowledgements shall read, "El Paso Museum of Art Purchase, Katharine White Harvey Fund."; and

(iv) the Director of the Museum shall make funding use recommendations, in accordance with established Museum policies and procedures to either the City Manager or City Council as required by State law and City ordinances and resolutions.

2. <u>Reporting Requirements and Records</u>.

(c) At any time and as often as the City may deem necessary, upon reasonable notice and during regular business hours, the Foundation shall make all of its records pertaining to this Agreement available to the City or any of its authorized representatives for

inspection, and shall permit the City or any of its authorized representatives to audit, examine, review, and make copies of same.

(d) The Foundation agrees to retain all books, records, documents, reports, written accounting policies and procedures and all other relevant materials with respect to the restricted funds which are the subject matter of this Agreement in accordance with the following City retention schedule: five (5) years.

3. Term and Termination.

(a) The term (the "Term") of this Agreement will begin on the date upon which both parties have fully executed this Agreement and shall remain in effect until the City or the Foundation terminates this Agreement by providing ninety (90) day notice of termination to the other party. This Agreement may also be terminated as provided herein.

(b) If the Foundation fails to comply with or to perform any term, obligation, covenant, or condition contained in this Agreement or in any related documents, and the Foundation fails to cure such failure within thirty (30) days after written notice from the City, such failure shall be deemed an event of default.

(c) The dissolution (voluntary or involuntary) or termination of the Foundation's existence, the Foundation's insolvency, appointment of receiver for any part of the Foundation's property, any assignment of all or substantially all of the assets of the Foundation for the benefit of creditors of the Foundation, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against the Foundation shall be deemed events of default.

The City of El Paso
Investment Policy

1.0 POLICY

It is the policy of the City of El Paso, Texas (the "***City***") to: (i) invest public funds in a manner which will provide maximum safety of principal and liquidity; (ii) provide the highest possible investment return; (iii) meet the daily cash flow demands of the City; and (iv) comply with the Texas Public Funds Investment Act of 1995, as may be amended ("***TPFIA***") and local statutes and resolutions governing the investment of the City's public funds. Definitions and terms contained herein are defined in Section 2256 of TPFIA.

2.0 SCOPE

The City of El Paso Investment Policy (this "***Investment Policy***") applies to all cash assets of the City as reported in the City's *Comprehensive Annual Financial Report* except for those funds of the Public Employees Retirement System (PERS) and component units which are governed by other laws, statutes, and ordinances. Except for cash in certain restricted and special funds, the City will consolidate cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration. The City's Investment Strategy is attached as Exhibit "A" and is incorporated for all applicable purposes by reference herein. Investment income will be allocated in accordance with the City's strategy for allocating interest to participating funds as set forth in Appendix "1" to Exhibit "A."

The fund types covered by this Investment Policy are accounted for in the books and records of the City and are as follows:

a. General Fund (which includes the Cash Reserve Fund);
b. Special Revenue Funds;
c. Capital Projects Funds;
d. Debt Service Fund;
e. Enterprise Funds;
f. Internal Service Funds; and
g. Fiduciary Funds.

3.0 GENERAL OBJECTIVES

The primary objectives of the City's investment activities, in order of priority, shall be as follows:

3.1 Preservation and Safety of Principal

Preservation and safety of principal are the foremost objectives of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

a. Credit risk. The City will minimize credit risk, which is the risk of loss due to the failure of the security issuer or backer, by:

   (i) limiting investments to the types of securities listed in ***Section 6.0*** of this Investment Policy;

   (ii) pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business in accordance with ***Section 5.0***; and

   (iii) diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

b. Interest rate risk. The City will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by:

   (i) structuring the investment portfolio so that securities mature in a manner that cash requirements for ongoing operations will be met, thereby avoiding the need to sell securities on the open market prior to maturity; and

   (ii) investing operating funds primarily in short-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with ***Section 9.2***.

3.2 Liquidity

The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements that might be reasonably anticipated. To a large extent, liquidity shall be determined by the flow of revenues and expenditures predicted by the Financial

Services Department using budgeted cash flow projections and historical data. These cash flow projections shall be at least one (1) year in length.

3.3 Yield

The City's investment portfolio shall be designed with the objective of attaining a rate of return / yield throughout budgetary and economic cycles, commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio. Return on investment is of secondary importance compared to the preservation and safety of principal and liquidity objectives described above. The City's core investments are limited to low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall generally be held until maturity unless otherwise deemed appropriate by the City Manager or his/her designee.

