City of El Paso

Scope of Work

Storm 2006: Paragon Santa Fe Channel Drainage Improvements Solicitation No. 2007-229

BASE BID : **(Unit Price Schedule)**

CITY CLERK DEPT.
07 SEP 10 AM 8

Work for the **PARAGON SANTA FE CHANNEL DRAINAGE IMPROVEMENTS** comprise:

Demolition and off-site disposal of the following items: Existing channel linning, concrete flumes and ramps, storm sewer pipe outlets, rockwall, chain link fence and asphalt pavement as shown on the Project's drawings. Preparation of the proposed new concrete channel subgrade. Placement of concrete channel lining, walls, flumes, ramps and riprap; Construction of the energy dissipater structure, headwall structure and box culvert protection, grading areas outside concrete channel; Asphalt pavement and concrete curb restoration; Installation of chain link fence and gates, handrail, wrought iron gate, rock walls and rock riprap.

NOTES:

The project will be accomplished as shown below or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed, and must be completed within the indicated time frame.

- No Construction Phasing is planned for any or all of the planned improvements stated herein. A Notice-to-Proceed (NTP) shall be issued for this project and liquidated damages shall apply at the end of the project duration.

Furnish necessary vehicular and pedestrian traffic and safety control during construction operations.

Implement and maintain the Storm Water Pollution Prevention Plan.

All construction installation and practices shall meet and/or exceed City of El Paso Engineering Standards and all other applicable state and federal codes and regulations.

The description of this scope of work, as shown above, is only a general overview of this project. Contractor shall refer to the project plans, specifications and Engineering Department official for further information.

The undersigned Bidder agrees to commence work on a date to be specified in a written Notice to Proceed and to substantially complete the work on which he/she has bid within **Three Hundred (300) Consecutive Calendar Days.** Bidder agrees to pay as liquidated damages the sum of **$500.00 DOLLARS** for each consecutive calendar day thereafter as provided in paragraph 6.8 of the General Conditions of the Contract.

THIS IS A UNIT PRICE PROJECT

Storm 2006: Westside Flood Damage Improvements Phase 2
Solicitation No. 2007-231

BASE BID : **(Unit Price Schedule)**

The second phase (Phase 2) of the Westside Flood Damage Improvements project consists of improvements to the street and drainage infrastructure in the Silver Springs Drive and Silver Springs Channel area damaged during Storm 2006.

The following is a summary of Phase 2 Improvements:

1. Demolition of existing box culvert structures, wingwalls, headwalls and all other related box culvert items located under the following roadway crossings: Diamond Point Circle, Silver Springs Drive, Canyon Springs Drive and Castlerock Lane.
2. Demolition of the Silver Springs Channel from Shadow Mountain Drive to Castlerock Lane.
3. Removal and proper disposal of all debris, regardless of type, located within and around the channel/culvert structures of the project site.
4. Installation of new box culvert structures, wingwalls, headwalls and relocation of associated water and sanitary sewer line adjustments under the following roadway crossings: Diamond Point Circle, Silver Springs Drive, Canyon Springs Drive and Castlerock Lane.
5. Construction of new reinforced concrete lined channel from Shadow Mountain Drive to Castlerock Lane.
6. Construction of a desilting basin located upstream of Castlerock Lane.
7. Construction of a reclaimed water line, landscaped medians and public areas, curb and gutter, sidewalks, striping and pavement on Silver Springs Drive.

STAGE 1

1. Stage 1 construction must be completed prior to commencing any Stage 2 work. The work shall include but not limited to the following.
2. Construction limits of Silver Springs Channel between Shadow Mountain Drive and Castlerock Lane.
3. Installation of new box culvert structures under Diamond Point Circle.
4. Installation of new box culvert structures under Silver Springs Drive. Silver Springs Drive shall remain open to both vehicular and pedestrian traffic throughout the construction period. The number of lanes open during construction shall be coordinated with City Engineering.
5. Installation of new box culvert structures under Canyon Springs Drive and Castlerock Lane. Canyon Springs Drive and Castlerock Lane shall remain open to both vehicular and pedestrian traffic throughout the construction period. Relocate water and sanitary sewer lines as required.
6. Construction of the desilting basin located upstream of Castlerock Lane.

