SUBJECT:

APPROVE a resolution / ordinance / lease to do what? **OR AUTHORIZE** the City Manager to do what? Be descriptive of what we want Council to approve. Include \$ amount if applicable.

Request that the Purchasing Manager of Financial Services, Purchasing Division be authorized to purchase two (2) 2011 Autocar ACX64 chassis from Chastang's Bayou City Autocar and two (2) F-5000 Rear load refuse body design from Heil of Texas. This purchase is being facilitated through a Texas Association of School Board (TASB) BuyBoard Contract. The Price per chassis is \$141,323 and the price per rear load refuse body is \$64,023.00. Total Award is for \$410,692.00.

BACKGROUND / DISCUSSION:

Discussion of the what, why, where, when, and how to enable Council to have reasonably complete description of the contemplated action. This should include attachment of bid tabulation, or ordinance or resolution if appropriate. What are the benefits to the City of this action? What are the citizen concerns?

The General Services - Fleet Division is recommending the award of the above bid. The city is currently in the process of replacing the old fleet through a Fleet Replacement Program. The program targets vehicles that have met their life expectancy and replacing them with vehicles that operate more efficiently, more environmentally-friendly, and at a lower cost to the city.

PRIOR COUNCIL ACTION:

Has the Council previously considered this item or a closely related one?

Yes. A similar purchase was awarded on 07/07/09.

AMOUNT AND SOURCE OF FUNDING:

How will this item be funded? Has the item been budgeted? If so, identify funding source by account numbers and description of account. Does it require a budget transfer?

Subject: BuyBoard – Contract #281-07

The General Services Department recommends utilizing the Texas Association of School Board Buyboard (TASB-Buy Board) Contract #281-07, 280-07 Purchasing Cooperative program to issue a \$2,723,905.22 purchase order to Chastang's Bayou City Autocar, Bridgeport Truck Sales, Equipment Southwest and Heil of Texas for the acquisition of twelve (12) refuse truck bodies and chassis. The following are the factors used to evaluate the use of this procurement program as the best approach:

1. Is there an urgent need for the product/service? In other words, is time of the essence?

The city is currently in the process of replacing the old fleet through a Fleet Replacement Program. The program targets vehicles that have met their life expectancy and replacing them with vehicles that operate more efficiently and produce lower emissions. The new refuse trucks would replace a models purchased starting in 2000. The life expectancy of this type of vehicle is intended to be seven years. The replacement of these units would keep the city on track with its replacement schedule.

2. Does the purchase through the Program promote the standardization of equipment?

Yes, the city currently owns 10 other Autocar Trucks truck's that have been in service since 2009. These units have been assigned to the Environmental Services Department to help them meet their mission requirements.

3. Does the purchase through the Program support local business? If not, is there a comparable product/service available locally?

Yes, this purchase does support local business, Truck Enterprise, Inc for parts and service to include warranty repairs.

4. Do the available vendors have prior work experience and/or familiarity with the City?

Yes, the city has previously purchased equipment from the recommended vendor in the past. The vendor has been responsive to the City's needs. Their product support and customer service skills have always been great.

5. Is the pricing reasonable as compared to other similar products/work performed for the City of El Paso in the past or as quoted from other companies?

Price reasonableness has been established because the cooperative purchasing agency used a competitive bidding process in the awarding of the contract.

The participation by the City of El Paso in the Texas Association of School Boards (TASB BuyBoard) was approved by Mayor and City Council on August 21, 2007.