4.0 STANDARDS OF CARE

4.1 Prudence

The City's investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the safety of capital and the yield to be derived. The standard of care to be used by Investment Officers shall be said "prudent person" standard and shall be applied in the context of managing an overall portfolio and whether the investment decision was consistent with the written investment policy of the City.

4.2 Training

The Investment Officer(s) shall attend at least one (1) training session from an independent source approved by City Council or a designated investment committee advising the Investment Officer(s) as provided for in the Investment Policy of the City and containing at least ten (10) hours of instruction relating to the officer's responsibilities under Subchapter A. Authorized Investment Governmental Entities of the TPFIA. Such training session shall be taken within twelve (12) months after the Investment Officer(s) takes office or assumes duties. The Investment Officer(s) shall attend an investment training session not less than once in a two-year period and receive not less than ten (10) hours of instruction relating to investment responsibilities under Subchapter A. Authorized Investments for Governmental Entities of TPFIA from an independent source approved by the City Council or a designated investment committee advising the Investment Officer as provided for in the investment

policy of the City. This training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with Chapter 2256 of TPFIA. Similar training should be received bi-annually by all individuals involved in the investment and cash management functions for the City.

4.3 Ethics and Conflicts of Interest

Investment Officers involved in the investment process shall refrain from personal business activity that could conflict or be perceived to conflict with proper execution of the investment program, or that could impair their ability to make impartial investment decisions. An Investment Officer of an entity who has a personal business relationship with a business organization offering to engage in an investment transaction with the City shall file a statement disclosing that personal business interest. An Investment Officer who is related within the second degree by affinity or consanguinity, as determined by Chapter 573 of the Texas Government Code, to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship. A statement required under this ***Section 4.3*** must be filed with the Texas Ethics Commission and the City Council. For purposes of this ***Section 4.3***, an Investment Officer has a personal business relationship with a business if:

a. the Investment Officer owns ten percent (10%) or more of the voting stock or shares of the business organization or owns five thousand dollars ($5,000) or more of the fair market value of the business organization;

b. funds received by the Investment Officer from the business organization exceeds ten percent (10%) of the Investment Officer's gross income from the previous year; or

c. the Investment Officer has acquired from the business organization during the previous year investments with a book value of two thousand five hundred dollars ($2,500) or more for the personal account of the Investment Officer.

Investment Officers, not required by this ***Section 4.3*** to file a disclosure statement, will file a statement with the City's Ethic Review Committee announcing no potential conflicts.

4.4 Delegation of Authority

The authority to manage the City's investment program is derived from the TPFIA, the El Paso City Charter, City Ordinances and Resolutions. The Chief Financial Officer, Treasury

Services Coordinator, and Deputy City Manager for Financial and Administrative Services are designated as Investment Officers who are responsible for investment transactions; provided, however, that in the event that any or all of the positions are or becomes vacant, the persons acting in such capacity shall be designated as an Investment Officer. All investment procedures shall be in writing and approved by the Chief Financial Officer, Deputy City Manager for Financial and Administrative Services, and the City Manager.

An Investment Committee shall be responsible for monitoring, reviewing, and making recommendations regarding the City's cash management and investment program. The Investment Committee will consist of the Deputy City Manager for Financial and Administrative Services, Chief Financial Officer and the Treasury Services Coordinator. The Investment Committee will report to the City Manager on at least a quarterly basis the activities of the City's investments.

The Treasury Services Coordinator shall be responsible for the day-to-day financial transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials and staff. The Treasury Services Coordinator shall designate one or more staff as a liaison in the event circumstances require timely action and the Treasury Services Coordinator is not available. No other officers or designees may engage in an investment or banking transaction except as provided under the terms of this Investment Policy and the procedures established.

The right of collateral substitution is granted with prior approval of the Investment Officer(s).

8.0 SAFEKEEPING AND CUSTODY

8.2 Safekeeping

Securities will be held by a third party custodian designated by the Treasury Services Coordinator as evidenced by safekeeping receipts in the City's name. The safekeeping institution shall provide, annually, a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70, or SAS 70).

Diversification by investment institutions shall be determined by an analysis of yield, collateralization, investment costs, and available bidders. Diversification by types of securities and maturities may be as allowed by this Investment Policy and the TPFIA.