7. Installation of new sidewalk and landscaped areas.
8. Contractor shall coordinate removal of temporary transition built under the Westside Flood Damage Improvements Phase 1 with the City of El Paso and Contractor for that project.

STAGE 2

1. Construction of roadway pavement, curb and gutter landscaped medians, shall include but not be limited to the following.
2. Construction of landscaped medians, curb & gutter, pavement and reclaimed water line on Silver Springs Drive. Vehicular and pedestrian traffic shall remain open throughout the construction period. The number of lanes open during construction shall be coordinated with City Engineering.

Notes :

Prior to commencement of any work contractor shall submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, Traffic Control Plan, and Haul/Waste Route to an approved disposal site. Contractor shall provide written approved documentation from the owner or operator of the waste site.

Contractor shall coordinate with the City of El Paso on agreements for work within private property. Contractor shall abide by the agreements established for the project regarding work outside of City of El Paso property.

Furnish necessary vehicular and pedestrian traffic and safety control during construction operations.

Implement and maintain the Storm Water Pollution Prevention Plan as required by law if applicable to this project

All construction installation and practices shall meet and/or exceed City of El Paso Engineering Standards and other applicable state and federal codes and regulations.

The description of this Scope of Work as shown, is only a general overview of this project. Contractor shall refer to the project plans, specifications and Engineering Department officials for further information.

The undersigned Bidder agrees to commence work on a date to be specified in a written Notice to Proceed and to substantially complete the work on which he/she has bid within **Two Hundred Seventy (270) Consecutive Calendar Days.** Bidder agrees to pay as liquidated damages the sum of **One Thousand Dollars ($1,000.00)** for each consecutive calendar day thereafter as provided in paragraph 6.8 of the General Conditions of the Contract.

This is a Unit Price Project.

CONTRACT

CITY CLERK DEPT.
07 SEP 14 AM 9:09

THIS AGREEMENT, made this 14th. day of August, 2007 and between THE CITY OF EL PASO, County of El Paso, Texas, hereinafter called "Owner", acting herein through its City Manager, Joyce Wilson and C&C Road Construction, Inc. (a corporation,), of El Paso, COUNTY OF El Paso and STATE OF Texas, hereinafter called "Contractor".

WITNESSETH: That for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the Owner, the Contractor hereby agrees with the Owner to commence and complete the construction described as follows:

Storm 2006: Westside Flood Damage Improvements Phase 2,
Solicitation No. 2007-231

hereinafter called the "Project", for the sum of **Five Million Seven Hundred Ninety Nine Thousand One Hundred Forty Nine Dollars** and **Sixty Cents** (**$5,799,149.60**), and all extra work in connection therewith, under the terms as stated in the contract documents; and at Contractor(s) own proper cost and expense to furnish all the materials, supplies, machinery, equipment, tools, superintendence, labor, insurance and other accessories and services necessary to complete the said Project, in accordance with the conditions and prices stated in the Proposal, the General Conditions, Supplemental General Conditions and Special Conditions of the Contract, the plans, which include all maps, plats, blueprints and other drawings and printed or written explanatory matter thereof, the specifications and contract documents thereof as furnished by the CITY ENGINEER or designated representative, and as enumerated in Paragraph 1.5 of the General Conditions, all of which are made a part hereof and collectively evidence and constitute the Contract.

The Contractor hereby agrees to commence work under this Contract on a date to be specified in a written "Notice to Proceed" from the Owner, and to substantially complete the project within **Two Hundred Seventy** (**270**) consecutive calendar days thereafter. The Contractor further agrees to pay, as liquidated damages, the sum of **One Thousand Dollars** (**$1,000.00**) for each consecutive calendar day thereafter, as hereinafter provided in Paragraph 6.8 of the General Conditions. The unit price quantities of this contract are estimated.