However, the maximum maturities for any single investment shall not exceed three (3) years. The maximum dollar-weighted average maturity for pooled investments will not exceed two (2) years.

9.3 Effect of Loss of Required Rating

This Investment Policy requires certain minimum ratings of certain investments. In the event an investment does not meet that minimum rating during the period that the investment is being held by the City, that investment does not qualify as an authorized investment. The City shall take all prudent measures that are consistent with this Investment Policy to liquidate an investment that does not have the minimum rating.

10.0 MONITORING AND REPORTING

10.1 Content of Report

The Investment Officer(s) shall submit, not less than quarterly, a report to the City Manager, Mayor and City Council, with a copy provided to the City Clerk. Said report shall:

11.0 INVESTMENT POLICY ADOPTION

This Investment Policy is intended to amend and restate the existing City investment policies. The City's Investment Policy shall be reviewed and adopted annually by resolution of the City Council. Any modifications must first be approved by the Investment Committee and City Manager;

secondly, be approved by the City's Fiscal Affairs Legislative Review Committee, and subsequently adopted by City Council.

EXHIBIT A

INVESTMENT STRATEGY

The City's investment strategy establishes the investment objectives of each of the fund types identified in the City's Investment Policy based on the needs and characteristics of each of the funds. These encompass the following criteria in order of importance:

a. understanding of the suitability of the investment to the financial requirements of the entity;

b. preservation and safety of principal;

c. liquidity;

d. marketability of the investment if the need arises to liquidate the investment before maturity;

e. diversification of the investment portfolio; and

f. yield.

The City is not in the investment business as a primary means of earning revenue. Therefore, the City will not participate in active buy / sell management of the portfolio. The Investment Officer(s) will invest for specific maturities to meet the cash needs of the City. The cash available and the cash requirements for the City will be determined on a day-to-day basis by the Financial Services Department and reported to the Investment Officer(s). Cash required within ten (10) days will be invested in overnight repurchase agreements, an approved mutual fund, or an approved investment pool in order to assure immediate liquidity. Interest earned on "overnight" investments listed above will be included in the total of interest revenue to be allocated to those primary funds having both an investable equity in pooled cash and a right to earn interest based on the City's Investment Policy. To enhance liquidity, investments will be purchased but not individually or formally associated with a specific primary fund's equity in pooled cash. Any cash in excess of immediate needs (more than 10 days) will be invested in longer term investments based on the needs and restrictions associated with specific fund's equity in pooled cash, and upon prudent consideration of current market yields and trends. Interest revenue will be allocated to those funds designated by this policy based on the allocation strategy at Appendix 1 to this Exhibit.

SPECIFIC CITY FUNDS

a. General Fund

The General Fund is the primary operating fund of the City in which most activity occurs. Cash requirements are large and immediate. Investments will be made with highly liquid instruments to mature on specific dates particularly to meet payroll requirements. These investments will most frequently be of durations of less than six (6) months. Specific investments identified as appropriate are, but not limited to, U.S Treasury bills, U.S. Treasury notes, repurchase agreements, certificates of deposit, and investments in mutual funds. Cash reserves in the General Fund are established by Section 7.4 of the City Charter and are to maintain a fund balance of sixteen million dollars ($16,000,000). The interest on this cash reserve shall be transferred to the City's Capital Acquisition Subfund that is a definable component of the Capital Project Fund. This cash reserve is also available for short-term lending to other funds of the City for periods not greater than one (1) year. For

emergency liquidity purposes, up to twenty-five percent (25%) of the cash reserve shall be in investments with maturities no greater than one (1) year. Specific investments identified as appropriate for maturities no greater than one (1) year are, but not limited to, treasury bills, treasury notes, repurchase agreements, certificates of deposits, and mutual funds. The remaining seventy-five (75%) of the fund shall be in investments with maturities greater than one (1) year. In order to maximize yield, these investments may be in treasury bonds. If funds lent from this fund earn interest in another fund, the interest shall be transferred to the cash reserve balance, then transferred to the City's Capital Acquisition Subfund.

b. Special Revenue Funds

Special Revenue Funds are used to fund special operating accounts and finance capital projects and include but are not limited to, projects funded by Federal and State grants. There will rarely be an investable equity balance in these funds. However, should the nature of the grants provide for "up front" funding and require allocation of interest income to the cash balances in the grants, specific investments identified as appropriate are the same as those identified above for the General Fund.

c. Capital Projects Funds

Capital Projects Funds are generally funded by debt instruments and other revenue sources issued or obtained by the City. Investment activity for each debt instrument may be segregated if required by law to determine if any arbitrage rebate liability may exist. Investments will be based on cash flow estimates recommended by the Deputy City Manager for Development and Infrastructure Services with the approval of the Chief Financial Officer. Based on the recommendations of the Deputy City Manager for Development and Infrastructure Services, the Chief Financial Officer will estimate cash requirements and maturities for each project. The Investment Officers will then make investments to meet the cash flow requirements for each project. Interest earnings first will be recorded in the Capital Projects Fund. If interest proceeds remain in the Capital Projects funds after the project(s) is completed, these proceeds may be transferred to the appropriate debt service project in the Debt Service Fund to extinguish the debt whose proceeds are being invested in accordance with bond covenants. Specific investments identified as appropriate are, but not limited to, treasury bills, treasury notes, repurchase agreements, certificates of deposit, mutual funds, investment pools, and treasury bonds.

d. Debt Service Funds

Debt Service Fund projects are established for each debt instrument issued by the City to record revenues and expenditures related to the extinguishment of the debt through timely payment of principal and interest. The primary source of money is from property taxes and specifically pledged revenues. Investments will have a maturity of no more than one (1) year in order to meet the periodic payments as required. Specific investments identified as appropriate are, but not limited to, investment pools, mutual funds, treasury bonds, treasury bills, and certificates of deposit.

e. Enterprise Funds

Enterprise Funds are for the operational and capital needs of the El Paso International Airport (except the Passenger Facility Charge), the Mass Transit Department (Sun Metro), the International Bridges, and Department of Solid Waste Management. Investments may be of longer maturities based on projected cash flow requirements. Specific investments identified as appropriate are, but not limited to, investment pools, mutual funds, treasury bonds, treasury bills, and certificates of deposit.

f. Internal Service Funds

Internal Service Funds are extensions of the General Fund which are to be operated with minimal cash reserves for exigencies and, therefore, should have minimal cash balances. An Internal Service Fund that accumulates and maintains a positive cash balance in excess of One Hundred Thousand Dollars ($100,000) will be allocated investment earnings.

g. Fiduciary Funds

Investments related to Fiduciary Funds will be made by the City as specified in the Fiduciary Fund's agreement, if applicable. Daily earnings on Fiduciary Funds will be credited to the General Fund to offset the cost of maintaining these funds.

h. El Paso Museum of Arts – Endowment Fund

The Endowment Fund will be funded by contributions made to the El Paso Museum of Art. These funds shall be in investments with maturities of greater than one (1) year.

APPENDIX 1 TO EXHIBIT A

Strategy for Allocating Interest to Participating Funds

ALLOCATION OVERVIEW

The process of allocating interest on pooled investments is predicated on two factors: (i) the average interest rate earned by the investment portfolio for the period; and (ii) the net equity in pooled cash a particular fiscal project enjoys for the period being allocated. "Average interest rate" is the weighted average of the stated interest rates of the investments adjusted for accretion/amortization of investments purchased at a discount/premium. "Net equity" in pooled cash is the average daily balance maintained for the period. Only those projects identified as being eligible to earn interest revenue will be considered. Once the average interest rate and net equity in pooled cash are computed, the interest allocation is computed by multiplying the two factors and dividing by 12. The interest is credited to the project by a journal entry to debit Equity in Pooled Cash and credit Investment Interest Revenue. An adjustment in the General Fund is recorded to reflect interest accrued and the difference between allocated Investment Interest Revenue and actual interest earnings received.

FISCAL PROJECTS – DISCUSSION OF ELIGIBILITY TO PARTICIPATE IN THE ALLOCATION OF INTEREST

FUND	DISCUSSION
General Fund	All components of the General Fund group earn interest. The Cash Reserve fund earnings are transferred to the Capital Acquisitions fund in the Capital Projects group.
Capital Projects	All components of the Capital Projects group earn interest if the Capital Projects have sufficient cash balances to warrant allocation. If capital projects are funded with bonded debt whose covenants require interest earnings to be transferred to the Debt Service fund, investment revenue is recorded in Capital Projects and then transferred to Debt Service.
Internal Service	Components earn interest if the fund maintains a positive cash balance in excess of One Hundred Thousand Dollars ($100,000).
Special Revenue	Only those grants with covenants requiring allocation of interest earnings are eligible. Certain Museum of Art projects are eligible.