Base Bid	**$5,799,149.60**
Total Amount of Award:	**$5,799,149.60**

CONTRACT

IN WITNESS, WHEREOF, the parties to these presents have executed this Contract on the 18 day of August, 2007 in two (2) counterparts, each of which shall be deemed an original, in the year and day first above mentioned.

City of El Paso
Scope of Work

Ojo de Agua Channel Drainage Improvements
Solicitation No. 2007-233

BASE BID I

Drainage channel improvements, erosion protection and slope stabilization measures are proposed for the Ojo de Agua channel from the entrance, located east of Via de la Paz Drive to the Thorn Dam, located just west of Lakehurst Road. Construction improvements under this contract include excavation, re-establishment of the channel lining, removal of gunite lined channel sections, selective demolition of rockwalls, rip-rap, removal and/or adjustment of fencing.

The Base Bid shall include stormwater pollution prevention measures such as stabilized construction exits, silt socks, and sediment control fencing. The Scope shall include videotaping before and after construction of improvements.

Notes:

Contractor shall coordinate all construction activity with the City of El Paso Engineering Department Inspector. Also coordinate utility line spotting within street R.O.W., private property, or easements with appropriate utility companies.

The project will be accomplished as shown in the plan drawings/specifications or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed, and must be completed within the time specified for this project in the notice to proceed.

- A Notice to Proceed shall be issued for the entire project and liquidated damages shall apply at the end of the project duration.

Prior to commencement of any work, contractor shall submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, Traffic Control Plan (where applicable), and Haul/Waste Route to an approve disposal site.

The description of this scope of work, as shown, represents a general overview of this project. Contractor shall refer to the project plans, specifications and drawing details for further information.

This is a Unit Price Project.

CONTRACT

THIS AGREEMENT, made this 9th day of August, 2007 and between THE CITY OF EL PASO, County of El Paso, Texas, hereinafter called "Owner", acting herein through its City Manager, Joyce Wilson and C & C Road Construction, Inc. (a corporation), of El Paso, COUNTY OF El Paso and STATE OF Texas, hereinafter called "Contractor".

WITNESSETH: That for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the Owner, the Contractor hereby agrees with the Owner to commence and complete the construction described as follows:

Storm 2006:Ojo de Agua Channel Drainage Improvements
Solicitation No. 2007-233

hereinafter called the "Project", for the sum of **One Million Eight Hundred Forty-Two Thousand Sixty Eight** Dollars and **Zero** Cents **($1,842,068.00)**, and all extra work in connection therewith, under the terms as stated in the contract documents; and at Contractor(s) own proper cost and expense to furnish all the materials, supplies, machinery, equipment, tools, superintendence, labor, insurance and other accessories and services necessary to complete the said Project, in accordance with the conditions and prices stated in the Proposal, the General Conditions, Supplemental General Conditions and Special Conditions of the Contract, the plans, which include all maps, plats, blueprints and other drawings and printed or written explanatory matter thereof, the specifications and contract documents thereof as furnished by the CITY ENGINEER or designated representative, and as enumerated in Paragraph 1.5 of the General Conditions, all of which are made a part hereof and collectively evidence and constitute the Contract.

The Contractor hereby agrees to commence work under this Contract on a date to be specified in a written "Notice to Proceed" from the Owner, and to substantially complete the project within **Two Hundred Forty (240)** consecutive calendar days thereafter. The Contractor further agrees to pay, as liquidated damages, the sum of **Seven Hundred Dollars ($700.00)** for each consecutive calendar day thereafter, as hereinafter provided in Paragraph 6.8 of the General Conditions. The unit price quantities of this contract are estimated.

Base Bid I **$1,842,068.00**

Total Amount of Award: **$1,842,068.00**
